Station Madras, Dated the 12th May 1915.

From (Name) The Hon'ble Mr. H.S. Duncan, M.A.,

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,
EDUCATIONAL Department.(Through the Chief Engineer)
Sir,

I have the honour to request that you will be so good as to obtain the sanction of Government for the employment in the College of Engineering for a period of one year from 1st July next of two additional instructors on Rs. 100/- per mensem of not lower rank than that of a first grade overseer with the usual allowances.

2. The Principal reports that during the next session the college will have for the first time the full number of classes sanctioned under the existing rules and that if admissions

Presidencee honorarium of Rs 10 pm. + presidencee allowance of Rs 15 pm - 1197 PWD Code Vol II.

R

admissions are kept the same as in last session, i.e., if 115 candidates are to be admitted into the Probationary Subordinate and 40 in the Upper Subordinate Classes, the number on the rolls of the college will be larger, i.e., over 500 as against 440 last year, the increase being due chiefly to the two new final year Engineer classes -- Civil and Mechanical -- and to the larger number of admissions to the Probationary Subordinate Classes during the last two years. The Principal further states that the present staff of the college will be unable to carry on the ~~work~~ course of instruction laid down in the syllabuses without temporary assistance and that the senior members of the staff require relief to some extent to enable them to undertake the new teaching work of the final year Engineer classes and to deal with the larger Lower Subordinate Class. Mr. James therefore thinks that since by experience it has been found that one instructor cannot look after more than 25 students in the drawing office and on outdoor work and that inadequacy in the number of instructors has adversely affected the progress of students particularly in the junior classes, the services of two additional assistants will be required at the commencement of the next session in addition to the temporary assistants whose continuance for another year has been sanctioned in G.O. No. 268 Educational, Mis., dated 11th March 1915.

In the above circumstances I agree with the Principal in thinking that the additional staff proposed by him is quite necessary. The Chief Engineer whom I have consulted in the matter states that the demand for Upper and Lower Subordinates still continues and that there seems no probability of its ceasing to do so.

3. I shall submit the necessary re-appropriation statement

3/4
statement for meeting the extra expenditure during the current
year on receipt of the Civil Budget Estimates.

I have the honour to be,

S i r,

Your most obedient servant,

W. S. S.

for Director of Public Instruction.
