To the Secretary to the Government of Madras,
EDUCATIONAL
Local and Municipal Department.

THROUGH THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.

Sir,

In submitting a copy of resolution No.14, dated 13th February 1915 of the Taluk Board, Koilpatti in which they have applied for the provincialization of certain of the elementary schools maintained by them, I have the honour to observe that an examination of the figures of Provincial contributions for maintenance of schools in the several districts shows that this district had not adequately availed itself of the liberal help that has been given by Government (vide G.Os. Nos. 1027 Edl., dated 31st August 1914 and 221 Edl., dated 25th February 1915) and therefore

(F)
(K)

1(a)
beg to strongly endorse the request of the Taluk Board.

2. The main reasons for asking for this concession are:-

p-5 info
(a) The Koilpatti Taluk Board is a newly constituted one and comprises the two taluks of Sankaranayinarkoyil and Koilpatti which are backward in education. It will be seen from the annexed statement showing the normal income of the several Taluk Boards in this district and the expenditure therefrom on education during the year 1913-14, that the Koilpatti Taluk Board have spent ^{one} third of their general income on elementary education, while the Tinnevelly and Tuticorin Taluk Boards have spent only one sixth of their income on it. On account of this large expenditure, the Koilpatti Taluk Board have hitherto been unable adequately to carry on the other services for which they are constituted without large subsidies from the District Board.

(b) In 1906-07 and 1907-08, while the Koilpatti and Sankaranayinarkoyil taluks were under the Tuticorin and Tinnevelly Taluk Boards, nine schools were opened in the present Koilpatti Taluk Board area with the aid of the Provincial subsidy then sanctioned in the belief that it would be a continuing one, but as Government did not continue the grant, their maintenance devolved on the Local Board.

(c) A number of elementary schools under the Board provide for higher standards - in the absence of secondary schools maintained by private or mission enterprise - and in consequence as many as five to seven teachers have to be employed in them.

(d) The Board schools serve as models for other private schools and are eminently unfitted to do so with their present poor equipment. The improvement of existing

-2- 2 3
schools is necessary before additional schools, which are urgently needed, can be opened.

3. Under similar circumstances Government undertook to meet from Provincial funds the cost of 19 elementary schools in the Tanjore District and were also pleased in G.O.No.1475 Edl., Mis., dated 23rd December 1914, to make a similar concession to the Sermadevi Taluk Board.

4. In these circumstances I beg to request that Government will be pleased to approve the Koilpatti Taluk Board's proposal to maintain from Provincial funds the 16 elementary schools mentioned in their resolution with effect from 1st April 1915 and to sanction for this purpose a special grant of Rs.7,500 during 1915-16.

I have the honour to be,

Sir,

Your most obedient servant,

2. It is always open to the District Board, Tinnevely, to give the Taluk Board, Koilpatti, larger allotments from District Board Funds so as to enable it to carry out all the works for which local bodies are constituted.

(T) 3. A reference to page 249 of G.O. No. 73 L issued with endorsement No. 73 A.L., dated 19th January 1915 reporting on the working of the Local Boards and Union Panchayats in the Presidency of Madras for the year 1913-1914, indicates that only 4.9 per cent of the Board's income is spent on education compared with a presidency average of 9.2 per cent.

4. I do not therefore recommend this application for favourable consideration.

C. No. 187884 from the P. D. B. Tinnelly No. 40, dated 12.3.1915.

SUBJECT.

Application for a grant of Rs 7,500 for the maintenance of certain elementary schools under the Kilpatti Taluk board.

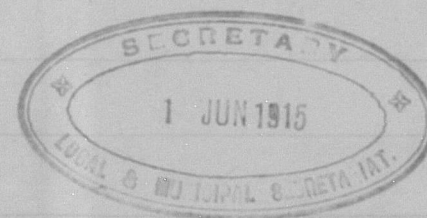

(B) Attention is solicited to the notes on pages 11 and 12 of L.P. no. 1475 Edl., dated the 23rd December 1914 and to the D.P.D.'s endorsement on page 6 of c. f. There appears to be no case for the additional grant applied for. The concession already granted to the Sermadeni Taluk board should have reduced the net expenditure on education from the funds of the D.P.D. Before however, ^{deciding} to sanction the application, the Land & M department may be asked to state whether they have any remarks to offer.

Local and Municipal Department.

The net expenditure (Rs.13,526) on education by the Koilpatti taluk board during 1913-14 was about 33 per cent of its current income (Rs.40,779) against 9.2 per cent, the average for the whole Presidency. This is no doubt a high percentage for the taluk board. With a view to reduce this high percentage, the taluk board wants that 16 of the 25 schools maintained purely from taluk board funds, may be provincialized ^{or in other words that} the cost of these 16 schools estimated at Rs.7,500 ^(mainly) may be met from Provincial funds. ~~and~~ The President District Board supports the application. From the statement on page 5 of the current file, it will appear that the cost of 15 schools amounting to Rs.6,973 is already met from Provincial funds. From page 65 of the budget statements for 1915-16, it will be seen that three additional schools have been opened in 1914-1915, the cost of which are also met from Provincial funds. The relief now needed by the Taluk Board should naturally come from the District Board's funds - Vide paragraph 6 of G.O.386 L., dated 28th March 1910. Moreover in the District Board budget

for 1915-16 credit was taken for an additional
subsidy of Rs.4,675 from provincial funds on account
of elementary schools under the Sermadevi taluk
board. As this would give some relief to the
District Board, the District Board can very well
come to the rescue of the Kollipatti taluk board
and allot necessary funds to that taluk board
for meeting the high expenditure on education.

It may also be noted that
~~the~~ the net expenditure from local funds on
education according to the budget estimate of the
District Board for 1915-16 works out only to 8 per
cent of the current income of the District Board
against the average of 9.2 per cent for all dis-
tricts in 1913-14. It is submitted therefore that
the present application for additional grant from
Provincial funds may as proposed by the Educational

Department be disallowed. With these remarks the file may
