LEGISLATIVE DEPARTMENT.

Educational Department.

The Hon'ble Mr. K. R. V. Krishna Rao.

84 Q.—Will the Government be pleased to declare the appointments under Government, local boards and municipalities, for which candidates qualified in the various grades of the Government technical examinations under civil, mechanical and electrical engineering branches, would be eligible?

[Meeting of 25th May 1915.]

Educational Department.

The appointments under the Government for which any special or technical qualifications are prescribed are contained in the Public Service Notification. This notification and other rules prescribing qualifications and conditions for other appointments in the public service and in local and municipal services are published ^{annually} in a pamphlet form for the information of the general public and are available for sale at the Press. As these prescribe the minimum qualifications prescribed by the Government for various posts, it may not be difficult to find out to which appointments those who have passed the technical examinations referred to would be "eligible". Thus all the declaration that is desired in the question can be gathered from the pamphlet annually published by the Government.

2. The list of subjects comprised in the three examinations mentioned in the question is given on page 113 of the Calendar issued by the Commissioner for Government Examinations.

(1) So far as public service is concerned, it will be seen from the Public Service Notification

(a) that Minor Irrigation Sub-overseers are required to

vide pamphlet put up.

Calendar for 1912-14 put up.

Item (1), p. 69

to pass some of the technical examinations comprised under Civil Engineering test;

(b) that tracers in the Public Works Department are required to have passed, among other tests, building drawing and estimating test, which is one of the tests prescribed for Civil Engineering; and

(c) that draftsmen are required to possess as an alternative qualification a group certificate in mechanical drawing, the details of which are given on page 116 of the calendar.

From these it will be seen that the holder of the Civil Engineering certificate will be eligible for a Minor Irrigation sub-overseer, but that he would need some additional tests to be qualified as draftsman or tracer.

(2) As regards local and municipal service, attention is invited to paragraphs 59 and 60 on page 19, to para.70-A on page 22, to para.71(35) on page 25, of the pamphlet. The Mechanical and Electrical Engineering tests do not seem to have yet been prescribed for any posts.

3. It seems to be sufficient to draw the attention of the Additional Member to the pamphlet. The following draft answer is for approval. If approved it may be sent to the Local and Municipal Department for acceptance:--

Draft answer

Item (b) on p. 12 of J

his.

Draft answer.

84. The ~~attention of the~~ Hon'ble Member is ~~drawn~~ ^{referred} to the pamphlet issued annually by the Government giving the abstract of the rules relating to the public service examinations in the Madras Presidency including those relating to Local ^{and} Municipal services, from which the information ^{is} ~~can~~ be gathered.

The question and answer as finally approved were as follows:—

93 Q.—Will the Government be pleased to declare the appointments under Government, local boards and municipalities, for which candidates qualified in the various grades of the Government technical examinations under civil, mechanical and electrical engineering branches would be eligible?

Technical examinations and appointments for which they are prescribed.

93 A.—The Honourable Member is referred to the pamphlet issued annually by the Government giving the abstract of the rules relating to the public service examinations in the Madras Presidency, including those relating to local fund and municipal services, from which the information he needs can be gathered.
