Sir,

In his letter R.C.No. 4154/14, dated 10th August 1914, Mr. Stone recommended to Government that the halting allowance of Mr. S.J. Hall, the Physical Training Instructor, might be raised from Rs.2 to Rs.2-8-0 in view of the fact that the instructor has to incur extra expenditure in the shape of room rent, conveyance etc. But Government in their order No. 1155 Edl., Mis., dated 9th October 1914 were not prepared to address the Government of India for the reason that Mr. Hall's case was not of sufficient importance to justify a special reference. Mr. Hall has again represented the inadequacy of his halting allowance and in view of the

fact that the cost of living has considerably increased in recent years and that the instructor has to tour throughout the Presidency, I request that the orders passed by Government in No.1155 Edl., Mis., dated 9th October 1914 may be reconsidered and the sanction of the Government of India be obtained for a halting allowance of Rs.2-8-0 on his behalf.

SUBJECT.

Increasing the halting allowance of Mr. S. J. Hall, Physical Training Instructor

Please see the notes and orders with G.O. No. 1155 Ed., of the 9th October 1914 in which the Govt. decided that Mr. Hall's case was not of sufficient importance to justify a ^(Special) reference to the Govt. of India with a view to enhancing his daily ~~allowance~~ ^(from Rs 2 to Rs 2-8-0 as proposed by the D.P.S.) No new grounds having been urged on the present occasion, it is unlikely that the Govt. will be prepared to reconsider their previous orders. ~~order~~ ^(order is accordingly) Submitted below for approval.

Will Financial please advise?

I certainly think we should support this application. Travelling is particularly

expensive

b

expensive in the case of officers of this class. They almost always travel by train and never can make long halts, so that they get all the lean parts and none of the fat ones of the travelling allowance rules. Supposing (the ~~most~~ usual ^{case} ~~case~~) that Mr. Hall goes to a place one day, halts one day and goes on the next. The dak bungalow, if a first class one, will charge him Re.1 a day (Rs.1-8-0 if his wife is with him) for three days and he will have to pay, say, 8 annas each way to get his kit taken to and from it. He will want a servant and will have to pay him, say, 4 annas a day batta, net total Rs.4-12-0, and he will draw Rs.2. We cannot expect him to travel under such conditions.

I attach no importance to the argument that the Government of India ~~are~~ not to be disturbed except on matters of great moment. It is for them to pass orders on the matters which they require Local Governments to refer to them.

Sir,

in the City of Madras on a salary of Rs.200 per mensem, to begin with, for a period of five years.

2. This officer, Mr. S.J. Hall, when not engaged in the City of Madras, is required to visit European schools in the mufassal and to superintend the instruction given in physical training there. Under Article 1063 of the Civil Service Regulations he is entitled to a daily allowance of Rs.2 only. Travelling is always comparatively expensive in the case of officers of this class who generally travel by train and can never make long halts, since daily allowance cannot be drawn for the days on which they travel and is in any case inadequate to cover the charges for use of dak bungalows and for carrying their luggage to and from. His Excellency the Governor in Council therefore recommends that the daily allowance admissible to

This is the allowance admissible to
a sub-engineer of the sixth grade, the
lowest post to which an ex-soldier of
parts is ordinarily appointed in the
Public Works Department.
