Intimation shall be given to the manager at time of inspection of the inspecting officer's intention to recommend a reduction of the grant together with his reasons therefor. The conference may on the other hand propose for a school an increase not exceeding 50 per cent. of its assessed grant, for the attainment of a high standard of efficiency, more especially for the introduction of any methods of teaching calculated to train the children's faculties and powers of expression and observation, proper attention to physical exercises, and generally any attempt to fit the children for their position in life.

The sanctioning authority may, with the concurrence of the Director, increase the grant in special cases where it is obvious that sufficient funds from other sources are not forthcoming; in particular, such increased grants may be made to higher elementary schools, elementary schools wherein trained teachers of secondary grade are employed and schools for girls.

The assessed grant as modified by the increase or decrease proposed by the inspecting officers assembled in conference shall be called the assigned grant.
