GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., C.I.E., F.R.H.S., Director of Public Instruction.*To*—the Secretary to Government, Educational Department (through the Accountant-General).*Dated*—the 12th December 1914.*No.*—Ref. on Cur. 8233.

I have the honour to invite a reference to G.O. Mis. No. 1125, Educational, dated 1st October last, in which the Director has been permitted to include provision in the civil budget estimate for 1915-16 for the employment of another lecturer in Physics and some additional establishment in the Government College, Kumbakonam, and to address Government in the meanwhile for the creation of the appointments. Excluding the Principal, who is a member of the Indian Educational Service, the present staff consists of five lecturers in the Provincial Educational Service in English, Mathematics, Physics, History and Philosophy and six assistant lecturers in the Subordinate Educational Service, Collegiate Branch, and it is imperative that it should be strengthened by the appointment of an additional lecturer in Physics, since it is proposed to open the class for Group II-A of the B.A. Pass Course in July 1915. I accordingly beg to request that Government will be pleased to sanction the employment, with effect from 1st July next, of an additional lecturer in the ninth class of the Provincial Educational Service on a pay of Rs. 200 per mensem. If, however, it is deemed undesirable to make any additions to that cadre at the present juncture, I would propose that the extra post on the above salary be placed outside the cadre, on the analogy of certain special lecturerships in the Teachers' College, Saidapet.

2. As regards the additional menial establishment, I beg to state that the existing scale of staff as detailed in the margin is hardly sufficient to meet the present requirements—*vide* my letter to Government read in G.O. No. 39, Educational, dated 9th January 1914, and
- | | |
|------------------------------------|--|
| 2 laboratory attenders (15), (12). | |
| 1 library attender (9). | |
| 1 attender (college office) (12). | |
| 4 peons 2 (7), 2 (6). | |

with the affiliation of the college in Group II-A of the B.A. Degree Course and with the installation of the electric plant and fittings, I consider that it will not be possible for the menial staff to cope with the additional work that will devolve on it. I accordingly request that Government will be pleased to sanction the employment of a laboratory peon on Rs. 9 per mensem and a stoker or gas maistri on Rs. 12 per mensem, without claim in each case for grain compensation allowance. Should the above proposal be accepted, the numerical strength of the menial establishment excluding the attender on Rs. 12 per mensem sanctioned for the college will be the same as that allowed for the Government College, Rajahmundry, which is affiliated in Groups I, II-A, IV, V and VI of the B.A. Degree Courses.

3. The extra expenditure which these proposals will entail will amount to Rs. 271 per mensem or Rs. 2,168 during the eight months of the next year and I beg to request that the necessary provision may be inserted in the civil budget estimate for that year now under the consideration of Government.

II

Endorsement No. G.A. 30/20961, dated 23rd December 1914.

Forwarded.

2. There is no audit objection to the proposals being sanctioned by Government.
3. The details given in respect of the present scale of the menial establishment have been verified and found to be correct. The appointment of "library attender" referred to by the Director of Public Instruction is presumably identical with that of "muchi" recorded in the registers of this office.
4. The necessary provision will be included in the estimate on receipt of orders.

P. MOHAN ROW,
Assistant Accountant-General.

To the Secretary to Government, Educational Department.

Order—No. 488, Educational, dated 5th May 1915.

The Government sanction the employment, with effect from the 1st July 1915, of an additional lecturer in Physics in the Government College, Kumbakonam, on a salary of Rs. 200 per mensem outside the Provincial Educational Service, and of a laboratory peon and a stoker or gas maistri on Rs. 9 and Rs. 12 per mensem respectively inclusive of grain compensation allowance. The charge on account of the gas maistri is debitable to contingencies.

2. This sanction has been registered as No. 39 of 1915-16.

3. A provision of Rs. 1,600 has been made in the civil budget estimate for the current year on account of the employment of the additional professor. The Director of Public Instruction will submit, if necessary, a re-appropriation statement for any additional amount that may be required.

(True Extract.)

P. RAJAGOPALA ACHARIYAR,
Secretary to Government.

To the Director of Public Instruction.

EDUCATIONAL DEPARTMENT.

From the Director of Public Instruction, dated the 12th December 1914, No. 8233.

Submitted that the proposals of the Director of Public Instruction to employ in the Government College, Kumbakōnam, an additional lecturer (for science) on Rs. 200 per mensem and a laboratory peon and a stoker or gas maistri on Rs. 9 and Rs. 12 per mensem respectively without grain compensation allowance may be approved with the concurrence of Financial. The post may perhaps for the present be outside the cadre of the Provincial Educational Service.

2. A provision of Rs. 1,600 has been inserted in the budget estimate for 1915-16 on account of the lecturer's salary. An additional sum of Rs. 568 (for eight months) will be required for the menials and other contingent charges. The Financial Department may be asked to make this additional provision.

S.A.—6-1-15.

C.R.—9-1-15.

P. RAJAGOPALA ACHARIYAR—11-1-15.

To the Financial Department.

FINANCIAL DEPARTMENT.

The extra cost involved in the proposals is set out below :—

	Cost per mensem.
(a) Appointment of a lecturer in Physical Science on Rs. 200 ...	Rs. 200
(b) Appointment of one peon on Rs. 9 and one gas maistri on Rs. 12.	21
	221
	or Rs. 2,652 per annum.

2. Item (a)—*Appointment of one lecturer on Rs. 200.*—The following points are submitted in this connection :—

(i) There is already one appointment of lecturer in Physical Science in the Kumbakōnam College, included in the Provincial Educational Service. The sanction of the Government of India to the creation of this appointment in the Provincial Educational Service was obtained in 1909 specifically with a view to providing

Vide paragraphs 4 and 7 of letter to India, 148, Educational, 13th March 1909, and G.O. 330, Educational, 5th June 1909.

of the college staff, in fact a weakening, as Hanumanta Rao, the present lecturer, is a man of marked personality and influence whose presence at Kumbakōnam is of great value apart from his science work.

I have lately been touring in Tanjore and have everywhere met with people who bitterly complained of the way in which the Kumbakōnam College has been allowed to deteriorate. I think their complaints are by no means without justification and that no effort should be spared to strengthen its staff. It ought to have a science professor with European training, but this is hardly the time to propose this formally. Meanwhile I would urge that its science staff should be made as strong as may be.

C If the Provincial Educational Service post I have asked for be given me, I shall be able to appoint to it a thoroughly competent man who is at present wasted as an Assistant Inspector—wasted I mean from the point of view of his scientific attainments.

As regards the Rajahmundry analogy it suggests, rather, that Rajahmundry has too few Provincial Educational Service lecturers than that I want too many at Kumbakōnam.

Page 8 of papers in G.O. 726, Educational, **D**
19th June 1914.

Perhaps I may remind Government of the, in my opinion, quite unanswerable attack on the present system of staffing teaching posts in colleges made in the Legislative Council by Dr. Nayar.

J. H. STONE—13-2-15.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

In his note above, the Director of Public Instruction gives his reasons for not fixing the pay of the additional lecturer in the Kumbakōnam College at Rs. 100 per mensem as suggested by Financial. He appears to have made out a case for the inclusion of the post in the Provincial Educational Service. Submitted that Financial may be requested to state whether, in the circumstances now explained by the Director, they agree to the inclusion of the post of additional lecturer in the Provincial Educational Service. The new post may be created in the ninth grade as already suggested by the Director of Public Instruction.

S.A.—16-2-15.

C.R.—16-2-15.

Will Financial please consider the matter again? The Kumbakōnam College appears to need strengthening.

P. RAJAGOPALA ACHARIYAR—18-2-15.

To the Financial Department.

FINANCIAL DEPARTMENT.

[Please see Financial notes on pages 1 to 3 *ante* and the succeeding Director of Public Instruction's and Educational notes.] The fresh grounds adduced by the Director of Public Instruction for the creation of a post on Rs. 200 instead of one on Rs. 100 in connection with the teaching of Physical Science in the Kumbakōnam College may be brought under two classes (1) Personal and (2) Administrative and are examined below:—

2. Item (1) *Personal*—(a) *Portions A and B of the Director of Public Instruction's notes*.—It is submitted that the specific sanction of the Secretary of State having been obtained to the addition of one appointment in the Provincial Educational Service in connection with the teaching of Physical Science (Physics) in the

Vide paragraphs 4 and 7 of letter to India, 148, Educational, 13th March 1909, and G.O. 330, Educational, 5th June 1909.

Kumbakōnam College, there does not appear to be sufficient justification to create now another post on the high rate of pay of Rs. 200 for the same purpose merely on personal grounds which are of a temporary nature.

(b) *Portion C of the Director of Public Instruction's note*.—Of the existing 23 posts of District Assistant Inspectors in the Presidency the incumbents of twelve appointments are members of the Provincial Educational Service* and the remaining eleven appointments are included in the cadre of Sub-Assistant Inspectors.† The Director of Public Instruction states that he will appoint as Physics lecturer of the Kumbakōnam College an officer of the Provincial Educational Service who is now doing duty as Assistant Inspector. It is submitted that this arrangement can be secured if in future one appointment in the Provincial Educational Service now open to Assistant Inspectors of Schools is allotted to lecturers in colleges, one appointment on, say, Rs. 75 being added to the cadre of Sub-Assistant Inspectors of Schools to provide for an Assistant Inspector's appointment now included in the Provincial Educational Service. Under this arrangement the Kumbakōnam College will be strengthened to the extent desired by the Director of Public Instruction and Mr. Hanumanta Rao, the present Chemistry lecturer, need not be shifted from the college.

Cf. page 2 of G.O. 35, Educational, 19th January 1909.

* Grades: Rs. 700, Rs. 600, Rs. 500, Rs. 450, Rs. 400, Rs. 350, Rs. 300, Rs. 250 and Rs. 200.

† Grades: Rs. 200, Rs. 175, Rs. 150, Rs. 125, Rs. 100 and Rs. 75.

Vide G.O. 35, Educational, 19th January 1909, and *cf.* also paragraph 2 of G.O. 831, Educational, 11th September 1912.

of Schools to provide for an Assistant Inspector's appointment now included in the Provincial Educational Service. Under this arrangement the Kumbakōnam College will be strengthened to the extent desired by the Director of Public Instruction and Mr. Hanumanta Rao, the present Chemistry lecturer, need not be shifted from the college.

3. Item (2) *Administrative*—*Portion D of the Director of Public Instruction's note at page 4 ante*.—With reference to the discussions in the Legislative Council herein referred to, attention is solicited to the note, dated 15th June 1914, on page 10 of Notes to G.O. No. 745, Educational, dated 25th June 1914. It will be seen that

‡ *Viz.*, to create a new grade with two appointments on Rs. 200 in the Subordinate Educational Service and the abolition of two appointments on Rs. 100 in that service.)

G.O. 745, Educational, 25th June 1914.

Government considered that the improvements ‡ in the pay of the members of the Subordinate Service therein decided were more than the requirements of the case called for.

4. Orders are requested whether, in these circumstances, Educational may be requested to consider the feasibility of adopting the suggestion in paragraph 2 (b) above.

T.C.N.—1-3-15.

C.P.K.—2-3-15.

If the expedient referred to in paragraph 2 (b) above can be adopted, it will give the Director of Public Instruction what he wants at a smaller cost and Education may be asked to consider it.

B. L. A. LAVILLE—5-3-15.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

With reference to the suggestion in paragraph 2 (b) of the Financial office-note above, it is submitted that the Hon'ble Mr. (now Justice) T. V. Seshagiri Ayyar moved a resolution at the meeting of the Legislative Council held on the 13th March 1913 to the effect that the nine § posts of sub-assistant inspectors doing duty as assistant inspectors should be transferred to the Provincial Educational Service and the Hon'ble Sir Alfred Bourne stated on behalf of the Government that they viewed the resolution with sympathy and were prepared to recommend it for the

§ Now eleven.

acceptance of the Government of India. No further action has been taken in this matter, as in the proposals for the reorganization of the inspecting agency now under the consideration of the Government, it is proposed to employ *inspectors* for each district in lieu of assistant inspectors; and at the same time to retain the latter who are in the Provincial Educational Service. In the face of the assurance recently given by the Government that even the sub-assistants now acting as assistant inspectors will be promoted to the Provincial Educational Service, it seems undesirable to create one more *sub-assistant* to be in charge of a district and do duty as assistant inspector, controlling other sub-assistants in the district of probably equal

Quite so.

P.R.—16-3-15.

2. Apart from personal grounds, the Director of Public Instruction strongly urges that the staff of the college should be made efficient and for this purpose he

P.R.—16-3-15.

considers that a Provincial Educational Service officer alone would be suitable in the absence of an English University officer. He has clearly pointed out that the case of Rajahmundry cannot furnish a parallel, inasmuch as, if he is allowed, he would propose the revision of the scale of that college also on these lines. The fact that in 1909 indent was made for only one officer is not of much moment now, as even Rajahmundry with similar courses has been allowed two officers for same work. Physical science course for B.A. (II-A) includes also an appreciably advanced course in Chemistry and the Intermediate course (in the Kumbakonam College) has to deal with both Chemistry and Physics. Competent officers for both the subjects seem essential. It is therefore submitted that Financial may be asked to re-consider their previous notes.

C.R.—13-3-15.

The Director of Public Instruction has, I think, made out a strong case.

P. RAJAGOPALA ACHARIYAR—16-3-15.

To the Financial Department.

FINANCIAL DEPARTMENT.

[Please see Financial notes on pages 1—5 *ante*.]

As already pointed out in this department, the proposal to create a new post on the high rate of pay of Rs. 200 has been made partly on personal grounds and partly in the interests of efficiency. The point urged in the notes in this department has been that from a financial point of view a new post on Rs. 100 or Rs. 75 would suffice in view of the circumstances existing elsewhere, and in view of the necessity for postponing for the present extra expenditure of a non-urgent character. The Educational Department, in spite of the suggestions made in this department, adhere to their original view that a post on Rs. 200 is necessary. If the post on Rs. 200 is sanctioned as proposed, the Director of Public Instruction will soon come up with proposals for a revision of the teaching staff of the Rajahmundry College. It is submitted for orders whether the proposal of Educational may be accepted in Financial.

C.P.K.—25-3-15.

What was the view expressed in Financial (Chief Secretary) with reference to the point at A in Education note on page 6 on the general re-organization file.

B. L. A. LAVILLE—28-3-15.

Attention is solicited to paragraphs 3 and 4 of the Chief Secretary's note, dated 23rd March 1915, extracted and placed below. Under the re-organization scheme, the existing 23 posts of District Assistant Inspectors as such (twelve of which are held by men of the Provincial Educational Service and eleven by members of the Sub-

Assistant Inspectors' cadre) are to be abolished. The Director of Public Instruction has remarked that this course should not lead to the abolition of twelve appointments in the Provincial Educational Service cadre, but that the twelve officers of that service who would be set free by the re-organization should do the duty of Deputy * Inspectors. The Chief Secretary has noted that a strong case does not exist for the adoption of the arrangement at X.

2. It is submitted that it does not appear that any serious administrative inconvenience will result if, pending the re-organization, the staff of District Assistant Inspectors is composed of eleven officers of the Provincial Educational Service, and twelve officers of the Sub-Assistant Inspectors' cadre, the one appointment in the Provincial Educational Service thus set free being utilised for the additional lectureship in the Kumbakonam College.

C.P.K.—1-4-15.

I agree.

A.B.—11-4-15.

I submit that Financial need not press its objections further to the creation of an additional appointment on Rs. 200 in the Kumbakonam College, but as proposals are separately under consideration for re-organizing the Inspecting Branch of the Educational Department and it is likely that the Provincial Educational Service and Subordinate Educational Service will be affected thereby, it seems desirable to sanction the new post as outside the cadre of the Provincial Educational Service as originally proposed by the Director of Public Instruction as an alternative arrangement.

I think so.

A.B.—11-4-15.

B. L. A. LAVILLE—8-4-15.

Honourable Member (Financial) should see.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
