I

Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Educational Department.
Dated—Senate House, the 17th March 1915.
No.—1498.

In accordance with section 25 (1) of the Indian Universities Act, 1904, I have the honour, by direction, to request the sanction of the Government to the following alterations in the medical transitory regulation passed by the Senate on 31st October 1914 and sanctioned by the Government in G.O. No. 1423, Educational, dated the 14th December 1914, and which appears in Volume I of the University Calendar of 1915 as regulation 423 :—

(1) That to paragraphs (i) (b) and (i) (c) be added the following words :
 “ Provided that before being considered qualified for the L.M. & S. Degree they produce the certificates required by the regulations of having completed at some time during their course in a college of medicine affiliated to the University the necessary course of study in Materia Medica and Pharmacy and pass the examination held in these subjects according to the regulations for the L.M. & S. Degree.”

(2) That for paragraph (i) (c) be substituted the following : “ Candidates who passed the First L.M. & S. examination under the old regulations will be allowed either to proceed to the Third L.M. & S. examination and to continue their studies under the new regulations for the L.M. & S. Degree or to enter upon the courses for the Third M.B. & B.S. examination as candidates for the M.B. & B.S. Degree, on condition that, before being considered qualified for a degree they produce the certificates required by the regulations of having completed at some time during their course in a college of medicine affiliated to the University the necessary courses of study in Materia Medica and Pharmacy in the one case, or in Physics, Biology, Organic Chemistry, Chemical Physiology, Materia Medica and Pharmacy in the other case, and pass the examinations held in these subjects according to the regulations for the L.M. & S. Degree or the M.B. & B.S. Degree, respectively.”

I have to explain that these alterations are intended to provide that all candidates for medical degrees shall be required to pass the examinations held by the University in Materia Medica and Pharmacy before being qualified for such degrees. Owing to the transference of these subjects from the third to the second year course under the new regulations special provision in the case of medical students proceeding under the transitory regulation to the third year course requiring them to pass the examinations held in these subjects has been found necessary. The proposed alterations in the transitory regulation were recommended to the Senate by the Syndicate after a reference to the Board of Studies in Medicine.

Letter—from the Hon'ble Surgeon-General W. B. BANNERMAN, C.S.I., K.H.P., M.D.,
 D.Sc., I.M.S., Surgeon-General with the Government of Madras.
To—the Secretary to Government, Public Department.
Dated—the 26th April 1915.
No.—45-M/418.

In returning herewith letter No. 1498, dated 17th March 1915, from the Registrar, University of Madras, to the Secretary to Government, Educational Department, referred to me for remarks under Public endorsement No. 1808-1, dated 25th March 1915, I have the honour to state that I consulted the Principal, Medical College, Madras, in the matter, who informs me that these amendments to the transitory regulations were found to be necessary owing to the fact that the subject of Materia Medica has been overlooked and more than 70 students would have escaped examination in the subject thereby rendering their degrees unregistrable. I quite agree with his views.

Order—No. 507, Educational, dated the 11th May 1915.

Under section 25, sub-section (1), of the Indian Universities Act, 1904, the Government sanction the alterations specified in the Registrar's letter read above.
