From the Director of Public Instruction, dated 15th May 1915, No. 3918.

The Director of Public Instruction submits proposals for the payment to local bodies in the current year of recurring subsidies similar to those sanctioned last year. The following statement compares the amount now proposed with those paid in the last year and the allotments made for the purpose in the budget:—

G.O. No. 221, Educational, dated 25th February 1915.

G.O. No. 942, Educational, dated 11th August 1914.

† For six months.

The variations between the amounts now proposed and those sanctioned in 1914-15 in certain cases are due to the fact that provision is made in the current year for full year's cost against six months' cost in the last year and that the Government have since ordered alterations in respect of certain individual bodies.

2. The statement forwarded by the Director of Public Instruction has been checked with reference to the previous orders. It calls for the following remarks:—

(i) It is observed that the grant sanctioned in G.O. No. 242, Educational, dated the 11th August 1914, for the provision of additional teaching establishments in the elementary schools in the Mayavaram municipality has been wrongly shown in the statement as the one sanctioned in G.O. No. 832, Educational, dated the 8th September 1913. The error may be corrected.

(ii) In the case of the Adoni municipality, the cost of the maintenance of the elementary schools opened in 1911-12 and 1912-13 is entered as Rs. 3,554, while according to the scale sanctioned in 1914-15, the total amount comes to only Rs. 3,506. The excess of Rs. 48 is apparently the amount required for the Mandegiri Panchama school referred to in G.O. No. 1163 M., dated 15th June 1914. No allotment was made on this account in 1914-15; but credit has been taken for it in the current year's budget.

(iii) An allotment of Rs. 1,548 has been provided for the maintenance by the Municipal Council of Trichinopoly, of the new girls' school recently opened, while the annual cost is estimated at Rs. 1,848.

It has, however, to be noted that a grant of Rs. 1,548 was paid to this municipality for this school in 1914-15, but that the school has been opened probably with effect from the 1st February 1915. If so, only Rs. 154 will have been expended in that year, leaving a balance of Rs. 994. This

unspent grant cannot be utilized for any other expenditure connected with this school, as the Government have undertaken to bear only the cost of the teaching staff employed in the school. If this balance is taken into account, the amount required for expenditure in the current year is Rs. 854. It would thus seem necessary to reduce the provision made by the Director of Public Instruction by Rs. 694. He may be asked to state whether he sees any objection to this course.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

(1) This is a clerical error and may be corrected.

(2) The presumption contained in the note is correct.

(3) This point was raised in my office in connection with the Educational budget of the Trichinopoly municipality, and I decided to allow the provision to stand on analogy with G.O. No. 1113, dated 26th November 1913, wherein it was ordered that unspent portions of subsidies of a recurring nature might be utilised on non-recurring objects, e.g., equipment. The provision may, however, be reduced if Government consider that the analogy is inapplicable or that the municipality should provide *in toto* the initial outlay on capital expenditure.

H. S. DUNCAN—3-6-15.

EDUCATIONAL DEPARTMENT.

Submitted that in the case of the girls' school in the Trichinopoly municipality the Government have undertaken to bear only the cost of the staff, all the other items of expenditure both recurring and non-recurring being met from municipal funds. The provision for this school may therefore be reduced as proposed on the foregoing page.

2. A draft order is submitted for approval. It may be sent to Financial and Local and Municipal for acceptance.

FINANCIAL DEPARTMENT.

The civil budget estimate for 1915-16 contains the following provision for subsidies to local bodies for education:—

		RS.
22-C. Government Colleges—General.		
(a) Municipal colleges		15,912
22-E. Government schools—General.

(2) Secondary		63,700
(3) Sessional		72,000

2. Out of the total grant of 17 lakhs, the Educational department now propose to distribute among local boards and municipalities a total subsidy of 16.38 lakhs as shown below:—

3. It will be seen that there will be a sum of .62 lakh available for further distribution. Of this sum (.62 lakh), .43 * lakh represents the amount which will be distributed later on to secondary schools—*vide* item **B** in the statement on page 3 *ante*. The balance, *viz.*, .19 lakh represents the savings in the budget grant on account of the following two items:—

	Budget provision.	Grant now proposed.
* Local Boards	.64	.57
Municipalities	.57	.21
Total	1.21	.78

	LAKHS.
(a) Maintenance of local board elementary schools, opened in 1911-12, 1912-13 and 1913-14	.09
(7.13 — 7.04) lakhs.	
(b) Local board sessional schools (.72 — .62)	.10
Total	.19

4. It will be observed that the foregoing distribution takes into account the compensation to local bodies for loss of fee income in elementary schools incurred in consequence of the amendment of rule 84 of the Madras Educational Rules, for which provision was not made in the budget for 1915-16.

The amount now recommended (Rs. 23,730) is the same as that which was sanctioned for distribution in 1914-15 among local boards and municipalities in G.O. 303, Educational, dated 15th March 1915. The Director of Public Instruction remarks that any changes that may be found necessary after the scrutiny of the budgets of the local bodies for 1916-17 will be considered at the end of the current year or when next year's recommendations are made. It is apparently the Director's intention to have in reserve the small saving of .19 lakh referred to in paragraph 3 above, which should, strictly speaking, be surrendered to the Financial department.

Submitted for orders whether the Director of Public Instruction may not be

Yes, I think so. We want all the surrenders we can get hold of. The Director of Public Instruction has no use for the money at present, we have.

L.E.K.—17-6-15.

We may suggest this for the favourable consideration of the Educational department. We have very often to get out information at short notice showing grants to local boards and municipalities and if these education grants are shown separately it would be very convenient.

L.E.K.—17-6-15.

requested by the Educational department to explain clearly why the saving of .19 lakh should not be immediately surrendered to Government. The proposals may otherwise be accepted.

5. In this connection, it is respectfully submitted that it will facilitate future reference if the wording of the draft order is altered so as to show separately the subsidies allotted to local boards and those sanctioned for municipalities.

[For example, item (1) in the draft order may be modified:—

	Local boards.	Municipalities.	Total.
(1) Usual contribution in aid of education ..	RS. 1,88,567	RS. 4,960	RS. 1,93,527

6. The draft may, it is submitted, be accepted subject to orders **A** and **B** above.

EDUCATIONAL DEPARTMENT.

With reference to the suggestion of the Financial Department at **A** on page 4 *supra*, whether he could surrender the balance of .19 lakh in question, it is respectfully submitted that there seems to be no doubt that the Director of Public Instruction contemplates submitting proposals to utilize it towards objects the necessity for which could not be foreseen earlier. The present is only what he could *now* ascertain as the requirements and thus forms the first and the more important of the proposals. The question of surrender arises only when all possible proposals have been exhausted. The Director indicates that there are still possibilities of further demands. In any case there seems to be no objection to ask the Director of Public Instruction on the point.

2. As regards the suggestion in paragraph 5 on page 4 *ante* to distinguish the totals of subsidies between local boards and municipalities, attention is invited to the statement appended to the draft order (which will also be printed along with it) which gives separate totals for the two classes of bodies. As Financial needs the distinction to be carried in the totals in the draft also, Educational need not object.

3. Alterations in respect of the above two points have been carried out in the draft. For orders whether it may now issue.
