SENATE HOUSE,
 March 13, 1915.

F. DEWSBURY,
 Registrar.

UNIVERSITY OF MADRAS.

Report of the Syndicate upon the application from the Inspector-General of Education in Mysore for the further affiliation of the Central College, Bangalore, in Group iii (Ancient History, Modern History and Logic) of the Intermediate courses.

The Syndicate reports the following correspondence relative to this application :—

D.O. Letter No. 938, dated February 4, 1915, from the Inspector-General of Education in Mysore, to the Registrar, University of Madras.

To avoid congestion in the Physics and Chemistry sections of the Intermediate classes of the Central College, the Government of Mysore desire to apply for affiliation in History from the beginning of the next academical year (July, 1915). A formal official communication will follow.

In the meanwhile, arrangements may kindly be made for the necessary report by the Commissioner to be appointed by the University. Kindly let me know early the name of the University Commissioner and the date of his visit.

Letter No. 13348/2183, dated February 6, 1915, from the Inspector-General of Education in Mysore, to the Registrar, University of Madras.

In continuation of my D.O. letter No. 938, dated January 4, 1915, I have the honour to inform you that the Government of Mysore are desirous of further affiliating the Central College at Bangalore to the University in Group iii of the Intermediate Arts course consisting of (a) Ancient History, (b) Modern History and (c) Logic from the beginning of the next academical year (July, 1915). For the past two or three years the number of pupils seeking admission into the Intermediate classes of all Arts Colleges under the control of the University has, as is well known, considerably increased and in the colleges maintained by the Mysore State also, temporary arrangements have had to be made with the approval of the University to admit into the Science sections of the Intermediate classes in the Central College a larger number than was originally intended. It is found that in the coming year also there will be a rush of students and that it is undesirable to admit more than a stipulated number to the Science sections, as they

cannot all be easily accommodated in the laboratory for practical work. It is to obviate this difficulty and at the same time to create some convenience to the large number of students found to be wandering from college to college and clamouring for admission that the Mysore Government are desirous of opening a History section for the pupils seeking admission in the next academical year into the Intermediate classes of the Central College. For the coming academical year only one class will be opened, i.e., the Junior class, and it is expected that about forty pupils will seek admission into the History section and the Mysore Government are willing to sanction an Assistant Professor for the teaching of History and a suitable allowance for the teacher who will teach Logic. It is found that one Assistant Professor will be sufficient for the extra work to be done. In the Maharaja's College and the Maharani's College at Mysore an allowance of Rs. 30 is being paid to the teacher who teaches Logic to the pupils of the Intermediate classes and a similar arrangement will suit the Central College also. It is calculated that a library grant of Rs. 1,500 will be needed to supplement the large collection of books on History and Logic which already exist in the Central College Library and this amount the Government are also willing to sanction.

Regarding the points mentioned in paragraph (a) to (i) of section 21 (1) of the Indian Universities Act, 1904, I need hardly say that the Central College being already an affiliated institution, is in a position to satisfy all further requirements of the University.

I request that very early action may be kindly taken in the matter for any necessary preliminary report that may be needed and the necessary sanction conveyed for the proposal.

Letter No. 830, dated February 10, 1915, from the Registrar, University of Madras, to the Inspector-General of Education in Mysore, Bangalore.

With reference to your letter No. 13348/2183, dated February 6, 1915, making application for the further affiliation of the Central College, Bangalore, in Group iii (Ancient History, Modern History and Logic) of the Intermediate courses, I have the honour to inform you that the Rev. E. M. Macphail has been appointed by the Syndicate to conduct the local inquiry at the college under section 21 (2) (a) of the Indian Universities Act, 1904, and that he proposes to visit the college for the purpose on Friday, the 12th instant.

Letter No. 831, dated February 10, 1915, from the Registrar, University of Madras, to the Rev. E. M. Macphail, M.A., B.D.

I have the honour to inform you that an application has been received from the Inspector-General of Education in Mysore for the further affiliation of the Central College, Bangalore, in Group iii (Ancient History, Modern History and Logic) of the Intermediate courses and that the Syndicate has resolved that you be requested to conduct the local inquiry at the college under section 21 (2) (a) of the Indian Universities Act, 1904, and to report thereon at the earliest possible date and that you be empowered to communicate to the management of the college the conditions upon which in your opinion the proposed affiliation might be granted and to ascertain from them how far they are prepared to comply with these conditions and to communicate to the Syndicate the result of your negotiations together with any written statement you may receive from the Management of the college.

The letter of application and papers relating thereto are forwarded to you in original.

Letter, dated February 13, 1915, from the Rev. E. M. Macphail, M.A., B.D., to the Registrar of the University of Madras.

In reply to your letter No. 831, dated February 10, 1915, with reference to the application for the further affiliation of the Central College, Bangalore, in Group iii (Ancient History, Modern History and Logic), I have the honour to report that as requested I conducted a local inquiry at the College on Friday, February 12, 1915. I first of all had an interview with Mr. Shama Rao, the Inspector-General of Education in Mysore, and Mr. Tait, the Principal of the Central College. I then inspected the class rooms and examined the time-table and the library catalogue. As I was empowered by the Syndicate to communicate to the Management of the college the conditions upon which in my opinion the proposed affiliation might be granted and to ascertain from them how far they were prepared to comply with these conditions, I wrote to the Inspector-General of Education stating these conditions, and I have received a letter from him stating that he had consulted the Diwan on the subject and was authorized to accept them. I have the honour therefore to state that in my opinion the affiliation asked for may be granted.

The arrangements I proposed were the following:—

(1) *Staff*.—(a) That an Assistant Professor for History, duly qualified, should be appointed at once, and that Logic should be taught during the academic year 1915-16 by a duly qualified member of the present staff: (b) that when the second year class is opened, an additional assistant, duly qualified for the particular work he may be given to do, should be appointed.

(2) *Equipment*.—(a) That as the college now possesses no maps, a sum of Rs. 500 should be granted for the purchase of maps and atlases in addition to the sum of Rs. 1,500 which the management offers to give for the purchase of books: (b) that a recurring grant of Rs. 300 per annum should be made for the purchase of books for the History Library.

(3) *Accommodation*.—I have informed the management that, while I consider the accommodation proposed suitable in the meantime, it is desirable, in my opinion, that they should contemplate the provision in the near future of separate accommodation for History students, in which provision should be made not only for class rooms but also for a room for library work. The Inspector-General has informed me that the matter is under contemplation.

In view of the great pressure for admission to the Intermediate Science classes I suggested to the Management that they might take this opportunity of obtaining regular permission to admit a larger number of students to the Senior Intermediate class. The Inspector-General has informed me that he will address you on the subject.

Letter, dated February 12, 1915, from the Rev. E. M. Macphail, M.A., B.D., to the Inspector-General of Education in Mysore, Bangalore.

In connection with your application for the affiliation of the Central College, Bangalore, in group iii (Ancient History, Modern History and Logic), I have the honour to inform you that I have been empowered by the Syndicate to communicate to the Management of the college the conditions upon which, in my opinion, the proposed affiliation might be granted and to ascertain from them how far they are prepared to comply with these conditions.

As the college is already affiliated the only points to which I shall refer are those connected with your request for affiliation in Group iii.

(1) *Staff*.—The arrangements suggested in the conversation I had with you and Mr. Tait this morning are, I consider, satisfactory. They are as follows: (a) That an Assistant Professor for History, duly qualified shall be appointed at once, and that Logic shall be taught during 1915-16 by a duly qualified member of the present staff, (b) that when the second year class is opened an additional assistant, duly qualified for the particular work he may be given to do, shall be appointed.

(2) *Accommodation*.—I have inspected the college and looked at the time-table and consider that the accommodation proposed is suitable. At the same time in the interest both of History and of the subjects usually taught in the class rooms that are to be used it is desirable that the Management should contemplate the provision in the near future of separate accommodation for Group iii. Such accommodation will be essential if at any time it is contemplated that the college should be affiliated in History and Economics for the B.A. course; and it is desirable that provision should be made not only for class rooms, but also for a room for library work.

(3) *Equipment*.—As the college possesses no maps, a grant of Rs. 500 is required for the provision of maps and atlases. For the library a sum of not less than Rs. 1,500 should be provided with an annual grant of Rs. 200.

In conclusion I would suggest that as the object of seeking affiliation in Group iii is to relieve the pressure on the Science classes the management should take this opportunity of regularizing the present state of affairs by asking that though in accordance with previous arrangements the number of students in each of the Intermediate classes was restricted to eighty, permission may now be granted for the admission of not more than 120 students to the Senior Intermediate class, the maximum for the Junior Intermediate being fixed as before at eighty.

D.O. letter, dated February 12, 1915, from the Inspector-General of Education in Mysore, Bangalore, to the Rev. E. M. Macphail, M.A., B.D.

Your kind letter of to-day. I consulted the Diwan on the subject and I am authorized to state that, as proposed, an Assistant Professor will be appointed and the work of teaching Logic will be entrusted to a duly qualified member of the staff. For the second year an additional assistant will be appointed. For the library a sum of Rs. 2,000 will be sanctioned with a recurring grant of Rs. 300 per annum.

I note your remarks regarding separate accommodation in course of time for the History section and for restricting the number of students in the Science sections of the Senior and Junior Intermediate classes to 120 and 80, respectively. Regarding accommodation, the matter as explained to you is under contemplation. Regarding the restriction of admissions to the Intermediate classes, the Registrar of the University will be addressed. In the meanwhile, I may state that the object of seeking affiliation in History for the Intermediate examination is to relieve the undue pressure on the Science sections.

I hope you are satisfied with the result of your inquiries and that the University will be pleased to grant the affiliation sought for.

The Syndicate, having considered the above local inquiry report and connected correspondence, resolved to recommend to the Senate to record its opinion that the application for affiliation may be granted by the Government.
