There is no permanent vacancy in the Indian Educational Service except the post of Additional Professor of History for which Mr Stuk has been recommended & which is now temporarily held by Mr Candlish. Messrs Stuk, Statham & Candlish are acting in the Indian Educational Service & have a preferential claim to confirmation in that service when permanent vacancies occur.

Towards the end of June next the Professorship of Mathematics in the Presidency College will fall temporarily vacant for nine months in consequence of the absence of Mr Middleton on leave. It is proposed to fill up the vacancy by the appointment of an officer of the Provincial Educational Service to the Subordinate Service. This arrangement will be most acceptable to the men already in service. There is no vacancy in the Inspectorate.
