Sir,

With reference to G. O. No. 672, Educational, dated 22nd July 1913, calling for a report in connection with the contemplated transfer of the Government Oriental Manuscripts Library to the University of Madras, I have the honour to submit herewith the enclosed copy of a reply from the Registrar of the University to the enquiry made by me on the subject and to suggest that in the circumstances stated by him the date of the transfer and the disposal of the present staff of the *Oriental* Manuscripts Library be settled later.

2. As regards the further conditions on which the transfer of the library to the University is to be made the Curator, Government Oriental Manuscripts Library, is of the opinion that the Oriental Manuscripts Library should be maintained as a separate library even after its transfer to the University and be placed under the charge of a Curator who has a decent knowledge of all branches of Sanskrit Literature and some knowledge of at least two of the South Indian Vernaculars, that the present members of the library should as far as possible be continued on the staff of the library even after its transfer to the University and that the Manuscripts in the ^{library} should on no account be lent out of the library.

3. In this connection, I may mention that the Syndicate of the University of Madras as at present advised manifest no intention of allowing the Oriental Manuscripts Library to be swamped by the general library ^{of the University} and that a building is contemplated in which equal and similar accommodation is provided for each library. It seems desirable, however, that the following two conditions should be imposed on the University:-

(1) that in the original appointment of the Oriental Manuscripts Library staff the final decision shall rest with the Government and that all changes in it for (say) ten years from its first appointment should be subject to the sanction of Government;

and (2) that the rule should continue in operation whereby manuscripts cannot be taken outside the library.

SIR,

With reference to Government Memorandum No. 1267-1 dated 24th October 1913, I have the honour to state that, as the transfer of the Government Oriental Manuscript Library with its present establishment to the University of Madras is proposed as a permanent arrangement, the pensionary rights of the existing staff will not be affected, as they will be eligible on final retirement for a pension from general revenues and University Funds according to the rule of proportions for the combined service on the special sanction of the Local Government, under rule 1 to article 801, Civil Service Regulations, which requires that before sanc-

With reference to Memorandum No. 2854-2 Educational, dated 4th December 1913, I have the honour to submit herewith a list with details as to the name, designation, services &c. of the establishment now employed in the Oriental Manuscripts Library which, the Curator considers, may be transferred along with the Library to the University of Madras and to make the following remarks :

1. The men now borne permanently on the staff, viz., Nos. 1, 3, 5, 6, 7, 8, 9, 10, 11 and 12 in the list may be transferred to the University Library and ~~then~~ the question of confirming T. Ramanuja Rao and V. Krishnamachari, who, in the opinion

9
d/
opinion of the Curator, are deserving of such confirmation,
may be considered at the time of the transfer of the Library.

2. The University should, I think, be required to
provide every member of the staff proposed for transfer with
adequate chances of promotion, due regard being had to his
qualifications, service and his prospects in the Educational
Department. In this connection I beg to invite the attention
of Government to the enclosed copy of the Curator's letter

From

M.R.Ry. Rao Bahadur M. Rangacharya, M.A.,

Library, Madras.

To

The DIRECTOR OF PUBLIC INSTRUCTION,

Madras.

Sir,

In reply to your Proceedings R.C. No. 7121 of 1913, dated the 20th December 1913 requiring me with reference to para 3 of my letter R. C. No. 179 of 1913 dated the 9th September 1913 to submit a list of the establishment which, I consider, may be transferred with the Library to the University of Madras, I have the honour to submit as follows :--

In para 3 of my letter quoted above I suggested that all the members of the staff now employed in the Library should be transferred to the University along with the Library. In this connection I have to point out that there are two things to be taken into consideration in the matter, namely, the welfare of the Library on the one hand and the interest of the staff on the other hand. I presume that the University is going to carry on the work in the Library quite as well as it has been carried on hitherto. It is therefore desirable and necessary that the whole of the staff now employed in the Library should be transferred to the University, the Library being now in no way overmanned. But I am anxious at the same time to see that the members on the staff are not made to suffer in consequence of the transfer.

11

2. I desire to be permitted to observe here that it is within the knowledge of the Director of Public Instruction, Madras, that the present Librarian was for some time an acting Sub Assistant Inspector of Schools, that the permanent Assistant Librarian is now acting as a Sub Assistant Inspector of Schools. These two may hope to get before retirement an Assistant Inspector's place on Rs. 200/- as they still have more than 10 years' service before them. As regards the permanent clerk, he may also hope to rise similarly; even in the clerical line, appointments in the department carrying salaries of Rs. 100/- or more are open to him.

The present Sanskrit Pandit of the Presidency College, Madras, was transferred from the Oriental Manuscripts Library; and the permanent senior Pandit of the Library is now acting as Malayalam Pandit in the Presidency College, Madras. So before retirement the Pandits of the Library have chances of rising to a position carrying a maximum salary of Rs. 100/-. The Pandit Copyists including the Pandit Attender have also prospects of promotion to the places of the Pandits in the Library, when they go out on promotion. Thus it may be seen that under the control of the department, almost every member of the staff, excepting the peons, has chances of having his pay doubled before retirement.

3. I am even now of opinion that, in the interest of the efficient working of the Library even after its transfer, the whole of the present staff, including the persons in the inferior service, should be transferred to the University along with the Library; and towards this end, the University should be asked to provide every member of the staff with adequate chances of promotion before retirement, the prospect providing the possibility of double the maximum salary of the grade

\$ 11
12

grade in which he is at present. I have also to recommend, specially in this connection, that M.R.Ry. R. Ramaswami Ayya gar, T. Ramanuja Rao, and V. Krishnamachari, be made permanent in the places they now hold, as they have given good satisfaction by their work so as to deserve this recommendation.

4. A statement showing the details of service, etc., of the establishment is enclosed.

I have the honour to be,

Your most obedient servant,

Subject.

Transfer of the Oriental Manuscripts Library
to the UNIVERSITY of MADRAS.

Attention is solicited to G.O.No.672, Edl., dated 22nd July 1913, wherein the D.P.I. was asked to submit a report in connection with the contemplated transfer of the Government Oriental Manuscripts Library to the University of Madras. He now reports that pending the development of the scheme of University professorships the Syndicate is not in a position to state definitely when they will take over charge of the library or to submit any definite proposals regarding the staff and other matters.

This question may, as suggested by the Director, lie over for the present.

2. In the meanwhile it may perhaps be better to consider and settle what conditions should be ~~imposed~~ imposed on the transfer. The Director proposes that, besides the one relating to the opening of the library to the public, the following should also be laid down:--

(i) that in the original appointment of the library staff the final decision shall rest with the Government and that all changes in it for ten years should be made subject to the sanction of Government; and

(ii) that the rule should continue in operation whereby manuscripts cannot be taken outside the library.

4. As regards the other question of taking out of manuscripts from the Library, attention is invited to the notes with G.O.No.743, Edl., dated 13th August 1913, in which it has been decided to relax the rule in suitable cases. The proposed condition in this respect need not, therefore, be imposed.

Besides the assets of the Library fund mentioned in para. 1, the University have set apart a sum of Rs.10,500 from the recurring Imperial grant of Rs.65,000 for expenditure on the Library, and the Government have undertaken to make an annual grant of Rs.5,000 for its upkeep. It will thus be seen that the fund will not be of a "merely temporary character" and will be "solvent" and "able to bear" the small "charge" that will be needed to provide for the pension of the establishment to be transferred with the Manuscripts Library. Such charge will also be "legal" as payment of pension to the existing library staff has been formally sanctioned by Government and the extension of the sanction to the staff to be transferred will be ^{no} objectionable.

In reply to the D.P.D.'s enquiry when the university would be able to assume charge of the Govt. Oriental MSS Library the Registrar of the university, who in the 10-9-13 stated that the Syndicate was not in a position to reply definitely pending possible developments in the way of appointments of university professors who might be concerned in the work of the Library. Now that these appointments have been made the Director may be requested to ascertain and report at an early date whether the university will now take charge of the Library. A draft memo is submitted below for approval.

p. 16 CF As the D.P.I. reports that the Syndicate
 would prefer the continuance of the Oriental
 Manuscript Library under the control of Govt.
 until the new university buildings are
 erected and ready for occupation, it is for
 consideration whether the papers may be recorded
 and the D.P.I. requested to resubmit his
 proposals regarding the disposal of the present
 staff of the Oriental MSS Library when the
 university is actually in a position to assume
 charge of the library. If so the draft order
 submitted below is for approval.

Secretary's remarks

"Please make a note of
these papers in the file
relating to the transfer of
the Oriental MSS Library
to the University. It is for
consideration whether the
maintenance of the rule
should not be made
a condition of the transfer."

(Rule viz that
the original mss should
not be allowed to be taken
out of the precincts of the
Library).

Doubt as to how the syndicate met

full Rs 65000 the share done? 11

Rs 5000 of this is for maintenance

of a library they have not taken

over but is that payment intended?

X Attention is solicited to para 2 of letter no 566 Ed.
K On the 14th June 1913 and G.O. no 672 Ed. of the 22nd July
1913 from which it will appear that out of the recurring
Imperial grant of Rs 65,000, was made for the following
purposes:-

para 2 on page 1 of

X
For Librarian (University & Oriental Library)... Rs 6000
For additional library staff, travelling
expenses of pundits, cost of printing, pub- 4,500
lication & purchase of MSS etc

For Courses of lectures of an advanced character by
Specialists from Europe and in India to be
arranged ^{if possible} in conjunction with other Universities... 12,000

For a University professorship in Indian History &
Archaeology at a salary of Rs 500-50-1000,
initial expenditure 6,000

For the development of the Study upon
modern lines of the Languages of India, &
especially of South India - - - 36,000
Total - - 64,500

The recurring grants for the years 1912-13,
1913-14 & 1914-15 were paid to the University under
the Sanction conveyed in G.O. No 741 Dtl dt 28.11.12
No 966 Dtl dt 23.10.13 & No 1265 Dtl dt 11.11.14 respec-
tively. In their letter No 1610 dt 23.10.14, the
Govt of India desired that an account of the ex-
penditure incurred by the Madras University out
of this recurring grant, should from time to
time be forwarded to that Govt and that should
no communication be received from them within
40 days from the receipt by them of the accounts
& the covering letter, the grant might be given
out in the ordinary course unless the Local Govt
considered otherwise. Thus in 1915-16 the grant of
Rs 5,000, was sanctioned for that year after 40 days
of after the despatch of the accounts for 1914-15 &
the covering letter to the Govt of India. From
the accounts of 1913-14 ~~and 1914-15~~ it will
appear that the balances of these grants are
being invested in fixed deposits in the Bank of
Madras.

2. From para 3 of the letter No 566 Dtl
dt the 14th June 1913, it will appear that the
Govt have undertaken to hand over the Oriental
MS

mess Library to the University on the condition that it continues to be open to the public and to make over with it an annual grant of Rs 5000 the amount at present required for its upkeep. Thus it is only when the Library is taken over by the University that the annual grant of Rs 5000 will be made from Provincial funds. This amount will be in addition to the Rs 65,000 as given from Imperial funds.

As to this necessity of grant from Imperial funds?
Not in this separately

A. Please note separately

- ① whether it is permissible to draw grants and visit him?
- ② whether in such case a fixed deposit is a proper form of investment.

(1) On the suggestion of the Govt of India that the whole of the non recurring and recurring grants may be drawn by the University in order that that body may enjoy the benefit of the interest, the Govt. authorised the University to draw, on the first occasion, 4.65 lakhs subject to the conditions that (1) it is funded by the University and (2) that no part of it is spent save on objects approved by H. E. the Chancellor and sanctioned by the Govt. of India. On the strength of the same Rs. 893-74 of 8-10-12, subsequent grants of Rs 65,000 are being paid year after year and the unspent portion of them allowed to be funded.

(2) If such funds should go into the hands of a public officer, they should invariably be invested in Govt. Securities Promissory notes. But the University, being a private body, has invested the amount in fixed deposits in the Bank of Madras apparently because it will enjoy a higher rate of interest than by investing the money in Govt. Securities. The Outside Audit Dept. of the Accountant General's office has not raised any objection to this course hitherto, and there is no rule or order to prevent the University from continuing the existing practice of investing its funds in fixed deposits in the Bank of Madras.
