HIS EXCELLENCY THE GOVERNOR'S TOUR, 1915.

Extract from an address to be presented to His Excellency the Governor by the Cuddapah District Congress Committee.

3-
 "As for secondary education, we are far behind other districts of the Presidency, there being only two high schools, one at Cuddapah and the other at Proddatur, the latter having come into existence only a few years ago. A large number of school-going population, being too young, are unable to proceed to those places to prosecute their studies further after finishing their primary education. We therefore pray that provision be made for increasing the number of secondary schools so that every Revenue division may have at least a lower secondary school."

Secretariat note.

EDUCATIONAL DEPARTMENT.

Paragraph 22, page 8 of G.O. 394, Educational, 1st May 1913.

Public Instruction Report, Vol. II (1913-14).

Paragraph 3 of Director of Public Instruction's letter, page 2 of G.O. 1858 W, 19th September 1913.

The policy of the Government in regard to secondary education is to encourage, as far as possible, the establishment of aided institutions. On the 31st March 1914 there were five secondary schools in the district. One of these, maintained by the Cuddapah Municipal Council, had classes from the infant standard to the sixth form; the others were incomplete secondary schools. The net cost of the municipal school at Cuddapah is borne from Provincial funds. If additional schools are to be opened, or if any existing incomplete school is to be raised to the complete high school grade, it is for local bodies or private agency to move in the matter and then to apply for aid from the Government.

P. RAJAGOPALA ACHARIYAR—23-6-15.

Returned with the following extract from

His Excellency's reply:

"In respect of secondary education, this district possesses I believe one complete and four incomplete secondary schools. In this matter the policy of Government, as you are no doubt aware, is to encourage private enterprise as far as possible and they will be prepared, so far as they can, to grant aid under the usual rules towards the opening of new or the improvement of existing secondary institutions in private hands."
