R.C. No. 290 ^{Q+B of 1914} ~~growth~~

Station Tanjore, Dated the 12th August 1915. 190

From (Name) R.B. Wood Esquire, I.C.S.,

(Designation) Collector.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

I have the honour to refer to Government Order
(2) No. 221 Edl. dated 20th February 1914 directing me to acquire
9.43 acres of land for an Industrial School, and asking the
Director of Public Instruction to provide the necessary funds.
The awards in respect of the above lands have been passed by
the Divisional Officer, Tanjore, on 23rd December 1914; but
the payment has not been made yet, as the necessary funds have
not been provided. I addressed the Director of Public Instruc-
-tion and the Director of Industries on 13th April 1915 regard-
ing the matter, but I have had no reply from either officer,
and I am now in the rather ridiculous position of having ---
acquired land under the orders of Government, but of having
no money to pay the awards.

2. In their memo No. 358-I Edl. dated 8th February 1915

SK
page 169 of
in the linked file

and No.883 I dated 22nd March 1915, Government directed me not to hand over the land to the Mission pending the settlement of the terms on which they should aid the Industrial School, and I have issued instructions to this effect. But the ^{settlement of} ~~fact that~~ the final question as to the management etc. of this school is quite distinct from the provision of the necessary funds to pay for the land which has been actually acquired.

3. I therefore request that the Government will be pleased to provide the necessary funds so that the land may be taken possession of at an early date.

SUBJECT.

Funds required for the acquisition of land for an industrial school at Tanjore.

Please see G.O. No. 740 Educational, dated the 12th August 1913 in which the Govt sanctioned the acquisition of a piece of land ^(in Tanjore) for the location of an industrial school. The D.P.S. was ^{first} directed to submit proposals in due course for ~~the acquisition~~ meeting the cost of the acquisition. The collector ^{now} states that the ~~award~~ awards have been passed by the Divisional officer but that the payment has not been made yet. It is not understood why the D.P.S. and the Director of Industries who were addressed by the collector did not send a reply to him. The Director of Industries

p. 3 of notes in the linked file.

The departmental order was linked in this.

But subsequently he was informed that the matter might be settled by him in consultation with the collector. The latter in his letter of 26.1.15 reported to Govt. that the land had been acquired - a sketch which justifies a presumption that the money had also been paid for.

Industries should, it is submitted, have taken steps to provide the necessary funds as ~~via~~ the industrial school, if established would be under his control. In the Industrial budget for the current year there is a sum of Rs 21,000 being the Imperial recurring grant for industrial education. Out of this, a sum of Rs 5,491 has been spent on the purchase of tools & machinery for certain industrial schools & a sum of Rs 5,000 is to be given as grant for the construction of a building for the St. Joseph's Industrial School, Bellary. There is therefore a balance of Rs 10,509. This amount has not yet been earmarked for any definite object. The cost of acquisition of the site for the Tanjore school may, it is submitted, be met from this. The amount required is only about Rs 2880. A draft order is submitted for approval. It may be sent to the Financial Department for acceptance.
