Cur. no 2383 Edl. from the P.S. & no 185-P. & 8-7-15

Mr. Matthews first applied to the Local Govt. for being appointed to the post of Professor of Electrical Engineering. In G.O. no 1133 Edl., dated the 2nd October 1914 he was directed to apply to the India Office. Later on, the Govt. of India forwarded to this Govt. the papers relating to the application of Mr. Matthews to the Secretary of State for India. This Govt. informed India in reply that as the proposal to create the new post was then held under abeyance there seemed to be no use in considering Mr. Matthews' application at that time and if and when the Govt. of India recommended the creation of the post, the Secretary of State might be requested to consider this application along with others.

2. Mr. Matthews' qualifications for the post were not ^{before} considered before. It is submitted that the D.P.I. may be requested to report whether he will be suitable. He may be asked to treat the case as a special request in view of P. & 8-7-15.

3. It is however, observed that Mr. Matthews was drawing a salary of Rs 750 in July 1914. It is doubtful whether he will accept a salary of less than Rs. 750. (the initial salary in the P.S. being Rs. 500).

Office of the D. I.

Both Mr. James B and I are of opinion that Mr. Matthews is a suitable person for the post. I am submitting shortly an application in the prescribed form from Mr. Matthews. In the circumstances he may be offered an initial salary of Rs 750 or Rs 800 with the usual increments up to Rs 1000.

Educational Dept.

For orders

- (1) whether the proposal to appoint Mr. Matthews as Professor of Electrical Engineering in the College of Engineering may be accepted by the Government, and
 - (2) whether the proposal to start him on a salary of Rs 750 or Rs 800 rising by annual increments to Rs 1000 may be approved.
2. If the above proposals are accepted, the

D.P. I. may be asked u.s. to ascertain and report whether Mr. Matthews is willing to take up the post on the terms proposed

The pay of the appointment in the Indian Edl Service which this Govt recommended for the post of Professor of Electrical Engineering in the College of Engineering was Rs. 500-50-1000. The Secretary of State states in his telegram to H.E. the Governor on p. 39 C.F. that he has sanctioned the creation of this post.

2. Mr. Matthews, about whom the Secretary of State has inquired in order to appoint him to the post, at present holds no substantive appointment under Govt; and under art 156 of the C.F.R. he will draw only Rs 500 the minimum pay of the appointment if appointed to the post.

The Edl. dept. propose to start Mr Matthews on a salary of Rs 750 p.m or Rs 800 p.m. As the Secretary of State appoints the officer, he will have to fix the initial pay; and this dept. need not. it is submitted object to the proposed scale of pay being recommended to the Secy of State.

A provision of Rs. 4250 for 8 months change at the rate of Rs 500 p.m. has been made in the budget for 1915-16. If the higher pay is given, the O. P. I. will have to be asked to submit a reappor. statement to meet the extra charges.

Mr. Matthews is an applicant for this appoint. must and he may be prepared to accept it on a lower pay than Rs 750 to Rs 800.

What I would suggest. There is that we should ask the S. of S. to permit us to offer Mr. Matthews on Rs 800. if we cannot get him for less. We can get them ~~into~~ into us.

Yes. As Mr. Matthews is coming into a
promisable service it is quite likely
that he will accept something less than
he is getting at present.
