College of Engineering, ~~Madras~~ COLLEGE,

Station Madras,

Date 2 July 1915.

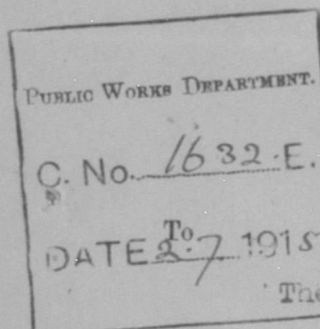

From

W.H. James, Esq., B.Sc.,

PRINCIPAL,

College, of Engineering, Madras.

Public Works Department,

Madras.

Sir,

With reference to your letter No. 4423 C dated 19th June 1915,

I have the honour to state that it is not possible to certify that Corporal Foster has completed the full practical course if he is short by 2 months and 1 day. Students are however allowed one month's leave in the nominal period of one year's practical training, and with the sanction of Government Corporal Foster may be granted the diploma with the equivalent period it is considered he has served entered in the space provided. I take it he will be eligible for employment in the Public Works Department from the date of his qualifying for the diploma.

I have the honour to be,

Sir,

Your most obedient servant,

Principal.

SUBJECT. Re: the curtailment of the practical course of Corporal Foster

From the Principal, College of Engineering

Corporal W. S. Foster, an apprentice overseer joined the locomotive division for practical course on 16-6-14. He should ordinarily have completed his one year's practical course on 15-6-15 but, as he had been away on military duty at Wellington for 2 months and 1 day, his practical course be short of one year by the above period as the above date.

The question of treating the period spent on military duty as part of the practical course came up for consideration in December last, but as Corporal Foster had, as matters stand, no prospect of being

being offered an appointment by
the P.W.D., he preferred to ~~have~~
his practical course ^{extended} by the period
spent on military duty. His practical
course was accordingly extended by
2 months & 1 day in memo N 2328C
of 23.3.15.

3 It having since been decided
by the ~~com~~ Chief Engineer to ~~offer~~
to take Corporal Foster on to the upper
subordinate establishment, Corporal
Foster requests that the period spent
by him on military duty be treated
as part of his practical course so
that he may ^{be appointed} ~~be appointed~~ at once
as an upper subordinate. His
petition is favourably endorsed by
his S.D.O., the Exec Eng and the S.E.

As four of Corporal Foster's campers
have already been appointed as
upper subordinates and as the
military training undergone by him
was not on his own motion, ~~so~~
it is recommended that his
practical course ~~be terminated~~
~~and he be offered~~
~~an appointment as an upper subordinate~~
may, as was done in the case

Under Gov 467 Educational

case of certain Engineer and upper
subordinate students, be terminated
at once & he may be offered
employment as an upper subordinate.
His service as an upper subordinate
may, for such period as may be
necessary, ^{to complete one full year} be treated as part of his
practical course. This requires the
sanction ^{from the} of Educational ^{Dept.} to which
with the file may be sent.
with a request to pass any early orders in the case.

The Principal of the College
suggests that the difficulty may be
overcome by entering in the diploma
to be given to Corporal Foster only
that period which he actually spent
on his practical course. It is however
proposed that Corporal Foster may be
appointed to the P.W.D. & that the
first portion of his service, up to one
year from the date on which he commenced
his practical course, may be treated
as part of his practical course, & thus
a period of one full year of practical
training may be entered in his diploma.
This course was adopted in 1914

with the approval of Educational
in the case of semi students.

I showed like Educational to agree the
proposal as A above. It is really a
matter of small importance -
