From (Name) The Honourable Mr. H. S. Duncan, M. A.,

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

EDUCATIONAL Department.

Sir. /Through/ the Accountant-General, M a d r a s.

I have the honour to request that you will be so good as to obtain the sanction of Government for the creation of a temporary post in the last grade of the subordinate Educational service (Collegiate branch) for a period of nine months from 1st July next, in view to the employment of an additional Assistant Professor in the Presidency College to teach Physics and Chemistry to the students of the Madras College for Women.

No provision exists at present in the Women's College for imparting instruction in the optional subjects-Physics and Chemistry-under groups I and II of the Intermediate course and last year the students attended the laboratory

4

classes in the Presidency College for the purpose and special lecturers were also engaged on an allowance of Rs. 50/- each per mensem, to give tuition out of college hours (vide G.O. No. 288 Mis. Edl., dated 13th March 1915). The latter arrangement has not ~~been~~ ^{found} to be satisfactory and I am not in favour of its being continued. From 1st July next there will be two classes in the Women's College, viz, the Senior and Junior Intermediate, and the number of students that will have to attend Presidency College will be larger than last year. The present time-table of the Intermediate classes in the Presidency College in Physics and Chemistry is as follows:-

		<u>Practical</u> <u>classes</u> <u>Hours</u>	<u>Theoretical</u> <u>classes</u> <u>Hours</u>
First year	Chemistry	2	2
	Physics	2	
Second year	Chemistry	2	
	Physics	2	
Total.			

This table excludes time devoted to the preparation of work of experiments and to the valuation of work done which in the case of these periods must be given to the science students of the college for Women and will give sufficient work to a full man.

In this connection I may mention that the Professor of Physics, Presidency College, has already complained of the insufficiency of the staff to cope with the work of the department and the staff of the Chemistry department in that regard. The two demonstrators recently sanctioned in the G.O. No. 288 Mis. Edl., dated 7th June 1915 is just sufficient for the work. It will thus be impossible to arrange for the teaching of the Science students in the Women's College for Women without seriously interfering with the work of the men and I consider therefore the employment of an assistant in the Presidency College to be very

separate laboratory accommodation is provided in the Women's College. I accordingly propose that a temporary appointment be added to the last grade of the Subordinate Educational Service (Collegiate branch) so that it may be possible to attach to the Presidency College an experienced officer already in a higher grade of the above service competent to teach both Physics and Chemistry, his place being filled by the new temporary officer on Rs. 100. The proposal will raise the number of officers in the last grade of the Subordinate Educational Service from 12 permanent and 1 temporary to 12 permanent and 2 temporary.

2. The extra charge involved during the current year viz. Rs. 800 can be met from the additional provision of Rs. 100 under 22 C Education-Government Colleges-General- referred to in para 2 of G. O. No. R. 145 Finl., dated 19th March 1915.

3. I request the favour of very early orders

I have the honour to be,

Sir,

Your most obedient servant,

C. Krishnamoorti

for Director of Public Instruction.

2. The present number of Officers in the last grade of the subordinate Educational service (Collegiate Branch) stated in the last sentence of para 1 of the Director's letter is correct.

3. There is no audit objection to the proposal being sanctioned by Government.

4. As the savings pointed out in para 2 of the letter is not available, a reappropriation statement has been obtained from the Director of Public Instruction and is submitted herewith. The reappropriation therein proposed requires the sanction of Government in the Financial Department.

Register No. 2483

(F)

In G.O. No.614 Edl., dated the 27th May 1914, sanction was accorded to the opening of the Women's College at Madras for a year from the 1st July 1914. The continuance of the college for another year from the 1st July 1915 has recently been sanctioned.—Vide G.O. No.47 Edl., dated the 4th May 1915. The College has a staff consisting of the temporary principal on Rs.500 per mensem and of two temporary assistants on Rs.200 each per mensem besides special assistants to teach logic, vernacular translation and composition etc. The College has for the time being affiliated to the Madras University only in group III of the Intermediate course. From the correspondence in G.O. No.288 Edl., dated 13th March 1915, and from the Director's current letter it will however appear that some of the students have also taken up for

2. The Director now proposes that a temporary post may be created for a period of nine months from 1st July 1915 in the last grade of the Subordinate educational service (collegiate branch)--pay Rs.100--in view to the employment of an additional assistant professor in the -- Presidency College to teach Physics and ~~Chemistry~~ Chemistry to the students of the Madras College for Women. He states that it is impossible to arrange in the Presidency college for the teaching of the science students of the Women's college without seriously interfering with its regular work. If his proposal is sanctioned the Director ~~adds~~ adds that it will be possible

3. The Secretary of State has recently
accorded sanction to the scheme ~~for~~ for the --
establishment of a Government College for
^{as a tentative & experimental measure}
Women and he has stated that he is taking --
steps with a view to the selection of two
qualified ladies as principal and professor
respectively. He has also desired that a
report on the results attained at the College
at the end of two years should be furnished to
him. To make the College a success, and in
view of the desirability of giving women --
students in Group II, who may intend to join the
Medical College after their passing the Inter-
mediate examination all possible help, which
they would not naturally obtain if they ~~were~~ were
taught by the existing professors of ^{the} Presidency
College who have already sufficiently work to
do, it is submitted that the proposal of the
