The resolution referred to by the Additional Member ran as follows:-

" This Council recommends that the Governor in Council be pleased to direct that the fee income of Secondary Schools for the purposes of the Grant-in-aid Code be taken to be 90 percent of the fee income calculated according to standard rates."

It was not formally moved at the meeting. In speaking on this resolution H.E. the Governor observed

" It was stated - I think in March this year by the Hon. Mr. Stone that it has always been customary, when any important revision of the Grant-in-aid Code takes place, that it should be placed before a conference of representatives of those interested, and that is the procedure which it is intended to follow in this matter."

2. The D.I. has just submitted his remarks on certain resolutions in the Legislative Council referred to him. In this letter he discusses as to what if any, alterations in the Grant-in-aid Code and the Madras Educational Rules should be submitted to a joint conference of officials and non-officials. The resolution referred to in para. 1 supra is one of those

included in the present proposals. It is also reported to have been considered by the conference of inspecting officers. The conference proposed is stated to have proposed another method, viz, to take into account in the calculation of the teaching grant earned by a school, the expenditure on scholarships, provided that the scholarship scheme in vogue in the school had received the approval of the Department, which should take due care to see that scholarships were given not on account of poverty alone but on account of poverty in conjunction with marked ability. After pointing out other methods, the Director remarks

"Should Govt. not desire to take up any general revision of the Code, I see no objection to discussing Mr. Srinivasa Sastri's proposal and the alternative scheme of the Inspectors' Conference with a joint conference of officials and non-officials."

3. In answer to a question to be put at the next meeting by the Hon. Mr. K. V. Krishna Rao on the appointment of a Committee of officials and non-officials for the revision of the Grant-in-aid Code, it is proposed to inform him that the proposals for revision have just been received and that the question of the appointment of a committee will be considered when the proposals are examined.

A similar answer may be given to <sup>clause (i)</sup> of the Hon. Mr. V. S. Srinivasa Sastri's question.

4. As regards the publication in full or in part of the conclusions arrived at by the departmental conference of inspecting officers that sat at Coitacamund in June 1914 ~~referred~~ referred to in clause (ii) of the question it is submitted that this conference was held by the Director on his own initiative and no report of the proceedings thereof was separately communicated by him to the Govt. though reference is being made incidentally to the opinion of the conference in some of his letters with the letter referred to in para. 2, above, he has, however, submitted a copy of the proceedings of the conference. As the conference was an informal one, it does not seem desirable to publish any of its resolutions. The additional Member may be informed accordingly.

5. The following draft answer is submitted for approval: —

(i) The proposals ~~for~~<sup>of</sup> the D.P.I. for General of the Grant in aid Code ~~and~~<sup>and</sup> ~~has~~<sup>has</sup> ~~been~~<sup>been</sup> ~~received~~<sup>received</sup> and the ~~provision~~<sup>provision</sup> of ~~appointing~~<sup>appointing</sup> of a committee will be considered when the proposals are examined.
