Enclosures.

FROM

FRANCIS DEWSBURY, Esq., B.A., LL.B.,
Registrar, University of Madras,

To

The Secretary to Government
Educational Department.

Sir,

(1) With reference to G.O. No. 267, Mis., dated 11th March 1915, sanctioning payment from the Government grant of the travelling expenses of the members of the Committee appointed to consider the regulations for Oriental Titles, I have the honour to inquire what precisely is the meaning of the concluding clause 'provided the total expenditure does not exceed the grant'.

2. The Government has hitherto met the charges connected with the inspection of colleges and the travelling expenses of Fellows and members of the Boards of Studies by special grants made from time to time on application received from the University when the amount of each such grant has been expended. These grants have varied in amount and have not had relation to any period of time.

The expenditure under these heads varies considerably according to the number and nature of inspections of colleges required and to the number of meetings held by the Senate, the Faculties, and the various Boards of Studies. The Syndicate reports to the Government annually as to the expenditure incurred under the various heads.

3. I may observe that it is not anticipated that the Committee above referred to will hold many meetings so that the cost of the travelling allowances to its members will not be heavy. In the ordinary course, however, the amount of the last grant from the Government will be wholly expended in the usual manner and application

on production
of accounts for
the grant already
sanctioned.

OFFICE NOTE.

SUBJECT.

Special grants to the University.

From

The Registrar, University of Madras, No.1497, dated
the 17th March 1915.

Register No. 1021.

Prior to 1908-09, the Government of India grant for University education included Rs.25,000 every year for administration, inspection of colleges and travelling expenses of Fellows on University business. This grant having merged in fixed annual adjustments between Imperial and Provincial revenues made under the terms of the financial settlement introduced in 1908-09, the amounts needed by the Syndicate were granted as far as Provincial funds allowed, there being no obligation to make a grant each year up to the full amount of Rs.25,000 provided in the Provincial Settlement figures. Thus the amount of Provincial grant sanctioned in each year prior to 1911-12 did not exceed Rs.15,000. Since 1911-12 a grant of Rs.20,000 is being sanctioned. But it has been stipulated that a separate account of these

grants should be maintained by the University and an annual account rendered to the Government of the utilization of these grants. Thus, on the production by the University of an account of the expenditure incurred up to the end of the preceding official year out of the grant sanctioned in that year, the grant for the succeeding year is usually being sanctioned, e.g. vide G.Os. No.861, Edl., dated the 27th September 1912, No.1171, Edl., dated the 9th December 1913, and No.1305, Edl., dated the 18th November 1914.

CF From the Registrar's letter, however, it appears that he is under the impression that the University can, whenever it likes and to any extent, apply to the Government for and obtain a grant for the purpose of meeting the charges connected with the inspection of colleges and the travelling expenses of Fellows etc. But from the foregoing notes it will be seen that this is not at all the case.

2. By the concluding clause "provided the total expenditure does not exceed that grant" in G.O.No.267,

B (I) Educational, dated the 11th March 1915, it was intended to mean that the total amount of the grant already sanctioned

A (M) by the Government in G.O.No.1305, Edl., dated the 18th November 1914 will not be enhanced during the year 1914-15 on the ground that a portion of it has been utilised for the

6
payment of travelling expenses of the members of the committee appointed by the Syndicate to consider the regulations for Oriental titles. The University is, however, free to apply to the Government, as usual, for a grant for the next official year with a statement of the accounts up to the 31st March 1915. The application will, when received, be considered on its merits.

3. A draft order is submitted for approval.
