From (Name) The Hon'ble Mr. H.S. Duncan, M.A.,
(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

With reference to para 2 of G.O.No. 478 Edl.,
No. 243/15, dated 28th April 1914, I have the honour to submit herewith copy of letter B.C.No. 218/15, dated 11th March 1915 from the Inspectress of Girls' Schools, Central Circle, reporting on the progress made by the weaving class in the Government Girls' School, Tiruchengode, Salem District, and to state that while I agree with her in thinking that the pay of the post of weaving instructor should be raised to Rs.25 per mensem in view to securing the services of a technically qualified instructor, male or female, possessing some general Education, I do not

support her proposal that the post should be made permanent so soon. I beg accordingly to recommend that the experiment be tried for a further period of one year and that the salary of the post be raised to Rs.25 per mensem with effect from 1st July next when it is proposed to replace the present instructor by a qualified person.

The proposal involves an increased cost of Rs.10 per mensem to meet which I shall submit the necessary reappropriation statement on receipt of the Civil Budget Estimate for 1915-16.

I have the honour to be,

To

The Director of Public Instruction,

Madras.

Sir,

With reference to para 2 of your Proceedings Dis. No. 2214/14, dated 6th May 1914, I have the honour to submit the following report on the progress made by the weaving class attached to the Government Girls' School, Tiruchengode, during the year 1914-15.

2. Of the 127 pupils on the rolls of the school on 31st January 1915, 41 pupils have been attending the special class during the year 1914-15. As in the previous year, the elementary principles of weaving are taught to the children of lower standards, while those in standards IV and V are taught weaving proper. All the pupils belong to the weaver class.

3. The fly shuttle looms presented by some of the residents of Tiruchengode are working in the school and the institution of this special class has, it is understood created stimulus among the local weavers with the result that they have purchased about twenty looms and are working at them to their best advantage. The parents of the girls are reported to feel grateful for the introduction of the industrial class along with the secular education imparted to the children. The present strength of this special class is sure to rise if sufficient accommodation is provided and a competent expert is entertained.

4. The expenditure during the year in the purchase of materials was Rs. 44-3-6 and the amount realised by the sale of articles made by the children was Rs. 37-0-3. There

Agnd 16/4/15

are 16 yards of check cloth in stock which is valued at Rs.2-12-0. I consider that the class has been doing satisfactory work during the year and I recommend that the post of Weaving Instructor of the Government Girls' School, Tiruchengode, be made permanent and that the pay be fixed at Rs.25 per mensem which is the minimum pay recommended by the Director of Industries, vide copy of his letter enclosed which is a reply to my request to recommend a suitable person for the post.

I have the honour to be, etc.,

In reply to your letter No. 2352/14, dated 25th January 1915, I have the honour to inform you that I could not obtain a suitable person (not even a female) for the post of Weaving Instructor on the salary you mention, Rs.15 per mensem. The minimum for a female will probably be about Rs.25 and for a superior male, Rs.20-35.

SUBJECT. Retention of the weaving instructor in the Govt. girls' School, Tiruchengode, for one year and raising his pay to Rs 25 p.m.

From the D. P. S. R.O.C. No: 1951/15 d/
The 10th April 1915

Register No. 1325 Edl:

(N) Attention is solicited to the notes with G.O. No: 307 Edl: d/ the 17th April 1913. In that G.O. the Govt: approved the proposal of the D.P.S. to appoint a weaving instructor in the Govt. girls' School, Tiruchengode, temporarily for a period of one year and asked him to submit a full report on the results of the introduction of instruction in weaving in the school in sufficient time to decide whether the post should be made permanent or not. The Director having reported that the working of the weaving class was fairly satisfactory but that it was nevertheless too soon to consider the permanent retention of the post, the Govt: sanctioned the instructor's retention

retention for one year from the 1st June 1914.

The D. P. D. now submits a report on the progress made by the weaving class during the second year of its existence and though he is not in favour of making the weaving instructor post permanent just now recommends that the experiment may be tried for another year and that the salary attached to the post may be raised to Rs 25/- p. m. with effect from the 1st July 1915 when it is proposed to replace the present instructor by a qualified person. From the report it will be observed that though there has been a fall in the strength of the school ^(from 161 to 127) during 1914-15, the strength of the weaving class has shown a slight increase - from 32 to 41. The D. P. D.'s proposal to try the experiment for one more year may, it is submitted, be approved. The proposal to ~~increase~~ raise the instructor's pay is based upon the letter from the Director of Industries on page 5 of C.F.

A draft order is submitted.

If approved, it may be sent w/o to Financial for acceptance.

I am somewhat sceptical about this, but the experiment may be tried for another year: and to give it a fair chance, the pay might rise as proposed so that a principal teacher might be secured.

to the appointment. The present instructor is in receipt of a salary of Rs 15 p.m. It is now proposed to employ a technically qualified instructor and to increase the pay of the post to Rs 25 p.m. with effect from the 1st July 1915. As the Director of Industries states that a suitable instructor cannot be obtained on the present pay, this dept. need not object to the proposal. The Educational dept. may, however, be requested to add a sentence to the draft order to the effect that the enhanced rate of pay should be allowed only to a technically qualified instructor.

We are still without the full report called for in 1913 & there were adverse opinions on this new departure when it was introduced. It is now proposed to raise the pay of the instructor & I think the Fin. should see.
