GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from K. T. B. TRESSLER, Esq., Acting Director of Industries.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 12th April 1915.

No.—E-46.

With reference to G.O. No. 1356, Educational, dated 2nd December 1914, I have the honour to state that W. M. Eswaraiah and Victor S. Kolandavelu who were awarded Government scholarships in the Government order quoted above have since declined them. The latter states that he does not wish to give up his course in the Engineering College and the former seems to have applied on principle and without any real expectation of getting the scholarship. Having unexpectedly got it, he does not now want it. The scholarships sanctioned on behalf of these pupils may be cancelled.

2. In response to the notification republished in the Gazette, I received fifty-three applications—ten from candidates who fulfil the general educational qualifications prescribed, twenty-two from Matriculates or Secondary School Leaving Certificate holders and twenty-one from unpassed candidates. Of the ten applicants who fulfil the general educational qualification four have submitted their applications in the proper form. These are enclosed herewith together with a schedule of their qualifications and of other particulars. Of the remaining five one declined to be trained unless Government guaranteed him employment afterwards, another, from the tone of his letter, seemed to regard the demand for a certificate of pecuniary ability as a personal insult and refused to proceed with his application. A third expressed his inability to join the Victoria Technical Institute, Bombay, this year owing to sickness and two more have not considered it worth their while submitting their applications in the proper form in spite of two reminders. At the last moment one further application was received. It is not in order.

3. As before, the bulk of the applicants have not passed the F.A. or the Intermediate examination, but I have carefully studied all the applications. They are distinctly disappointing. Ignoring educational qualifications and regarding the applications merely from the standpoint of the practical engineer, there are only one or two applications that hold out any promise whatever.

4. To be perfectly frank I consider three of the qualified candidates to be too old. None of the four possess any special qualifications. They might turn out good engineers, but their application furnishes no indications of this. To judge by the majority of the other enquiries candidates would have put in applications for the study of Chinese just as readily as for technology had there been Rs. 30 per mensem at the back of the offer.

5. There are one or two applications which from the tone and general character warrant the presumption that the candidates might do well, and, in view of the shortage of qualified men, I am submitting the names of these candidates in a supplementary schedule.

ENCLOSURES.

(1)

Schedule of qualifications, etc., of applicants for Technical scholarships.

Name and address of applicant	Age.	Religion.	Birth place and residence up-country.	School or college last attended.	Highest general educational qualification.	Languages known.	Present occupation.	Parent or guardian with whom the institute may communicate.	Has the applicant produced certificate of age and health.	Has the applicant signed the certificate of pecuniary ability.	Has the applicant produced the declaration of parent or guardian consenting to send him to Bombay.	Whether the pupil is prepared to execute the bond.	Whether the applicant has produced a certificate of good conduct.	Subject selected by the applicant.	Remarks.

The appli- cant has been asked to submit another application with the certificate wanting through his present employer.

III

Letter—from K. T. B. TRESSLER, Esq., Acting Director of Industries.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 11th/14th May 1915.
No.—E. 46.

Further to my letter No. E-46, dated 27th April 1915, submitting the application of T. K. Narayana Rao for a Government scholarship tenable in the Victoria Technical Institute, Bombay, I have the honour to state that I have since received a letter from the applicant expressing his unwillingness to accept the scholarship unless Government guaranteed him an appointment on Rs. 100 to start with at the end of his course. He has been informed that the appointment cannot be guaranteed. The scholarship on his behalf need not be sanctioned.

IV

Memorandum No. 1749-1, Educational, dated 17th May 1915.

With reference to the Director's letters No. E. 46, dated the 12th and the 27th April and the 14th May 1915, submitting the names of certain candidates for the scholarships tenable by natives of this Presidency at the Victoria Technical Institute, Bombay, the Government doubt whether any of the candidates nominated by him are likely to profit by the opportunities afforded. It would be useless to award a scholarship unless there is a reasonable certainty that the person selected will profit by it.

2. The Director of Industries is requested to examine the proposals again carefully from this point of view and report his conclusions to Government at an early date. His recommendation should be definite.

P. RAJAGOPALA ACHARIYAR,
Secretary to Government.

To the Director of Industries.

V

Letter—from K. T. B. TRESSLER, Esq., Acting Director of Industries.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 25th May 1915.
No.—E. 46.

With reference to Memorandum No. 1749-1, Educational, dated 17th May 1915, I have the honour to state that in accordance with instructions I have scrutinised the applications received for Government technical scholarships tenable in the Victoria Technical Institute, Bombay, from the engineering or practical point of view. In the first place, I have eliminated everybody over the age of 18 except those who have been engaged in some form of practical work since leaving school. I am convinced that once a man has left school and taken up a non-industrial occupation, there is little chance of his subsequently profiting by technical education.

2. Of the 59 applications received up to date, it seemed to me that five might possibly prove satisfactory and I accordingly sent round a letter to these candidates asking them certain questions and suggesting their coming and seeing me at office for a personal interview. Unfortunately the time at my disposal is very short since the term in the Victoria Technical Institute, Bombay, begins on the 15th June 1915, and I have been forced therefore to confine my selection to the applications already received. Of the five selections two have not replied although they have had ample time to do so. One who is now doing electrical work in Tinnevely and has studied up to VI form seems to me a suitable candidate. Another who has passed the Intermediate examination might do. Neither of these candidates came to see me as one is at Tinnevely and the other at Ootacamund. A third candidate came to my office. He seems keen but somewhat unintelligent.

5. Government will understand that I speak purely from personal impressions and possibly my standards are somewhat high; but to be perfectly frank there is only one of the candidates that I should be prepared to recommend, viz., T. S. Ramayya of Tinnevely. The other two, viz., M. H. Krishnaswami and K. Narayanaswami, I think, might be tried as an experiment.

4. I enclose a schedule giving particulars of the three candidates selected and request that very early orders may issue since, as I have already stated, the new term begins in three weeks' time.

[illegible]

ENCLOSURE.
Schedule.

Order—No. 585, Educational, dated 2nd June 1915.

In modification of paragraph 1 of G.O. No. 1356, Educational, dated the 2nd December 1914, the Government are pleased to award to M. H. Krishnaswami, T. S. Ramayya and K. Narayanaswami a scholarship each of the value of Rs. 30 per mensem to enable them to prosecute their studies in electrical engineering at the Victoria Technical Institute, Bombay, for a period of four years.

2. The Director of Industries will be requested to have the agreement referred to in paragraph 3 of G.O. No. 1029, Educational, dated the 1st September 1914, executed by the candidates and forward them to Government.

(True Extract.)

P. RAJAGOPALA ACHARIYAR,
Secretary to Government.

To the Director of Industries, with applications returned.

Editors' Table (paragraph 1 of order only.)

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O. No. 585, EDUCATIONAL, DATED
2ND JUNE 1915.

[SUBJECT.—*Applications for technical scholarships.*]

Letter from the Director of Industries, dated the 12th April 1915, No. E. 46.

Please see G.O. No. 1356, Educational, dated the 2nd December 1914. Both G.O. 1029, Educational, 1st September 1915. the candidates to whom scholarships were awarded in this Government order to enable them to prosecute their studies at the Victoria Technical Institute, Bombay, having failed to avail themselves of the scholarships, all the six scholarships sanctioned by Government are available for award now.

Of the ten applicants with the requisite general education qualification (either B.A. degree or the Intermediate examination) prescribed in paragraph 2 of G.O. No. 1029, Educational, dated the 1st September 1914, only four are reported to be in order and detailed information has been furnished only about them. Of the remaining six, three have practically withdrawn and details are not available about the others. Of the four above referred to, the Director of Industries says that they do not possess any special qualifications and that, though they might turn out good engineers, their applications do not indicate that. As almost all the candidates are students it may not be possible to expect them to possess any special qualifications already. The applications in these cases seem to be genuine. Mr. Tressler's objections to these candidates do not seem to be specific and strong; and in the absence of better candidates, it is submitted that all the four may be offered the scholarships.

2. As regards the other two scholarships, it does not seem to be desirable to wait for further particulars from the three *qualified* applicants who have not chosen to furnish them till now. The choice may, as a special case, be made from the supplementary schedule forwarded by Mr. Tressler. Of the ten applicants shown in this list, three have *appeared* for the Intermediate examination, which approaches as nearly as possible the prescribed minimum qualification, viz., a pass in the Intermediate examination, and of these three, full particulars are not available about one. The other two (P. G. Govindan Unnithan and P. V. Hanumanta Rao) may perhaps be selected. These candidates will have to undergo an entrance examination instituted by the institute, from which those who have *passed* the Intermediate or higher examinations are exempt. This need not, however, matter much. Twice the notification calling for applications were gazetted and it is not advisable to call for any further. The institute begins work in June and timely intimation has to be given to the Principal of the selected applications.

Cf. footnote to paragraph 15 of the calendar on page 7 of G.O. 1356, Educational, 2nd December 1914.

Page 8 of G.O. *ibid.*

P.R.—22-4-15.

C.R.—22-4-15.

Of the four applicants in the Director's list, one is a graduate, and the other three have passed the Intermediate examination of the University and have joined the B.A. class. All the four may be accepted and sent to Bombay. This would leave two scholarships unfilled. I would leave them unfilled for the present.

P. RAJAGOPALA ACHARIYAR—23-4-15.

From the Director of Industries, dated the 27th April 1915, No. E. 46.

The file containing applications for the scholarships available in the Victoria Technical Institute, Bombay, was circulated to His Excellency for orders on the 23rd April 1915 and has not come back. There are six scholarships of the value of Rs. 30 available for award. But as only four applications have been received from either graduates or under-graduates the Secretary has proposed in that file that those four candidates alone might be selected and the remaining two scholarships left unawarded.

2. As, however, the present applicant also possesses the general education qualification laid down by the Government, it is for consideration whether the fifth scholarship may be awarded to him. If it may, the file may be submitted to His Excellency for orders along with the main file which is now with him.

P.R.—5-5-15.

C.R.—5-5-15.

The fifth scholarship may be given to the applicant.

P. RAJAGOPALA ACHARIYAR—6-5-15.

As regards the proposals for awarding scholarships in these two files, it appears to His Excellency very doubtful whether any of the candidates are likely to profit by the opportunities afforded to them. He desires therefore that the Director of Industries may be asked to examine the proposals again carefully from this point of view. It appears to His Excellency to be useless to award the scholarships unless there is a reasonable certainty that the persons selected will profit by them. The Director's recommendation should be definite.

(By Order.)

H. G. STOKES—14-5-15.

A draft memorandum is submitted for approval.

P.R.—15-5-15.

C.R.—15-5-15.

P.R.—17-5-15.

[Memorandum No. 1749-1, Educational, dated the 17th May 1915.]

From the Director of Industries, dated the 25th May 1915, No. E. 46.

The Director of Industries now recommends only three candidates of whom only one (M. H. Krishnaswami) possesses the minimum education qualification prescribed by the Government. Of the remaining two candidates K. Narayanaswami has studied in the Intermediate class and T. S. Ramayya has studied only up to the VI Form. Though the qualification of the former may be accepted as it approaches as nearly as possible the minimum qualification prescribed by the Government, namely, a pass in the Intermediate examination, both of them will have to undergo an entrance examination which will be held by the institute. Mr. Tressler says that he should be prepared to recommend only T. S. Ramayya and that the other two may be tried as an experiment.

2. If the choice is to be confined only to these three cases, the applicants denoted by Nos. 2, 3 and 4 of Mr. Tressler's first list, who possess the minimum education qualification prescribed, will have to be refused the scholarship. They seem to have been omitted by the Director of Industries in his current list as they are over the age of 18, being now 23 years of age, and as they have not been engaged in practical work. It is not clear on what basis the age of 18 has been fixed by the Director as the maximum. Though the three candidates are 23 years old, one of them has passed the B.A. degree examination and the other two are still students in the B.A. class. It is for consideration whether these three applicants should be rejected and the choice confined only to the three candidates now recommended by Mr. Tressler.

P.R.—27-5-15.

C.R.—27-5-15.

I would accept Mr. Tressler's views and send (1) H. Krishnaswami, (2) K. Narayanaswami and (3) T. S. Ramayya. Only No. (1) can be sure of admission as he has passed the Intermediate. Nos. (2) and (3) have to run the gauntlet of an entrance examination held at Bombay by the Institute authorities.

P. RAJAGOPALA ACHARIYAR—28-5-15.

P[ENTLAND]—29-5-15.

A draft order is submitted for approval.

P.R.—31-5-15.

C.R.—31-5-15.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on ‡(Press Clerk).

† Copies distributed on ‡(Press Despatcher).

‡ To be initialled and dated.

[P.T.O.]

C

As the matter is clear manuscript and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.

Type may be released after usual interval.
