THE FIFTY-FIFTH REPORT

OF THE

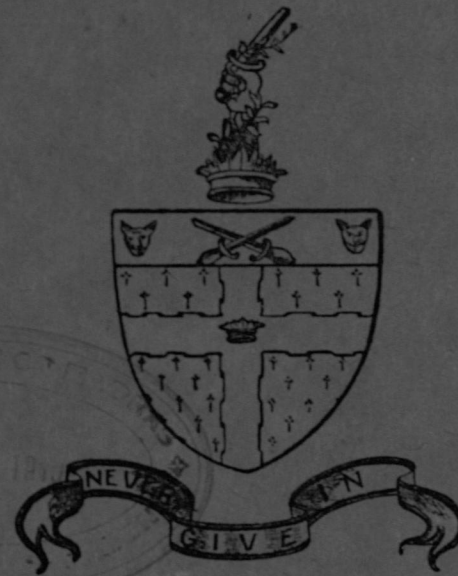

Lawrence Memorial School,

FOR THE YEAR

1st January 1914 to 31st December 1914

WITH

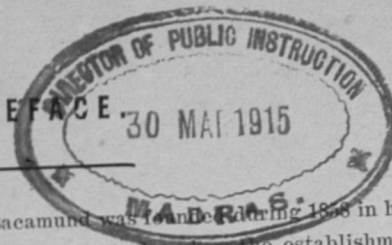

APPENDICES.

Ootacamund.

PRINTED AT THE OOTACAMUND AND NILGIRI PRESS.

1915.

THE Lawrence Asylum at Ootacamund was founded during 1858 in honour of the memory of Sir Henry Lawrence, K.C.B., by whom the establishment at some Hill Station, within the Madras Presidency, of an Institution similar to the Lawrence Asylum at Sanawar, had been suggested.

The Asylum at Ootacamund was managed by a Committee of gentlemen residing at that place, and was supported by donations and subscriptions from the general public; but as these proved inadequate to its maintenance, it was adopted by Government in 1860, and allowed a Grant-in-aid.

The Madras Military Male Orphan Asylum and the Madras Female Orphan Asylum were amalgamated with the Lawrence Asylum, the former on the 1st September 1871, and the latter on the 1st October 1904, the united Asylums being designated the Ootacamund Lawrence Asylum. The name of this Institution was changed to the "Lawrence Memorial School" in accordance with G. O. No. 38 Educational dated 15-1-1913. (E)

The Lawrence Memorial School is situated at Lovedale, 3 miles from Ootacamund, on the summit and centre of the Nilgiri Hills in the South of India within the Presidency of Madras. It lies between the 11th and 12th degrees of North Latitude, and the 76th and 77th degrees of East Longitude, at an elevation of 7,300 feet above the mean level of the sea, being 1,312 feet below Dodabetta, 103 feet above the lake at Ootacamund, and 1,470 feet above the Barraeks at Wellington. The school buildings and grounds cover 760·76 acres. The mean annual temperature of the air at Lovedale is 58 degrees; the mean maximum is 68 degrees; the mean minimum is 48 degrees; the mean annual range 16 degrees. On or near the ground, however, water freezes nearly every night for three months in the year.

The following table exhibits the mean temperature of the air at Calcutta, Bombay, Madras, London and Ootacamund, for January, April, July and October:—

THE FIFTY-FIFTH REPORT
OF
THE LAWRENCE MEMORIAL SCHOOL
FOR THE YEAR 1914.

CHANGES ON THE COMMITTEE.—

The Assistant Commanding Royal Engineer, Wellington District, was appointed an official member of the Committee *vice* the Commanding Royal Engineer, IXth Division, in accordance with G. O. 1288, Edl., dated 16th November 1914. (M)

LADY VISITORS.—

Lady Hammick and Lady Atkinson resigned owing to their departure for England. Mrs. Cardew kindly accepted the invitation of the Committee to become a Lady Visitor *vice* Lady Hammick.

I. NUMBERS.—

On the 31st December 1914, there were 463 pupils on the rolls of the school, 298 boys and 165 girls. Of these 14 boys and 7 girls were day-scholars. The numbers are slightly less than last year, owing to the fact that in the month or so preceding the Xmas holidays, 18 pupils left for England—their fathers' regiments having been sent on active service. It was not considered advisable to fill up the vacancies till the ensuing school year, especially as both schools are being re-roofed by the Military Works Services—during the holidays.

There are 219 children registered and awaiting admission (102 boys and 117 girls), of whom 63 boys and 91 girls are the children of British soldiers now serving or having served in India.

Children whose names have been registered for admission, and who have attained the age of 12 years without having been called in, are not included in this total, as their names are struck off the waiting list.

The classification of boarders at present in the Institution are given in Table D. Tables B and C appended give full particulars regarding the admissions and departures of pupils.

Of the boys who left during the year, 11 went to England, 9 enlisted in British Regiments, 8 entered the Government Telegraph Department, 3 entered the Eastern Cable Company, Bombay; 3 joined the Indian Subordinate Medical Department, 5 entered Railway or other workshops, 1 became a teacher, and 1 was appointed to the Burma Customs. Of the girls, 3 became nurses, 2 joined hospitals to be trained as hospital nurses, and 7 went to England.

II.--EDUCATION GENERAL--

(1) *Examinations*:—In the Government Examinations for European Schools, held in November 1913, the results of which appeared in the year under review, 2 boys and 1 girl passed the High School, 3 boys and 2 girls passed the Middle School.

1 girl obtained a Government Middle School Scholarship and 2 girls obtained Government Primary School Scholarships.

In the Examination held in November 1914, the results of which appear in February 1915, 2 boys and 6 girls passed the High School Examination, 5 boys and 6 girls passed the Middle School Examination.

Both the boys who passed the High School Examination earned Government High School Scholarships. 1 boy and 1 girl obtained Government Middle School Scholarships. 1 boy obtained a Government Primary Scholarship.

3 boys appeared for the Indian Subordinate Medical Department and all passed.

(2) CHANGES IN THE TEACHING STAFF:—

(a) Owing largely to the war there were a considerable number of changes in the teaching staff of the boys' school. Mr. Vaughan and Mr. Midgley have been appointed to the Indian Reserve of Officers, Mr. DeSouza went to England under the St. John's Ambulance Association and Mr. Kernot rejoined the East Yorkshire Regiment.

Mrs. Brookes also left in November to take up a more remunerative post in the G. I. P. Railway Schools, Igatpuri. The vacancies have been filled up by the appointment, subject to the usual probation, of the following gentlemen:—Mr. Argyll Saxby, F. R. G. S., F. R. C. I., Mr. Morris, from the Government Training College, Sanawar, and Mr. Abraham—

The applications for the remaining vacancy, which is a temporary one, *vice* Mr. Vaughan on leave, are under consideration.

(b) *Girls' School.*

Miss. Ethel Edwards left the service of the school in April, on the occasion of her marriage—and Miss Eleanor Edwards was appointed in her stead. Miss Curran Franklin was granted six months' leave to England on medical certificate pending retirement, as the medical officers considered that she was unable to stand the Indian climate—her appointment was filled temporarily by giving a step to each of the teachers in the Girls' School and appointing a pupil teacher to the junior standard, and permanently by the appointment of Miss Tyler, B. A., (London) from Bishop's House, Rangoon.

(c) *Kindergarten Department.*

There have been no changes in staff of the Kindergarten Department in the year.

(3) REMARKS:—

Pending the appointment of a permanent 1st Assistant Mistress, the High School Classes of the Boys' School and Girls' School were taught together during the year

in the compulsory examination subjects by the Headmaster and Second master. The Committee acknowledge with thanks the receipt of G. O. Educational No. 1459, dated 19th December 1914, regarding the salaries of the staff.

The Committee are making enquiries from similar schools in India regarding the salaries which they find necessary to offer in order to obtain a qualified staff and hope to submit the result of their enquiries to Government in due course.

The classes in this school are large, and exceed in most cases the maximum numbers laid down by the Code of Regulations of European Schools—qualified and certificated teachers are therefore essential. The Committee therefore trust that the Government will be pleased to permanently raise the salaries of the staff, so as that the services of good teachers who would look upon their service in the school as their work in life and who would be likely to exercise a good influence over the pupils, may be secured.

III. EDUCATION (TECHNICAL).—

1. *Telegraphy*.—Mr. Clump has been appointed by the Telegraph Department as Instructor of the Telegraph Training Class, *vice* Mr. D. Rawkins, whose term of service in that capacity under the rules of the Government Telegraph Department had expired.

8 probationers from the Telegraph Class passed into the Department during the year.

2. *Music*.—The Brass and Bugle Bands maintain their high standard.

The following is the full report of the Bandmaster, 2nd Battalion, The Buffs, who examined them on June 11th. "The ensemble of the Band, is of quite a high standard, which shows careful training both in intonation and precision.

The reading and attention to the marks also shows careful instruction.

The absence of overblowing, which is liable to creep into a young band, if not checked in time, is another point in favour of their training.

In the elementary theory, viz., Construction of scales, &c., there is a brightness shown, which speaks well for interest taken, in conjunction with the practical part of their instruments.

The Buglers have also shown their aptitude in maintaining the good standard result as shown last year."

A String Band has been started during the year, in which the boys appear to take much interest.

Singing is taken throughout the Boys' School by Mr. Vaughan and throughout the Girls' School by Miss Harben.

The Inspector remarks, regarding the singing in both departments, that it is good.

3. *Typewriting and drawing* continue to be taught in Boys' and Girls' Schools as before.

4. *Carpentry*.—Sergeant Fowles, Carpentry Instructor, was recalled to his regiment in August, owing to the war.—Temporary arrangements were made to carry on the work.

As soon as the new buildings now kindly sanctioned by Government are completed, it is hoped to start organised manual training as recommended by the Inspector.

5. *Cooking and Dressmaking*.—This is now taught in the Girls' School on scientific lines.

IV.—EDUCATION (PHYSICAL).

1. *Games*.—Cricket, football and hockey have been played regularly by the boys—and hockey, badminton and croquet by the girls.

15 matches have been played by the boys against various teams. The school has won 9, lost 4, the remaining two being drawn. Efforts are made to have as large a number of boys as the school grounds will permit engaged in regular games every afternoon. The school entered a team for the Cordite Hockey Cup, but were beaten in the first round after re-playing a tie.

In the Grigg Memorial Sports, the school secured the Grigg Memorial Medal for the best athlete, and 2 out of 3 Challenge Cups for European Schools in the Nilgiris.

2. Drill and Gymnastics are carried on regularly and satisfactorily. The Instructor in Physical Training appointed by the Government of Madras spent some weeks here instructing staff and pupils in the new methods.

3. *Volunteering* :—There are 157 members of staff and pupils in "D" and "G" Companies, Nilgiri Volunteer Rifles, under the Command of Captain Vaughan.

70 of these were called out in November for garrison duty at Wellington,—and subsequently some members of these Companies were drafted to Karteri for guard duty there.

The Officer Commanding Nilgiri Volunteer Rifles reports on them as follows :—

"D" and "G" Companies during the season 1914-15 have given me nothing but satisfaction. As cadet companies I considered them extremely smart and workmanlike and they have taken a most intelligent interest in their drill.

During the mobilisation of the Corps at Wellington, the cadets conducted themselves in a correct soldierly manner, which earned the approval of the military authorities.

The N. C. Os. are smart and have proved themselves a great help to their officers. In Captain Vaughan the corps loses a very smart officer, and one very hard to replace."

V. MILITARY AND DOMESTIC STAFF—

Mrs. Kellman resigned her appointment as assistant matron to take up another post which she preferred. Mrs. Burns was appointed to fill the vacancy.

VI. INSPECTIONS.—

1. The Inspector of European and Training Schools, as the result of his annual inspection in May writes :—

- (i) Regarding Boys' School and general condition of the Institution "There is still room for improvement in the School work, particularly in English. Some of the classes in the Primary Section are too large for one teacher and should be divided into two sections. This has already been partly done in Standards III and IV. To do so systematically will involve the strengthening of the staff, preferably by a qualified woman teacher for the Primary Classes.

The Principal has recently divided the boys into Houses on the English Public School System, and the experiment promises to be a success.

This is a most interesting Institution to visit. Its general condition and tone are thoroughly satisfactory, and there is a steady demand for "Lovedale" boys."

- (ii) Regarding Girls' School. "Satisfactory. The work has improved during the year, though the practical side of the training can be still further developed.

Miss Ethel Edwards, who had been Headmistress for four years and had done much for the school, will be missed by all. Her successor has made a good start and further progress may be expected."

(iii) Regarding Kindergarten Department "I have little to add to the remarks in previous reports. Very good work is done in this department and the children were as bright as ever. This is one of the very few schools where Nature Study is really intelligently taught in the Infant Classes. The drawing from nature is excellent."

2. Major-General Phayre, C.B., inspected the School on 30th April and wrote as follows:—

"I inspected the School on 30th April 1914. It is being conducted in every way worthy of the great name it bears. It is doing a valuable public work and I only wish more accommodation could be provided, so as to take in the many boys and girls who are on the list."

3. Surgeon General Corker, K. H. P., M. D., with Surgeon General Bannerman, C. S. I., K. H. P., M. D., inspected the school on 12th June, especially with regard to its sanitation, and wrote an interesting report in which he urged the following improvements.

Surgeon General Corker writes that the boys looked well clothed, well fed, happy and contented, and marched past in a lively fashion and that the impression they made was excellent. But he felt that structural alterations in the buildings and a new sanitary scheme was an urgent necessity. He considered that the lavatory and latrine arrangements were 50 years behind modern ideas, and urged that the standard of an up-to-date British Barracks should be adopted. Surgeon General Bannerman agreed entirely with the notes made by Surgeon General Corker.

Some of the minor improvements recommended by Surgeon General Corker have been duly carried out—but the improved scheme of sanitation and structural alterations suggested by him are under the considera-

tion of the Committee and must necessarily depend upon the amount of additional grants, which Government may be pleased to sanction for the school, and which are now under the consideration of Government.

4. The 56th Anniversary of Founder's Day was celebrated on 6th September; His Excellency The Right Honourable Lord Pentland, P. C., G. C. I. E., Governor of Madras, presiding and Her Excellency Lady Pentland kindly distributing the prizes.

VII.—CHAPEL.

The New Chapel was consecrated by the late Bishop Acheson Williams, Bishop in Tinnevely and Madura, on behalf of the Bishop of Madras, on Ascension Day, 1914 as "The Church of the Ascension", Lovedale.

The Bishop of Tinnevely and Madura also confirmed 51 pupils (33 boys and 18 girls) on Sunday after the Ascension. Two stained glass windows have been placed in the Chapel—the east window, the gift of the old and present Staff and pupils of the school—and a side window, the gift of Sir Murray Hammick, K. C. S. I.

VIII. The Committee acknowledge with thanks the permission of Government vide G. O. No. 71 Educational Mis. dated 25th January 1915 to erect staff quarters for the Girls' School with the Rs. 10,000 sanctioned in G. O. No. 1106 dated 11th December 1912.

In addition to the annual repairs which are being carried out by the Military Works Department, that department is re-roofing both schools and carrying out a considerable number of much needed special repairs.

The Committee beg to acknowledge with thanks the receipt of G. O. No. 1203, Educational, dated 28th October 1914, providing Rs. 45,000 for staff quarters, Gymnasium, &c. These buildings are being erected by the Assistant Commanding Royal Engineer, Wellington District.

IX. GENERAL.—

- (a) The Audit report of the Assistant Accountant-General with the remarks of the Committee thereon, on the School Accounts for 1913-14 has been duly submitted to Government.
- (b) The Medical report is attached in appendix.
- (c) Mr. DeSouza has resigned the Editorship of the School Magazine, on his departure for England. A new editor has been appointed. The School Magazine seems increasingly to keep old pupils in touch with the School.
- (d) Class libraries, as recommended by the Inspector, have been started in both Schools.

X.—CONCLUSION—

The Committee acknowledge with sincere thanks the increase of the annual grant by Rs. 15,000 per annum sanctioned by Government in G. O. No. 1203, Edl., dated 28th October, 1914.

They trust that the proposals submitted in the Vice-Chairman's letter No. 3000 dated 24th November 1913 for a further increased annual grant of Rs. 12,500 and a further capital expenditure of approximately Rs. 3½ lakhs will, in due course, meet with the favourable and sympathetic consideration of Government. While the Committee gratefully acknowledge the generous way in which the Government have been pleased in the last few years to consider the needs of the school, they still feel that very much more is needed to bring the school up to the standard they hope to reach.

Annual Medical Report, Lawrence Memorial School, Lovedale, for the year ending 31st December, 1914.

Boys' Branch.—Average annual strength 286.

Total number of patients treated in hospital during the year was 221, with an average daily sick of 8·80—this compares favourably with the report for 1913 which was as follows:—

Average annual strength 289, total treated 288 and average daily sick 14·6.

The diseases claiming the largest number of admissions were as follows:—Influenza 40, Chicken-pox 37, Skin diseases 30, Tonsillitis and Sorethroat 24, Pneumonia 13, Local injuries 14, and diseases of Connective Tissue 10.

Ringworm, Scabies and Eczema of scalp which form the bulk of the admissions for skin diseases are now under better control, as there were only 30 admissions compared with 79 for the year 1913 and 121 for 1912.

There were no deaths.

Out-Patients.—Total treated 682. Average daily sick 16·44. Mostly trivial ailments such as sorethroat, frost bite and other local injuries.

Girls' Branch.—Average annual strength 158.

Total number treated in hospital during the year was 146 with an average daily sick of 4·29. The average annual strength for 1913 was 160, total treated 186 and average daily sick 9·10.

The admissions were chiefly:—Influenza 50, Chicken-pox 19, Tonsillitis and sorethroat 24, and skin diseases 13.

Out-Patients.—Total treated 415. Average daily sick 11·04. All trivial cases.

European Staff and Native Employes.—364 males, 340 females and 331 children received out-door treatment. The chief diseases amongst them being Influenza, Tonsillitis, Bronchitis and diseases of Digestive system.

General Remarks.

Health Inspections of the boys and girls and also of the native employes, and sanitary inspections of dormitories, lavatories, latrines, native lines and surroundings were carried out as a routine.

Vaccination and re-vaccination has been systematically carried out. The drinking water is protected and distributed by pipes. It is of good quality and the supply is ample.

Dietary—is on a liberal scale and well varied and the cooking and serving very good.

A modern dairy is maintained on the school grounds for the supply of milk and butter and is under European supervision.

Bathing—is compulsory and carried out under supervision. There is a plunge bath and also shower baths for this purpose.

The buildings are on the summit of a hill, and afford ample accommodation—the ventilation is good and there has been no over-crowding.

The grounds are well drained and so extensive as to thoroughly isolate the Institution from the outside world.

The conservancy arrangements are very satisfactory.

To combat the evil and eventually stamp out preventible diseases which make their appearance every year after the children return from their holidays, a steam disinfecter has been asked for, and is expected very shortly.

G. O. No. 521, Educational, 31st July 1911.

1. The following code of revised rules relating to the constitution and working of the Lawrence Memorial School, Ootacamund, has been sanctioned by Government, and have effect from 1st August 1911.

In these rules the term "Eurasian" shall be restricted to the children of European fathers by Eurasian or native mothers, and of Eurasian fathers and mothers, of whom both are the children of Europeans.

OBJECT.

2. The object of the institution, which shall comprise two branches—one for boys, one for girls—is to secure for European and Eurasian children of the classes specified in rule 39 a healthy and invigorating climate, to remove them from objectionable surroundings, to afford them secular and religious education, and to train them to earn a livelihood.

CONTROL.

3. The management of the School shall be vested in a committee consisting of the General Officer Commanding, the 9th Division, as *Ex-Officio* Chairman, the Collector of the Nilgiris as *Ex-Officio* Vice-Chairman, the Assistant Quartermaster-General, the 9th Division, Assistant Commanding Royal Engineer, 9th Division, the Officer Commanding the British Infantry Regiments, at Wellington, the Civil Surgeon, Ootacamund, two others to be appointed by Government either by office or by name as official members and three non-official members resident at Ootacamund and elected by the Committee. The Committee shall be directly responsible to Government for the administration of the School and shall carry out all the orders of Government relating thereto. The Principal shall ordinarily be the Secretary to the Committee; but if the Principal be not a Clergyman of the Church of England, a Clergyman of that Church shall be appointed as Chaplain, and the Committee may empower the latter to perform the duties of Secretary, and with the sanction of Government, fix his remuneration as Chaplain and Secretary and define his duties in relation to those of the Principal.

4. A meeting of the Committee shall be held every month for the transaction of business. Three members shall form a quorum. In the absence of the Chairman and the Vice-Chairman, the Committee shall elect its own Chairman.

5. Any three members shall have the power of convening an extraordinary meeting on giving the Chairman, or, in his absence, the Vice-chairman, through the Secretary, one week's notice.

6. A non-official member may at any time resign by giving notice, in writing, to the chairman, or, in his absence, the Vice-Chairman, through the Secretary. He shall also be held to have vacated his appointment if he ceases

for a period of three consecutive months to reside at Ootacamund, or if he fails to attend three consecutive meetings of the Committee. The Committee shall supply any vacancy which occurs and report the appointment to Government.

7. The chairman, or, in his absence, the vice-chairman, shall have power to defer declaring a resolution to have been carried, until he shall have obtained in writing the opinion, on the point at issue, of members who may have been absent from the meeting.

8. All letters to Government shall be passed by the Committee and shall be signed by the chairman or the vice-chairman, or, during the absence of both from head-quarters, by the secretary for the chairman, and shall be submitted through the Director of Public Instruction.

9. Members of the Committee may visit the School at any time and shall record any remarks they may have to make in a book provided for that purpose. This book shall be laid on the table at each monthly meeting.

10. The Committee shall elect six ladies as visitors. These may visit the branch for girls and shall record any remarks they may have to make in a book provided for that purpose. This book should be laid on the table at each monthly meeting.
