BOARD OF TRADE
(COMMERCIAL DEPARTMENT)
GWYDYR HOUSE
LONDON

25th June, 19

Sir,

I am directed by the Board of Trade
letter R. and S. 3253, of the 9th June
application by Messrs. Javeri and Comp
relative to their application for a licence
of Sulphur colours to India.

There appears still to be some mis
policy of this Department in respect of
to India, and particularly of application
licences which have been received from Messrs.
accordingly to state for the information
Chamberlain, that between the 15th of June
of June of this year, the Board recom
licenses for the shipment to India from
tons of Aniline Salt, 5,536 lbs. of lic

of dyestuffs and 2 tons of miscellaneous materials for use in the dyeing industries. Included in the licences so recommended were some 22 in favour of Messrs. Javeri, and these covered 24 tons of Aniline Salt, 49½ tons of dyestuffs, and 1½ tons of Alphanaphthylamine. These are important quantities having regard to the very marked shortage of supplies in this country, and the Board are unable to recognise that Messrs. Javeri have any reason to complain of the treatment which they have received.

As regards the particular application to which reference is made in your letter, I am to point out that it was not until the 7th June that Messrs. Javeri indicated the dyes which they desire to be included in the licence. Those dyes are -

Sulphur Brown	3 tons
Sulphur Green	2 tons
Sulphur Blue	2 tons
Sulphur Yellow	2 tons
Sulphur Black	66 tons

The Board are recommending the issue of licences for the first four items in the above list, but having regard to the existing shortage of Sulphur Black, owing to inadequate supplies of the intermediate products required for its manufacture, they regret that they do not see their way to recommend the issue at present of a licence for so large an amount as 66 tons. They are, however, recommending a licence for 20 tons to be shipped within the next two months, (in addition to 7 tons recently sanctioned), and towards the end of that time they will be prepared to consider further application from Messrs. Javeri in respect of that particular commodity. It will, of course, be open to Messrs. Javeri to continue to apply, as in the past, for licences for specific quantities of other dyes.

4 5
I am to add that an intimation to the above effect has been conveyed to Messrs. Javeri.

I have the honour to be, Sir,

Your obedient Servant,

(S'D) H. FOUNTAIN.

The Under Secretary of State for India,
Revenue Department, India Office, S.W.

Revenue

R. & S. 3237.

30th June, 1915.

Sir,

With reference to correspondence ending with your letter of the 15th June C. 16665 I am directed by the Secy. of State for India in Council to forward copy of a letter

Dated 13th May, 1915. (with enclosures)
from the Commerce & Industry Department of the Govt. of India on the subject of the export of dyes from the United Kingdom to India.

In view of the large demand for dyes on the part of cottage workers in India, who cannot become shareholders in British Dyes Ltd., the Govt. of India express the hope that it will be feasible to appoint some agency that will insure India receiving a share of the products of the Company, proportionate not to her representation among the shareholders, but to the requirements of her textile industries. Before considering this proposal the Secretary of State for India would be glad to consider any observations that the Board of Trade may have to offer on it. In particular he would be glad to know whether there is any prospect that the supply of dyes manufactured by British Dyes

I am to add that an intimation to the above effect has been conveyed to Messrs. Javert.
I have the honour to be, Sir,
Your obedient servant,

(Sd) H. FOUNTAIN

The Under Secretary of State for India,
Revenue Department, India Office, S.W.

Revenue
H. F. FOUNTAIN
20th June, 1915.
Sir,

With reference to correspondence ending with your letter of the 18th June 1915, I am directed by the Secy. of State for India in Council to forward copy of a letter

Dated 18th June 1915 from the Commerce & Industry Department of the Govt. of India on the subject of the export of dyes from the United Kingdom to India.

In view of the large demand for dyes on the part of cotton weavers in India, who cannot become shareholders in British Dye Co. Ltd., the Govt. of India express the hope that it will be possible to appoint some agency that will

enable India receiving a share of the proceeds of the business, proportionate not to her representation among the shareholders, but to the requirements of her textile industry. Before commencing this proposal the Secretary of State for India would be glad to consider any observations that the Board of Trade may have to offer on it. In particular he would be glad to know whether there is any prospect that the supply of dyes manufactured by British

Industries, before commencing this proposal the Secretary of State for India would be glad to consider any observations that the Board of Trade may have to offer on it. In particular he would be glad to know whether there is any prospect that the supply of dyes manufactured by British

Ltd., will in a reasonable period be more than sufficient to meet the needs of shareholders.

(N)

I am also to invite the remarks of the Board of Trade on the suggestion made in the letter ^{from} to the Govt. of Madras dated 14th April 1915, that the Company in its initial stages may be able to command an excellent market in India for such aniline colours as methyl violet, brilliant green, soluble blues, auramine and rhodamines, and Congo red and other direct cotton colours, which can be easily manufactured, and which would be a source of steady revenue while the Company's business is being built up.

I am to add that the imports of aniline dyes into India from Germany in 1912-13 and 1913-14 averaged £570,000 per year.

I am, Sir,
Your obedient servant,
T. W. HOLDERNESS.

Assistant Secretary,
Board of Trade,
Commercial Department.
