The Director of Industries,

M a d r a s.

Sir,

(V) I have the honour to acknowledge the receipt of a copy of G.O. NO. 322. Edl. dated 20th, March. 1915, dealing with the question of supplies from the British Alizarine Company to this country and of applications to the Board of Trade for the necessary licenses.

I have the honour to submit that the information upon the latter point is not sufficiently definite and request to be informed whether it is the Dyers or Importing and Distributing Firms in India who are to apply to have Alizarine shipped to them against their orders placed with the British Alizarine Company., or whether it is for the British Alizarine Company to obtain licenses to ship against orders received from any person in India who cares to order from them.

All the business with the British Alizarine Company has up to now passed through the hands of Messrs. Best & Co., who were their sole agents here, and arrangements were made with this Firm towards the end of August 1914 to place orders for increased supplies. It was suggested that the sale of

the dyestuff should be controlled so that the dyer would obtain it at or near normal rates and Messrs. Best & Co agreed to sell through their contractors or the Department of Industries at Invoice prices.

If the import business is to be taken out of their hands and thrown open, I am afraid that there will be no means of stopping speculation in the Dyestuff and the price will be much increased to the Dyer. I would suggest that the Import business be left in the hands of Messrs. Best & Co and that the method of distribution should be arranged with regard to the proportion

- a) to go ^{to} the various districts.
- b) to the individual dyers in the dyeing centres.

When it is known what supplies are to be expected.

I have the honour to be,

Sir,

Your most obedient servant,

F. Marden

Dyeing Expert to the
Government of Madras.

Re. Supply of dyes.

page 4 of file 322
20/3/15

Please see D: Marsden's letter on pages 2 & 3 of current file. From the letter of the Board of Trade to the British Alizarine Company, dated the 10th February 1915, it ~~will~~ appears that the necessary licenses for the shipment of dyes should be applied for by the company itself & not by importers from India. So long as this is, there seems to be no fear that the dyestuff will pass through ~~their~~ any other than their accredited agents (Mess Best & Co.) & the business is not likely to be thrown open. In this view, there seems no ground for the apprehension raised by D: Marsden. It does not therefore appear that any reference need be made to the India Office on this point. ~~Subject~~ ~~to appear~~ D: Marsden may perhaps be informed that the Govt presume that
