Department of Education.
Education.

SIR,

It has been represented to the Government of India that an addition be made to the general educational tables so as to show the proportion of Muhammadans to all pupils in the high and middle stages of secondary education. The Government of India, as at present advised, are averse to any further elaboration of the general tables and consider that the object in view could best be secured if the Directors of Public Instruction embody in the section on Muhammadan education in their annual and quinquennial educational reports a simple table or a sentence giving the information indicated in the attached form. I am to request that, *with the permission of the Governor in Council,* the necessary steps may be taken to give effect to this suggestion.

I have the honour to be,

SIR,

Your most obedient servant,

W. Sharp

Offg. Secretary to the Government of India.

So. will follow

Proportion of Muhammadan scholars to the total number of scholars in each of the secondary stages of school education (high and middle English and vernacular schools).

Secondary schools.	High stage.	Middle stage.

N.B. - The information in the first column will represent the percentage of Muhammadans in the high and middle stages taken together.
