To The Secretary to the Government of Madras,
EDUCATIONAL Department.

Sir,

The authorities of the American Arcot Mission Girls' Boarding School, Ranipettai, applied for a half grant towards the cost of extending the school building. They were informed that their application could not be considered at present owing to lack of funds. The Correspondent now reports that in addition to her half share of the estimated cost she has secured a loan of Rs. 3,200/- and request that

a half grant of Rs. 3,200/- be sanctioned and that permission be granted to her to proceed with the work on the understanding that the grant will be paid only at such time as Government funds become available vide her letter dated 1st March 1915 (copy enclosed). In these circumstances, I have the honour to submit the plan bearing No. 182 and estimates relating to the proposed work and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned on the understanding that it will be paid only when funds become available. This grant will form a charge upon the budget provision of the year following that in which our present liabilities are liquidated.

To

The Director of Public Instruction,

MADRAS.

Sir,

In regard to the plans and estimates of the proposed extension to the A. A. M. Girls' Incomplete Secondary School, Ranipettai, which were returned to me, I have the honour to inform you that I have been able to secure a loan of Rs.3200/- from the building fund of the A. A. M. Girls' Secondary School, Madanapalle. As this amount together with the Rs.3200/- already in hand furnishes the sum of Rs.6400/- required by the Estimate, I have the honour to request that I may be allowed to proceed with the building as per accompanying plans and estimates, with the understanding that the borrowed Rs.3200/- will be given as half grant at such time as Government funds should become available.

As the extension is urgently needed from July 1st, and the work should be done during the hot weather leave, I beg that this matter may receive your early consideration.

I have the honour to be ,

Sir,

Your most obedient Servant,

E. W. NOTE 166-D

June 15

The Director of Public Instruction submits through the Educational Department a detailed estimate amounting to Rs.6,400 and a plan bearing ^{No.} D.P.I. 182 for Arcot extending the American Mission Girls' Boarding School at Ranipet, North Arcot District.

II. The plan and estimate have been examined in the Chief Engineer's office and it is observed that they contain various defects a few of which are as follows :-

(1) An upper floor is proposed to be added to an old building, the walls of which are constructed with brick in mud.

The walls of the lower floor ~~at~~ ^{least} of a double storeyed building should be of brick in mortar.

(2) The ends of some of the girders rest ^{over} ~~on~~ doorways and others on an arch of 12 feet span.

(3) The proposal ⁵ ~~of~~ raising the circular masonry columns to support the verandah of 1st floor is not satisfactory.

(4) The partitions in the First floor are not properly supported.

(5) The stairs consisting of a single flight of steps ^{are} ~~and~~ exposed to the Sun and ^{and} ~~Vain~~ are inconveniently placed, ~~and will not be of much use.~~

(6) ~~The old structure has to support~~

~~an additional load of 200 lbs. per sq. ft.~~
~~excluding the weight of the walls of~~
~~the first floor.~~

these
III. Owing to ~~the~~ defects the proposed extension cannot be recommended.

For the additional accommodation that is now required a separate building should be constructed and connected with the old building (if necessary) by means of a covered passage.
