With reference to your Memorandum No. 551-1 Edl., dated 16th February 1915, I have the honour to state that the number of candidates registered for the full Matriculation Examination of the University of Madras during the last three years is as follows :

In 1913	160	candidates
1914	84	"
1915	31	"

These figures indicate that this examination is moribund and it scarcely seems worth while recommending any radical change in its subjects.

I have the honour to be,
