GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

G.O. No. 1167, Educational, dated 8th December 1913.

ABSTRACT.—Sanctioning, subject to certain conditions, a grant not exceeding one-half of the actual cost of the expenditure nor Rs. 7,190 towards the cost of construction of a building for the George Coronation secondary school, Turumella, Tenali taluk, Guntūr district.

II

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 17th February 1915.

No.—Ref. on Cur. 7905-13.

With reference to G.O. No. 1167, Educational, dated 8th December 1913, sanctioning a grant not exceeding Rs. 7,190 towards the cost of the construction of a building for the George Coronation secondary school, Turumella, Tenali taluk, Guntūr district, the correspondent states that for reasons stated in his letter Dis. No. 193, dated 23rd November 1914 (copy enclosed), it is not possible to adopt the sanctioned rates and submits a revised estimate for Rs. 14,420 against the sanctioned estimated amount of Rs. 12,500 excluding the land compensation. The Executive Engineer, Kistna Western division, to whom the revised estimate was referred, has reduced some of the items. The estimate as modified by him comes to Rs. 14,200—vide his letter No. 1964, dated 23rd January 1915 (copy enclosed), thus involving an excess cost of Rs. 1,700 over and above the original estimate. I have the honour therefore to recommend that an additional grant not exceeding one-half of this extra cost may be sanctioned.

2. The revised and the original estimates with plans are herewith submitted.

ENCLOSURES.

(i)

Letter—from the Secretary, George Coronation Secondary School Committee, Turumella.

To—the Inspector of Schools, II Circle.

Dated—the 23rd November 1914.

No.—Dis. 193.

In submitting a revised estimate along with the sanctioned estimate and the necessary statement thereof in triplicate for constructing the new school building, I have the honour to bring the following few facts to your kind notice and for favourable consideration:—

The amount of the original estimate sanctioned in Ref. on C. No. 7905, dated 13th December 1913, of the Director of Public Instruction was only Rs. 12,500 excluding the compensation for land, but the amount of the revised estimate has come to Rs. 14,420 excluding the compensation for land.

It has been found necessary during the actual execution of the work to deviate from the sanctioned estimate in certain cases and its causes are explained in the comparative statement of differences accompanying the revised estimate.

In No. 436 K.W., dated 23rd December 1913, of the Superintending Engineer, II Circle, it is ordered that concrete should be omitted under foundations and random rubble should be provided for instead; and this has been done.

The market rates of teak wood and Mangalore tiles have been considerably raised and it is found impossible to secure materials at the rates provided in the sanctioned estimate.

The lime plaster of the adjacent buildings is seen dropping down due to the action of salts in the atmosphere. It is, therefore found essential to point with cement mortar instead of lime mortar originally proposed and sanctioned in the original estimate. A lump sum of Rs. 15 for a sunshade has been shown in the sanctioned estimate; but this has come to Rs. 37 when worked out in details owing to the recent rise in prices.

Venetian windows and doors were provided for in the sanctioned estimate. These have been omitted and pannel shutters are provided for in the revised estimate as the latter can serve as much purpose as the former.

To secure safety the windows of the library and the office room are provided with iron bars.

The work is in good progress and I, therefore, beg to request that your honour may be graciously pleased to recommend sanction of the revised estimate at an early date so that the progress of the work may not suffer for want of sanction.

(ii)

Letter—from J. B. LUTMAN, Esq., Executive Engineer, Kistna Western division.

To—the Director of Public Instruction.

Dated—Bezwada, the 23rd January 1915.

No.—1964 M.

With reference to your No. 7905, dated 16th December 1914, I have the honour to return herewith the revised drawings and estimates amounting to Rs. 14,200 as altered in this office duly checked. The rates have been altered as per current schedule of rates and nothing need be paid more than the rates now entered by this office. The amount of the estimate is thus reduced by Rs. 220.

III

Note by the Chief Engineer, Public Works Department, No. 31-D., dated 28th April 1915.

The Director of Public Instruction submits for sanction, through the Educational department, revised estimate amounting to Rs. 14,200 for constructing a building for the George Coronation secondary school at Turumella, Tenali taluk, Guntūr district.

2. The original estimate for the above building amounting to Rs. 12,500 forms part of the estimate amounting to Rs. 14,380 sanctioned in G.O. No. 1167, Educational, dated 8th December 1913.

3. The revised estimate has been examined in the Chief Engineer's office and the excess Rs. 1,700 over the amount of the original estimate is due to the following:—

	RS.
(a) Increase in rates i.e., difference between the current rates and the rates prevailing in 1913	1,525
(b) Substitution of random rubble in lime mortar instead of concrete broken stone in lime mortar	25
(c) Pointing walls with cement instead of lime mortar	71
(d) Provision of sill stones for doors and windows	79
Total ..	1,700

4. The revised estimate amounting to Rs. 14,200 is recommended for approval.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
