Station Madras, Dated the 18th November 191

From (Name) K. T. B. Tressler, Esq.,

(Designation) Director of Industries.

To The SECRETARY TO GOVERNMENT,
EDUCATIONAL DEPARTMENT.

Sir,

I have the honour to state that several of the Industrial schools under my control are under German management. They are all maintained by funds received from Germany and these funds have now stopped. Other foreign Missions have suffered in the same way, and I am not in a position to give any of them special help. I request therefore to be informed whether next year German schools are to receive State assistance as before or whether grants hitherto paid to them are to be paid to French and Belgian Schools whose resources, in several cases, have been crippled by the gratuitous destruction of property by the German army.

2. I further request orders on an application I have received from the management of the H. G. L. M. Industrial School Naidubut. Before the war, this school was in a fairly flourishing condition and executed considerable orders for Government, Municipal and Local bodies. Since the outbreak of hostilities these orders have been cancelled on principle. The Manager points out, ^{that} it is true, that the Mission under German organisation is purely a work of charity and requests me to use my influence to secure for him the continuation of his orders so as to enable him to keep his coolies employed. The question raised is one which ~~may~~ be considered from two points of view. In my capacity as Superintendent of Industrial Education I naturally desire to do what I can to my schools and I recognise that any restriction on the capacity of an Industrial School reacts on the pupils rather than the Management. On the other hand in my capacity as administrative head of the Department I consider it undesirable at the present moment to give any assistance to undertakings conducted by alien enemies even though I recognise that such an attitude affects the pupils rather than the Management themselves. I accordingly request orders on this point.

I have the honour to be,

Sir,

Your most obedient servant,

Adun
gn

Director of Industries.

SUBJECT.

Grants-in-Aid to German Schools

The schools referred to ~~in the~~ by Mr. Trevelyan are apparently ^{all} under German missions. In connection with secondary & elementary schools which are managed by those missions a question is separately under consideration whether any special help should be given to them by the Govt in the present position of ~~the~~ ^{their} finances of those schools. There is apparently no intention to withdraw the usual grants to them. In that case the industrial schools may have also their usual grants. It is for consideration ~~whether~~ ^{whether} ~~the~~ ^{the} ~~grants~~ ^{grants} ~~to~~ ^{to} ~~be~~ ^{be} ~~given~~ ^{given} ~~to~~ ^{to} Mr. Trevelyan may be in 8K 23.11.14 accordingly with the concurrence of the Public Department.

2. As regards the other question restoring the orders of Govt & other

local bodies to the Nayudupet school,
it is not known under what ~~orders~~ insti-
-tutions, the orders referred to were cancelled.
If it is decided to ~~pass~~ sanction grant
to the Juman Mission institutions, there
seems to be no objection to continue
to give them orders to make articles
for Govt. &c.

Two questions are raised in Mr. Dressler's letter: (1) continuance of support to German Industrial schools; (2) ~~the~~ continuance of orders by Govt, Local Boards, &c for furniture, &c. to the Industrial School, Nagardupet, Bellary St.

2. As to the first question, the Industrial schools engaged solely in the work of instruction ~~should be~~ without making any profit from the work executed therein may be left to be dealt with by the Ed. Dept. on the same principles as are applied to other educational institutions. Industrial schools making a profit, as in the case of Nagardupet school, should take out trading licenses and the question of imposing any conditions or restrictions can be considered only on receipt of an application for the license.

3. Orders to the Nagardupet school have been discontinued under Collector's orders, and the question is to how this school should be treated be considered when application for license is received. The ~~orders~~ ^{case will, if necessary,} ~~passed on the~~ sent to the Ed. Dept., Madras, ~~case~~ ^{be considered} before ~~orders~~ are

The question of Industrial Schools has not yet been settled but I think it likely that Govt. will be disposed to advise the grant of Licenses to them, trade being only a secondary consideration but as long the matter has not yet been disposed of. It will come up in a few days.

Educational Dept

It is submitted that the Public Dept may be requested to state whether they have come to any decision on the question of the grant of licenses to industrial schools. All these schools are likely to trade in the articles manufactured in the ~~school~~ workshops attached to them & it may, therefore, be necessary to issue trading licenses to them.

Public Dept. (war)

The Govt of India have declined to grant a general license to industrial schools where trading is subsidiary to instruction and have asked that each case should be considered on its merits. [A copy of the Govt of India's letter has been sent to ED ^{separately on a general question} ~~in the same connection~~].

2 Applications for license to trade were received from two schools - the S. L. M. ^(Industrial) School, Erukattancheri, Tanjore dt and the H. E. L. M. Industrial School, Nayandupet, Nellore dt. A license has been granted to the former and the question of ~~granting~~ recommending one to the other is ~~not~~ under consideration.

The Govt of India's letter regarding grants to German mission schools referred to in the Public Dept. note on the previous page has been referred to the D.P. & Co. for remarks. The decision in that case which will apparently apply to grants to industrial schools also may it is submitted, be awaited.

2. In regard to the question of restoring the orders placed with the industrial school at Kaywadpet, the Public Dept. state that the question of granting a trading license to this school is under consideration. Orders on it may also be awaited.

3. The file may lie over for the present.

Orders have since issued ~~to~~ regarding the continuance of Govt grants to ~~German~~ German Mission ~~and~~ schools and these orders have been communicated to the Director of Industries separately - G.O. No. 6902 dated the 26th June 1915.

2. As regards the other question dealt with ~~the~~ in this file viz, the grant of a trading license to the industrial school, Nayunpet, it is submitted that such license has ^{since} been issued; please see G.O. No. 617 Public, dated the 20th April 1915. No further action is called for on this file & these papers may, it is submitted, be 'recorded'
