S I R ,

In Rule 15 of the Grant-in-aid code, in classifying the Baliya community entitled as "Naidu" the main name "Baliya" of the caste is omitted and the sub names such as "Gavara, Vaduga, Teluga" are entered.

During the last census correspondence ensued between myself and the Superintendant of Census operations about the classification of Baliya caste and he approved the suggestion made by me with reference to the "Baliya Purana" and in the Census reports also the word "Baliya" which is the popular term in usage is entered as the main name and the other words "Gavara &c as sub names.

To supply the said omission in the Grant-in aid code I made a reference to the Director of Public Instruction, Madras, quoting the authority, because the authorities of the Educational Department objected and refused to admit the word "Baliya" as the name of the caste as it does not find a place in the code..

In reply the Director of Public Instruction writes to say that he is not prepared to include the Baliya community in the list of backward classes or castes specified

in rule 15 of the Grant-in-aid code. The copy of his proceedings is herewith subltitted.

I therefore beg to request that you will be ~~xxxx~~ pleased to lay the fact before the Government and obtain orders to supply the omission in the Grant-in-aid code in accordance with the census reports which are approved by the Government as the authority in the classification of castes &c, and to communicate the same to the Director of Public Instruction, Madras.

In the case of other communities also the name of the main as well as the sub castes are entered in the Grant-in-aid Code.

I beg to remain,

Sir,

Your most obedient servant

In resubmitting herewith the petition of M.R.Ry P.R. Govindaswami Nayudu, Erode, referred to me for remarks in endorsement No. 2401-1 Edl., dated 15th July 1915, I have the honour to state that the Baliya community as a whole is not backward in point of education as the ^{percentage} ~~present~~ age of male literates in vernacular to the total male population of the community according to the Census figures of 1911 is 20.9 against 13.8, the Presidency average. I am not therefore in favour of including the Baliya in the list of backward classes or castes specified in rule 15 of the Grant-in-aid Code.
