To

The Secretary

to the Government of Madras,

Madras.

Department of Industries.

Sir,

I beg to submit herein enclosed my petition addressed to you through the Director of Industries, Madras and a copy of his endorsement thereon. In addition to the stated facts in that petition, I beg to add that no Intermediate student will apply for these scholarships as they have every facility in local Engineering College and guaranteed appointment after completing the course of an equal period.

Hoping that my case will receive the best attention of the Government.

I beg to remain,

Sir,

Your most obedient Servant,

M. Viswanatham.

To

The Secretary

to the Government of Madras,

Fort St. George, Madras.

Through the Director of Industries,

Madras.

Sir,

I beg to represent the following few facts for your kind perusal and consideration. I am a student appearing for the next School Final examination from Hindu High School, Triplicane. I have studied Physics and Mathematics as my optional subjects. My progress in the class is remarked to be good. Besides this I have passed Intermediate Free-hand and Outline, Intermediate Geometry and Elementary Painting in the Government Technical examinations. I have been awarded a cash prize and a certificate of merit from the Pudukota Durbar Exhibition for an Industrial map of the Presidency and for some other exhibit. I have a great desire to study Mechanical Engineering at Bombay. My finances do not permit me for doing so independent of a scholarship. I have, therefore approached the Director of Industries through my guardian to grant me a Technical scholarship to be awarded by the Government.

The Director has been pleased to inform me in his endorsement No. 46 dated — that the minimum educational qualification to appear as a candidate for the Government scholarship, is that one should have passed the Intermediate Examination in Arts.

I beg to represent that in the Calender of 1915 of the Victoria Technical Institute, Bombay it is stated that even students, who have not passed Intermediate Examination are taken by selection in an Entrance Examination. I am confident

Triplicane, Madras.

Dear Sir,

I have your petition addressed to the Government of Madras, but do not consider that any useful purpose will be served by my forwarding it. I have already addressed Government on the general question of reducing the educational qualifications and have been informed that the original qualification demanded shall be allowed to stand. If therefore sufficient number of suitable candidates with Intermediate Examination in Arts qualification are forthcoming they will be given the first preference if not your case will be considered with the rest. Should you still desire to address Government in the matter I consider that you should send your application direct. I enclose the same herewith. If you wish to address a similar letter to me I will keep it in the file for consideration when the selection is made.

Yours faithfully,

Sd/- K.T.B. Tressler.

confident enough to secure a high percent
of marks for selection into the Institute. Whether a candidate
has passed the Intermediate Examination in Arts or whether a
candidate is taken by selection in the Entrance Examination, the
courses, the candidate has to undergo are the same, the
examinations are the same and Diplomas awarded are the same.

I therefore beg to represent to the Government
that my case may be favourably considered as a special one and
that the Government will be pleased to award me with a scholar-
ship, subject to the condition that I should have it, if I am
admitted to the Institute on being selected in the Entrance
Examination.

I therefore appeal to the Government that with
a hope that the Government will be pleased to encourage me in
the study of Technical subjects. I shall submit the necessary
certificates if I am ordered.

I beg to remain,

Sir,

Your most obedient Servant.
