Sir, thro' the Accountant-General.

I have the honour to submit herewith a copy of letter No. R.C. 164/15, dated 10th March 1915 from the Principal, College of Engineering, Madras, on the subject of granting halting allowance to certain members of the staff for the period of their halts in Survey camp beyond the 10 days' limit prescribed in Article 1056 of the Civil Service Regulations and to state that the Principal in his letter No. R.C.1007/14, dated 8th December 1914 copy enclosed requested that a general exemption might be granted to the members engaged in Survey camp for

drawing halting allowance beyond the 10 days' limit, at half the usual rates. The Principal was informed that individual cases would be considered at the end of the Survey camp if supported by details showing the amount of extra expense involved by the prolonged halts. The Principal has now submitted the enclosed applications from seven members of the staff and a mechanic and in the circumstances stated by him in his letter No. R.C.1007/14, dated 8th December 1914, I consider that the request is reasonable. I accordingly beg to recommend that the request of the Principal be accepted and that halting allowance at half the usual rates under article 1056 of the Civil Service Regulations be sanctioned for the periods of halt in excess of ten days. The cost is about Rs.110/-

I request that the application may be returned when no longer required.

I have the honour to be,

S i r,

Sir,

I have the honour to state that the members of the staff of this College have again represented to me the hardship they are put to in connection with the survey camp in their being allowed to draw Travelling allowance only for the first ten days according to the ordinary regulations.

2. Under the scheme adopted for the January camp, they will transfer from St. Thomas Mount to Pallavaram and Vice versa, a distance of less than 5 miles, which is not sufficient to constitute a break under the Civil Service Regulations.

3. The case for the members of the staff has been fully set forth in this office letters No. 2066-C dated 20th November 1912 and No. 2106-C dated 3rd December 1912, and I would now suggest that Government may be addressed to grant at least a general exemption to allow of their drawing Travelling allowance at half rates after the first ten days — a concession already allowed in a few special cases in previous years.

Sir,

With reference to your Proceedings Dis. No. 8388/14, dated 18th December 1914, I have the honour to submit herewith applications from the following members of the staff of this institution furnishing details of special additional expense they were put to during the period they remained in Survey Camp over the 10 days limit for which they drew halting allowance under the ordinary rules and I recommend ~~that~~ they be granted at least half the ordinary halting allowance for the extra period. The number of days is given against each name.

2. There is no audit objection to Government sanctioning ~~under~~ under article 1056 Civil Service Regulations halting allowance at half the usual rates to the members ^{of} the staff of the Engineering College for the period of their halt beyond ten days in Survey Camp.

It is however pointed out that in the case of Mr. Old and T.J. Rozario, Instrument Repairer the first three items of expenditure and in the case of supervisors and overseers, items such as, Soda, chocolate &c., and cost and conveyance of provisions do not come within the definition of 'extra' expense referred to in Item (iii) rule 8 under article 1056 in the Madras Supplement to the Civil Service Regulations.

SUBJECT.

Sanction for halting allowances beyond ten days
for the staff of the Engineering College in survey camp.

The D.P.I. requests the sanction of the
Govt. for the payment of halting allowances at
the half the usual rates to the members of the
Staff of the Engineering College for the period
of their halt beyond ten days in survey
camp. The A.C. while stating that there
is no audit objection to the proposal, points out
that some of the items of expenditure incurred
by the Staff do not come within the definition
of extra expense referred to in item (ii) in rule
8 of under art. 1056 in the Madras Supplement
to the C.S.R. Under this rule extra expense
means that which an officer would not have
incurred had he remained at headquarters.
As observed by the A.C., the cost on account of the
purchase of milk, fuel, eggs, groceries & aerated water
etc. do not come within the above definition; but
the cost is likely to be heavier in the camp than at
Madras. The extra cost on account of conveyance
of provisions from Madras cannot however, be

taken as ordinary expense. It is submitted that ^{it may be assumed that} the officers in camp are generally likely to incur heavier charges than at headquarters and that require compensation therefor. In this view the proposal to grant half rates ~~to~~ for halts beyond 10 days maybe approved. It may be noted in this connection that the Staff of the Forest College and the Students already in Govt. service are permitted to draw daily allowance at half the usual rates for all halts beyond the first ten days.

2. A draft order sanctioning the proposal is submitted for approval. The acceptance of financial is not necessary.
