LEGISLATIVE DEPARTMENT.

Educational Department.

The Hon'ble Shifa-ul-Mulk T. Zain-ul-abidin Sahib.

125 Q.—Will the Government be pleased to consider the necessity of establishing at least one model school for weaving and dyeing on modern and improved methods for each group of districts which form the electoral basis for the Legislative Council?

[Meeting of 25th May 1915.]

Ed. Department.

The Additional Member apparently ~~desires~~ refers to the groups of districts for the election of members by local boards + municipal councils. There are nine such groups. Please see pages 5 of the Council Handbook. The Add. Member therefore suggests the establishment of nine schools in weaving + dyeing in the Presidency. At the last meeting of the Legislative Council the Honble Mrs. Narasimhaswami Sarma ~~also~~ asked a question suggesting the desirability of establishing a weaving school in Berhampore. The reply given was that the Govt. had sanctioned the opening of weaving classes in the Madras Technical Institute + had decided to await the results of their working before considering the question of opening a second weaving school. Reference was also made to the peripatetic weaving instruction parties touring in the Presidency. Please see ~~page~~ question + answer at page 7 of G.O. No. 469 Ed., dated the 3rd May 1915. So far as the ~~question~~ portion of the question on page 2

on page 2 ^(relating to weaving) ~~supra~~ is concerned, the answer given to the Honble Mr. Sarma would seem to apply to the present case also.

2. As regards schools for dyeing, it is submitted that for this subject also the Govt have sanctioned the opening of classes in the Madras Institute. Till last year D. Hansen held a small class in the ~~temporary~~ temporary building hired for his laboratory at Madure. When permanent buildings are constructed for the Institute ~~these classes~~ the class will be accommodated in them. Mr. Treacher has recently proposed separately that the class in dyeing should be opened in the proposed Madras Trades School ~~at Madure~~ ~~to teach the technical~~ principles of dyeing ~~at the~~ the class in Madure ^(merely) should impart ^{practical} instruction to the dyers. If this proposal is sanctioned, ~~then~~ the central class in Madras will for the present serve the need of the several districts. It does not appear that ~~any~~ classes for this

(It separately

the Madras Trades School)

for this subject can be established in other centres in the immediate future as ~~there~~ there is greater uncertainty about its success than in the case of weaving class. Thus, the remarks in regard to weaving class apply therefore with greater force to the dyeing class.

3. The following draft answer is for approval :-

"The Honourable Member is referred to the answer to clause (b) of question No. 83 put by the Hon'ble Ras Bahadur B. Narasimheswara Saama at the meeting of the Legislative Council held on the 29th March 1915. ~~That~~ ~~remark therein about the difficulty of opening additional weaving schools apply with greater force in the case of dyeing schools also.~~

The Govt. do not consider it necessary to open a model school for weaving and dyeing for each electoral group of districts.
