To The Secretary to the Government of Madras,
Educational Department.

Sir,

The authorities of the S.P.G. High School, Vepery, Madras, are desirous of establishing a hostel for Hindu students in connection with their school. There is no space available within the school premises for the erection of a suitable hostel building but a house which adjoins the school can be converted into a hostel with slight alterations. The application of the Land Acquisition Act is, however, found necessary in order to acquire this property as it is

not now in the market for sale. Two alternatives were proposed for securing this building for the school:- (1) that a grant should be promised and steps taken for the acquisition of the building under ^{the} Act and (2) that Government should acquire the property and lend it to the school at a nominal rent for hostel purposes. As the management is not in a position to contribute anything towards the scheme, the second alternative is considered the better. The Collector of Madras values the site and building at Rs.11,106/- subject to verification of the value of the building by the Public Works Department. The valuation statement received from ^{him} ~~him~~ is enclosed. I have the honour, therefore, to propose for the approval of Government that the property in question be acquired and the necessary alterations made at the cost of Government and that it may then be lent to the school authorities for hostel purposes at a nominal rent.

I have the honour to be,

S i r,

In reference to your Proceedings Ref. on Cur. No. 9596/13, dated 2nd May 1914, I have the honour to ask your permission to add something in modification of my letter of 17th May 1914. I thought then that one side of the Bangalow in question might be used as Superintendent's quarters and the Bangalow extended on the ground floor to provide the necessary accommodation. I have since heard from the Rev. H.J. Edmonds who is on furlough and ^{for} whom I am temporarily acting and he wishes me to propose what will I think commend itself to Government as a much better arrangement. It would not be healthy or comfortable for a European Superintendent to live in somewhat confined and stuffy quarters very near ~~xxx~~ a number of Indian boys and Upstairs quarters will be practically a necessity. This addition would of course be a much bigger business. I have consulted the contractor who does our work for us and he says if the building would take an upper storey very good quarters for a European Superintendent could be constructed and a few necessary alterations such as the opening of windows in ^{the} west wall and the conversion of two rooms into

comprise

9 8

attached and on the other two rooms which could be thrown into one 24 x 12 and ^abig verandah about 42 ft x 8 ft which would make a very airy dormitory and a porch. ~~Then~~ there is a separate long building at present divided into three small rooms which could be turned into ~~a~~ separate dining rooms for Brahmins and Non-Brahmins and there are kitchens and godowns. The present occupier tells me the property is trust property and it is not for sale so we are asking Government to acquire it and lend it to us at a nominal rent as suggested by the Inspector in his letter R.C.No.409 M/13, dated 2nd December 1913.

With reference to your No.976 N.P.D., dated the 27th October 1914, I have the honour to inform you that I have personally inspected the building in question and find that it is quite unsuitable for conversion into an upper storey building, as the walls are of brick in mud with foundation of only 2'6". On the north side of the Hunter Road there is a building (Marked A on site plan) which is at present being used as a hostel. The walls are of good brick in chunam with 3' 3" foundations on sand. I examined the building with the Revd. H.T. Edwards and we both agreed that it is well suited to the purpose. A dining room will have to be added to the ground floor and quarters for the Superintendent can be built on a first floor with light cement-block walls.

On receipt of further orders necessary plan and estimate will be prepared.

SUBJECT. Acquisition of a building for a hostel for Hindu students in connection with the S.P.G. High School, Vepery, Madras.

From

The Director of Public Instruction

-R. on C. No. 9596/13, dated 26-6-14.

Do. " " dated 18-7-14.

The Collector of Madras, R.O.C. No. 781 B & G of '14 d/2-9-1914.

Register Nos 2034, 2337 & 2792 Edl.

The authorities of the S.P.G. High School, Vepery propose two alternatives for securing the building required by them for establishing a hostel for Hindu students in connection with their school -

(1) that a grant should be promised and steps taken to acquire the building under the Land Acquisition Act; or
(2) that ^{the} Government should acquire the property and lend it to the school at a nominal rent for hostel purposes.

2. Attention is solicited to G.O. No. 397, Edl; dated 8th April 1914, in which the Government considered that in cases where in view of exceptional circumstances, full grants towards the cost of school buildings, hostels and students' boarding houses are sanctioned, the Gov-

ernment

21 19

2.

Government should retain a perpetual lien on the building. The Government solicitor, however, pointed out that a perpetual lien would be a clog on the equity of redemption and therefore illegal and suggested that an ordinary mortgage deed would do in such cases, but the money paid would be no grant, being in fact a loan on security. The Government thereupon approved the D.P.I.'s recommendation that the procedure to be adopted in respect of each case, in which full grants were paid, should be decided on its merits.

In the present case, as the management of the school is not in a position to contribute anything towards the scheme, the D.P.I. considers that the second alternative mentioned in paragraph 1 above is better. It is submitted that the D.P.I.'s proposal may be accepted and the building acquired by Government and then, after making necessary alterations ^(at Govt expense) lent to the school authorities for hostel purposes, at a nominal rent, on the understanding that the charges for maintenance and repairs should be borne by the management.

3. The next question for consideration is how the property should be secured. The Collector of Madras

Madras who was asked to report on the question considers that the school cannot secure a valid and clear title to the property otherwise than through the application of the Land Acquisition Act. 4. The correspondent of the school has suggested certain alterations to be made in the building. The Director of Public Instruction states that steps will be taken in accordance with the rules appertaining thereto, to have the necessary alterations made after the building is acquired by Government.

5. Before orders are issued sanctioning the acquisition of the property (it) seems desirable to know the total approximate value of the building and the cost of (it) conversion into a hostel. The proposal in the present case is that Govt. should acquire a certain building and after making the necessary alterations, hand it over to the authorities of the S. P. G. ^{High} School, Vepery, for use as a hostel for Hindu Students. The Executive Engineer however after personal inspection condemns the building and suggests the selection of another building. ~~and~~ This latter building is considered ^{for hostel purposes} suitable both by him and the Correspondent of the School. ~~for the purpose~~. Fresh proposals will therefore have to be submitted by the Correspondent.

2. If the D. I. should be told to inform the Correspondent accordingly the latter will surely come up with proposals for ^{the} Govt. acquiring the building selected by the Executive Engineer and handing it over to him for use as a hostel for the students. The present policy of Govt. is however to restrict building grants for hostels to one half of the cost. Such being the case, it is not likely that Govt.

the Govt will agree to acquire a building at their own cost and hand it over to the school authorities for use as a hostel.

3. In these circumstances, it is for consideration whether the D.P.I. may at once be informed that the Govt are not prepared to acquire any building at their own cost and to hand it over to the S. P. G. School, Vepery, for use as a hostel. The Director may perhaps be first consulted.

It is suggested that Government might order that they are not prepared, in view of its unsuitability, to aid in the acquisition of the proposed site & building. Nor are they prepared at present to acquire any building & lend it to the School for Hostel purposes. They will be prepared, however, to consider favourably.

A draft order in accordance with the D.P.'s suggestions is submitted for approval. ~~If approved, it should be sent to the Director for acceptance.~~ The words "some portion" being indefinite, it is proposed to substitute "at least one third." As the Director has not

155
25.3.15 definitely committed himself in this case and as it would not be possible for the management to contribute the usual one-half, it is proposed that it should bear at least one-third of the ^{cost of} acquisition of suitable property. If approved, the draft may be sent to Finance for acceptance.

The Director has already stated that the management is not in a position to contribute anything towards the scheme. If the management were asked to contribute the usual one-half of the cost of acquisition of suitable property, there is no possibility of its carrying out the scheme. Its financial position appears to justify a departure from the half-grant rule, and, as the Acting Director has stated - "provided the Management agree to bear some portion of the ^{cost} thereof", it ~~is~~ is proposed that it should bear at least one-third of the cost of acquisition, so as to give it an opportunity of carrying out the scheme.

Since the D. P. J. wrote his letter dated 26/6/14 we have been definitely, I believe, that we shall not go beyond the half ^{grant} ~~cost~~ except in very rare cases? and I do not see any prospect for an approval treatment in this case. Please play this ruling

For the ruling referred to by the Secretary, please see page 3 of notes to Geo. No. 1193 Ed. of the 23-10-14 played (X). ^{It is respectfully submitted} that this ruling was already mentioned at A on page 8 ante.
