From M.R.Ry., S. Krishnaswamy Ayyangar, Professor of Indian History and Archaeology, ^{University of Madras} Madras, dated 29th March 1915.

I beg leave to submit that, as Professor of Indian History and Archaeology at the Madras University I have constant need to study and utilise the material laid before the public in Reports and Publications by the various ^u departments of the Government of Madras, and of the other Governments in India, engaged in research in the various ^{see} ~~sanctions~~ of Archaeological work. I understand that the publications of these departments are supplied free, according to an official list to those engaged in similar work or interested in the study thereof. I request the favour of your recommending the inclusion of my name in the list of those to whom these are supplied free. I have, through the kindness of the late Mr. Venkiah and Mr. Krishna Sastri, been in receipt of the Epigraphist's report since 1904. It will be a favour if you can kindly order the supply of this from the beginning to 1904, as also the volumes of the South Indian Inscriptions so far published. I may mention for ~~your~~ your information that through the kindness of the Hon'ble Mr. Stone the Government have ordered the inclusion of my name in the list of persons and institutions interested in Sanskrit studies (No. 73, Edl., dated 25th January 1915). In this again my request for the back numbers, particularly of the catalogues of Oriental manuscripts &c., has been lost sight of.

I request the favour therefore of your doing me the needful (1) for the inclusion of my name in the list of those entitled to the free supply of the various Oriental and Archaeological publications, (2) for the supply of back numbers of such of these publications as may be available.

Trusting you will be so good as to excuse the trouble.
