In his letter No. 11,149 A/14, dated the 1st March 1915, the D.P.I. [Mr. J.H. Stone] observed,—

"From the statistics (of the Government girls' school, Cuddalore) furnished by the Inspectress

"it will be noticed that, while the strength of

"standards II ^{to} VII has ~~fluctuated~~ ^{fluctuated} little, there

"has been an increase in the number on the rolls

"of the Infant and 1st standards and this necessi-

"tates the employment of at least an additional ~~teach~~

"teacher. To my mind, it appears, that what is

"wanted in all the overgrown girls' schools is a

"thoroughly good teacher to be in charge of the

"Infants with one or more assistants according to

"strength. Miss Lynch, whom I have consulted on ~~the~~

"the matter, acquiesces in this view and has agreed

"to try the experiment in the event of a competent

trained

"trained woman teacher being appointed as the
 "head teacher of the Infants. Since the ~~service~~
 "services of such a teacher cannot be had for
 "anything less than Rs.25, I beg to request that
 "Government will be pleased to sanction the ---
 "entertainment for a period of one year with
 "effect from the 1st instant of a third tempo-
 "rary assistant on the above rate of pay."

2. This department was inclined to accept
 the Director's proposal, but the Financial de-
 partment remarked as follows :-

"The question raised is of considerable
 "importance and there is much to be said in
 "favour of the Director's view that infants should
 "should be taught by a competent trained teacher
 "on not less than Rs.25. Article 82 indeed
 "observes that the lower classes need not neces-
 "sarily be taught by the teacher on the lower
 "rates but probably it is rarely possible to
 "spare for infant classes a teacher on a higher
 "rate of pay than Rs.10 or Rs.12. I am afraid
 "that Financial cannot accept the present ex-

experimental

"experimental proposal not because it ~~subjects~~ objects to the principle but because the proposal opens up a general question which may involve a considerable amount of expenditure if the principle is carried to its legitimate conclusion.

"I would therefore ask educational to adopt the usual course in the individual case and if necessary raise and consider separately the general question.

"If educational wishes to press the present case H.M. Financial must see."

The Secretary thereupon directed that the general question should be taken up separately, the usual course being adopted in the case of the Government girls' school Cuddalore.

3. Submitted that the question raised by the Director which affects all overgrown Government girls' schools might with advantage be dealt with in connection with the general re-organisation of the Government girls' schools which is now pending with the Director of Public Instruction.

Secy's note of
the 12th April 45 on
p. 9 of G.O. 400 Adl.

The Director may be requested u.o. to state whether he sees any objection to this course being adopted. If, however, he considers that the present question may be decided in advance, he may first be requested to furnish information on the following position points:-

- (i) the overgrown girls' schools which require an additional teacher on Rs.25 to be in charge of the infants as in the case of the school at Cuddalore.
- (ii) the strength of each of the standards of these schools.
- (iii) the scale of establishment sanctioned for each of those schools.
- (iv) the total additional cost involved ~~in~~ in the adoption of the Director's proposal.

4. The ^{consent} ~~acceptance~~ of Financial will be necessary before the D.P.I can be permitted to see the Financial notes in para 2 ante.

14-5-15 I take it that D.I. has objection to the D.P.I. seeing the note in this case.
