DATED 27-5-15

[Despatch Abstract.]

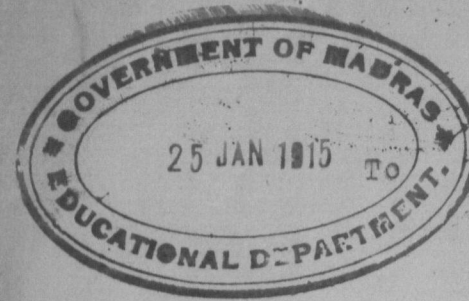

Addressing the Government of India on the sub-
 ject of the donation of Rs 21,460-00 at present
 made to the Lawrence Memorial School, Doota-
 mund on account of interest on securities
 and furnishing them with a statement of the
 financial position of the institution.

Simla, the

19th January 1915.

The SECRETARY TO THE GOVERNMENT OF MADRAS,
EDUCATIONAL DEPARTMENT.

Sir,

I am directed to address you on the subject of a donation at present made to the Lawrence Memorial School, Ootacamund, on account of interest on securities.

2. One of the items of the aggregate amount annually contributed to the institution from the Army estimates is a sum of Rs. 21,460-8-0. In July 1828, interest at 8 per cent was sanctioned by the Court of Directors on the funded property which amounts to (a) Rs. 4,40,100 invested at $3\frac{1}{2}$ per cent, and (b) Rs. 41,400 invested at 4 per cent, and the annual donation of Rs. 21,460-8-0 represents the difference between the privileged rate of 8 per cent and the interest actually yielded by the securities. In reply to a reference made to the Most Hon'ble the Secretary of State for India regarding the regularisation of certain grants, His Lordship has asked the Government of India to consider whether this grant of a guarantee of 8 per cent could not be commuted into a lump sum donation or a fixed annual grant.

3. To enable the Government of India to consider the matter I am to request that they may be favoured with a report on the present financial position of the school, and whether it will, in the opinion of His Excellency the Governor in Council, permit of the Secretary of State's suggestion being carried out and, if so, how much is considered suitable by the Local Government for the

$$\frac{4,40,100}{100} \times (8 - 3\frac{1}{2}) = 19,804\frac{1}{2}$$

$$\frac{41,400}{100} \times (8 - 4) = 1,656$$
$$21,460\frac{1}{2}$$

the purpose of

- (a) a lump sum donation or
(b) a fixed annual grant. 3

Your most obedient servant,

for Brigadier-General,
Secretary to the Government of India.

Memorandum :- No. 302-128
13.2.15

The Committee of the Lawrence

Memorial School, Ootacamund, is aware
that one of the items of the aggregate
amount actually contributed to the ins-
titution from the Army estimates is a
sum of Rs. 21,430-8-0, that in July 1928
interest at 8 per cent was sanctioned

by the Court of Directors on the funded
property amounting to (a) Rs. 4,40,000
invested at $3\frac{1}{2}$ p.c. and (b) Rs. 41,400
invested at 4 per cent. and that the
annual donation of Rs. 21,430-8-0 repre-
sents the difference between the prive-
leged rate of 8 per cent and the inter-
est actually yielded by the securities.
With a view to consider the suggestion
of the Secretary of State whether this
grant of a guarantee of 8 per cent.
could not be commuted into a lump sum.

The Accountant-General,

Sir,

I have the honour to acknowledge receipt of
Memorandum No. 302-1, Educational, dated 13th February 1915,
regarding the donation of Rs. 21,460-8-0 from Army Estimates.

2. In reply I have the honour to state that the
Committee would prefer that the annual donation should, if
commuted, be granted to the school in the form of a lump
sum, provided that the sum given should, when invested in
Government Securities by the Accountant-General, yield an
annual interest which will not be less than the donation
under consideration.

3. With regard to the present financial position
of the school the Committee acknowledge with thanks the
additional annual grant of Rs. 15,000/- received under G.O.
No. 1203 Educational, dated 28th October 1914; but at the
same time they desire to point out that Rs. 10,000/- of this

1 46

additional grant was to compensate for loss of income due to the difference between the interest on the sale proceeds of the Lawrence Asylum Press and the average annual amount received from the profits of the Press for the 5 years from 1906 to 1910.

The nett amount of additional ^{annual grant} grant thus sanctioned for the school for the last 60 years has ^{thus} been, as far as can be ascertained, only Rs.5,000/- or an average of less than Re.1/- per month per pupil.

Within the last sixty years, the prices of food and clothing have increased, the Rupee depreciated in value, salaries of the staff in all schools raised, a greater efficiency and higher standard of education demanded, and the grants-in-aid given to European Schools very largely increased: any decrease in the income of this school would thus be necessarily disastrous to its efficiency. In fact the Committee consider it essential that the salaries of many of the staff should be increased, and that a pension or generous Provident Fund sanctioned, if they are to ^{obtain} ~~attain~~ and keep the services of a reasonably qualified staff.

The Committee therefore desire to emphasize the fact that the school is in urgent need of additional funds, and that applications for increased grants have recently been submitted to Government.

Re: the donation of Rs.21,460-8-0 annually contributed from the Army estimates to the Lawrence Memorial School.

Before 1913-14, the Lawrence Memorial School at Ootacamund was in receipt of three permanent recurring grants from Imperial funds, viz.,

(a) an annual fixed grant of Rs.48,000 sanctioned in 1862;

(b) a further fixed grant of Rs.6,000 per annum sanctioned in 1907 in lieu of the capitulation and military grants originally paid to the Military Female Asylum; and

(c) an annual grant of Rs.2,400 for the Military works fund towards repairs to buildings.

2. In January 1914, the Government of India sanctioned another recurring grant of Rs.3,500 per annum which was subsequently raised by a further annual grant of Rs.11,500 with effect from the 1st April 1914. These grants were intended to meet the loss of income to the school by the

failure of the Lawrence Asylum Press and the extra cost of the reorganization of the school establishment already sanctioned.

3. The above grants having been found insufficient to meet the growing demands of the institution, the Government have in their letter No.75 Educational, dated the 25th January 1915, addressed the Government of India for a further recurring grant of Rs.6,000 to meet the cost occasioned by the urgent increase in the scale of salaries of the teachers of the school. The reply to this letter is awaited (not sanctioned)

4. The grants mentioned in the foregoing paragraphs are for the up-keep and maintenance of the school.

5. In addition to these, the Government of India have been ~~giving~~ giving donations on Government securities of Rs.21,460-8-0 and Rs.10,732-12-0 for the boys' and girls' branches of the school respectively. The present letter from the Government of India relates only to the former donation i.e. the donation in respect of the boys' branch. This donation of Rs.21,460-8-0 represents the

difference between the privileged rate of 8 per cent and the interest actually yielded by funded property amounting to Rs.4,81,500 invested in Government securities. The Secretary of State having asked the Government of India to consider whether this grant of a guarantee of 8 per cent could not be commuted into a lump sum donation or a fixed annual grant, that Government ~~asked~~ ask for a report on the present financial position of the school, and whether it will permit of the Secretary of State's suggestion being carried out, and if so, how much is considered suitable by this Government for the purpose of

(a) a lump sum donation, or

(b) a fixed annual grant.

6. In this connection, attention is solicited to paragraphs 2 and 3 of the letter to the Government of India No.553 Edl., dated the 11th June 1913, from which it will appear that ~~the~~ the financial position of the school was bad and that the normal receipts failed altogether to meet the ordinary charges. There appears also no hope of its improvement. The budget estimate of the school for

4.

for 1914-15 closes with a balance of only Rs 7809.

It would therefore appear that the finances of the institute will not admit of any reduction in its present income. As however definite information is required in regard to the present financial position of the school, it seems desirable to obtain the revised estimate figures for 1914-15 and the budget estimate for 1915-16. Submitted that the Committee of the school may therefore be requested to furnish them through the D.P.I. and the Accountant-General. A draft memorandum is submitted for approval.

The Committee of the Lawrence Memorial school, Ootacamund, furnishes the information asked for and suggests that the annual donation of Rs.21,460-8-0, should, if commuted, be granted to the school in the form of a lump sum, provided that the sum given should, when invested in Government securities, yield an — annual interest which will not be less than the donation in question.

2. Submitted that the Committee's suggestion may be accepted and the Government of India addressed. A draft letter is submitted for approval. It may perhaps be sent to Financial for acceptance.

For 14-4-15.

Please see letter from the Government of India on pages 1-2 C.F.

From the year 1828, the Lawrence Memorial School, Ootacamund is being given an annual donation (which now stands at Rs. 21,460-8-0 per annum) on account of interest on securities. This annual donation represents the difference between the privileged rate of 8 per cent and the interest actually yielded by the securities. At the instance of the Secretary of State, the Government of India now propose to consider whether this grant of a guarantee of 8 per cent could not be commuted into a lump sum donation or a fixed annual grant. They accordingly enquire how much is considered suitable by the Local Government for the purpose of

- (a) a lump sum donation, or
- (b) a fixed annual grant.

The Educational department have put up a draft letter to the Government of India.

2. Attention is solicited to the Chief Secretary's (The Hon'ble Mr. Cardew's) and the Financial Hon'ble Member's note on pages 9-10 of notes to G.O. No. 950 Educational, dated the 29th October 1912 and to page 6 of notes to G.O., No. 1459 Educational, dated the 19th December 1914. The present proposals do not in any way affect Provincial funds and the case ~~need~~ need not therefore have been sent to this department for acceptance.

The case has, however, been scrutinised and the following remarks seem called for.

3. It is respectfully submitted that in India's letter the intentions of the Secretary of State have not been clearly expressed. The object of the Secretary of State seems to be to regularise the grant i.e. to alter the nature and designation of the annual donation which is now being paid ever since 1928. In calling for a report on the present financial position of the school, the Government of India apparently wish to consider whether some reduction may be effected in the amount of the annual donation hitherto given.

In the draft letter, the Educational department point out that the financial position of the school (there is an annual deficit ^{except in 1913-14} and there are several demands to be met in the near future) will not admit of the suggestion of the Secretary of State being carried out.

It is submitted that the remark at A is not clear. The suggestion of the Secretary of State without altering the financial position may be carried out if either of the two following courses is adopted:—

(a) a lump sum donation to be given to the institution which, when invested in Government securities, would yield an interest not less than Rs. 21,460-8-0 per annum; or

(b) a fixed annual grant to be given of an amount not less than the existing donation - viz., Rs. 21,460-8-0 (i.e. the nature of the annual grant will be altered, but not the amount).

The course suggested at (b) involves a perpetual liability on Government, while that at (a) is in accordance with the policy which is being adopted

by the Government of India of discharging liabilities once for all and may therefore be commended to the Government of India.

It is for orders whether it may be suggested to the Educational department that page 4 of the draft letter may be altered as above.

4. Statement on page 2 of the draft:—

(i) The nature of the items included under "Other receipts" ^(and other charges) is not known. It may perhaps be mentioned in a footnote.

(ii) In the column "Ordinary charges" will have to be included charges on account of petty construction and repairs to buildings which are incurred every year, although the amount may vary from year to year.

(iii) The figures in the column "Surplus or Deficit" should, for present purposes, be the difference between "Ordinary receipts" (excluding extraordinary and special items of receipt) and "Ordinary charges" (excluding extraordinary and special items of charges).

(iv) In the column opposite to the item "1914-15 - Revised estimate" the non-recurring grant of Rs. 45,000 sanctioned by the Government of India has been entered both on the receipts and expenditure sides. This amount may perhaps be omitted from both sides, as the Accountant-General has since asked the school authorities to refund the amount.

5. The case may be returned to the Educational department with the foregoing remarks.

I take it that there can be no question of reducing the subvention. It has been guaranteed & must be paid. It is difficult to gather from Army ^{dept. letter} the object underlying the suggestion said to have been made by the Secretary of State. It is probable that the amount is described peculiarly in the Army dept. estimate or elsewhere, and the Secy of State has suggested calling it an ordinary annual grant, similar to other such grants, or of getting rid of it all together by handing it over a lump sum to the institution. Financial are not really concerned with the case but the remarks made in the Office ^{note} may be commended for the consideration of Educ. Dept.

Call for the following remarks:-

Para 2 on page 6 - Though the present propo-
sals do not affect Provincial funds, it was
thought that Financial might offer some useful
suggestions, the question involved in the present
~~case~~ being a purely financial one.

Para 3 on page 7 & pages 9 & 10 : The present
donation of Rs 21,460-8-0 represents the difference
between the guaranteed rate of 8 p. c. and the
interest actually yielded by the securities. If the
amount of interest actually yielded should be
reduced owing to reduction in the rate of interest,
the amount of donation will have to be corres-
pondingly increased by the Govt of India. If
the annual donation or Capitalized value thereof
is fixed once for all, this Contingency will be
avoided and this appears to be the intention of
the Sec^y of State. This is the explanation for
the remark at A, viz, that the financial position
of the School will not admit of the suggestion
of the Sec^y of State being carried out.

Para 4 on page 8 - (i) Important items have
already been explained by foot notes. It seems
unnecessary to encumber the letter with more
foot notes. A few additional notes have however
been entered.

It will be seen from the above statement that the normal receipts are not ~~not~~ sufficient to meet the ordinary charges of the institution. In this connection I am to refer you to the Hon'ble Mr. Francis' letter No. 553, dated the 11th June 1913, addressed to the Government of India in the Army Department, and my letter No. 75, dated the 25th January 1915, addressed to the Department of Education, in which the unsatisfactory financial position of the school and its growing demands have been mentioned. I am also to invite attention to the fact that notwithstanding the recurring grants amounting to Rs. 15,000 and a non-recurring grant of Rs. 45,000 sanctioned in the Hon'ble Mr. Sharp's letters No. 73, dated the 17th January 1914, No. 1564, dated the 13th October 1914, and No. 1570, dated the 14th October 1914, the Committee of the
