From (Name) K. T. B. Tressler, Esq.,

(Designation) Director of Industries.

To The The Secretary to Government,
Educational Department.

Sir,

(G)

With reference to G.O. No. 690 Edl. dated 26th June 1915 (Confidential) I have the honour to report that the following schools under my control are or have been under the management of hostile aliens viz.,

- (1) Nayudupet H. E. L. M. Industrial School.
- (2) Gudur G. M. Lace Making Class
- (3) Chombala B. G. M. Girls' Industrial School.
- (4) Evangelical Luthern Mission Girls' Industrial School, Kempstoun.
- (5) H. E. L. M. Industrial School, Koraput.

2. Of these schools Koraput School has been closed entirely. The Nayudupet School was closed but has recently been re-opened under the managership of Rev. H. R. Spangler a gentleman of American nationality. Gudur G. M. and Kempstoun Lace Making Class and Chombala/Schools are managed by

Miss Martha Drewes, Rev. Dr. J. Meyer and

Deaconess Sister Johanna Herget respectively

three
of German nationality. I have served ~~both~~ the latter
schools with a notice saying that Government grants will be
discontinued after the 30th September 1915.

3. As regards the Nayudupet School I have to
request orders as it is not clear to me how the G. O.
under reference applies to the School. The body to whom
the School belongs the Herman^{nburg} Evangelical Lutheran Mission
is German, but the German element has for the time been eli-
minated. In my opinion the change is ^a purely temporary
temporary one and I therefore think that the Nayudupet
School being the property of a German Missionary body
should be closed in spite of its being managed at present
by an American. I have therefore deferred sending a notice
to this school pending receipt of Government views on
this point.

I have the honour to be,

sir,

Your most obedient servant,

Sir,

With reference to Government Memorandum No. 2432-1 Edl., dated 27-7-15, I have the honour to state that the Correspondent reports that the School is not at present either directed or controlled by the H.E.L. Mission but that he is unable to say whether the original management will again take charge of the school after the war. Copies of his letters are enclosed. I do not consider that the position is sufficiently defined to warrant a continuation of grant and request orders on the point.

Copy of letter C.B.452/ix dated 6-8-15 from the
Correspondent, H.E.L.M.Industrial School, Nayudupet.

I have the honour to reply to your communication No. B-15 dated the 31st of July that the H.E.L.M.Industrial school, Nayudupet is at present not directed nor controlled by the H.E.L.Mission. I have as a matter of fact consulted with those who used to manage the school in reference to the operation of the same because of my lack of experience in the management of such institution, but so far as absolute control is concerned it is in the hands of the management.

The German Mission Council which here-to-fore controlled all the institutions has assumed no responsibility in the administration of the school.

So far as it is possible for the school to receive any foreign funds they can come alone from America. The Ohio syned in the United States has been contributing to this mission and, I believe, is doing so at present, but there are no such connections with Germany. Concerning my relation with the Mission I might say that I am not receiving any support from the H. E. L. M. Mission, but am wholly supported by the American Evangelical Lutheran Mission, Guntur. I am here to take the place which no German now can fill owing to his status in the country.

SUBJECT.

Aid to German Mission industrial
Schools.

para 3, page 2 of op.

In his letter Mr Treacher raises the question whether the Maynourport industrial school which belongs to a German mission, but is at present under the management of an American missionary, should be served with a notice to the effect that Govt aid to the school would be stopped from the 30th September next. It is submitted that the transfer of management of the school was effected in March last with a view to its being allowed to receive a trading licence from the Govt to carry on the work of the school. Please see G.O. No 617 published the 20th April 1915 & the notes with it. As the school however, belongs to ~~the~~ a German mission Mr Treacher considers

considers that Govt aid should be dis-
continued & the school closed. It
is for orders whether Mr. Treacher's
view may be accepted. The decision
^{SK} may depend upon the nature
²⁻⁷⁻¹⁵ of the management held by the
American Missionary in connection
with this school. The Govt. of India
letter refers to "institutions directed
"by managers members of nations
"with whom hostilities are in
"progress." For this purpose it
seems immaterial whether
any hostile members are present
in the institution or not,
but the criterion appears to be
the final control of the ~~manager~~
institution. From pages 5 & 11
of the papers with fo. 617. Oct. 3 20.4.0
it would seem that the manage-
ment of the American Missionary
of the school is only of a temporary
nature and is only for the purpose
of running the institution. It is
not clear in whom the general
control now rests. Apparently
in the German Mission. If so,
it is sub^d that the recom^d

of Mr. Tinsley to discontinue the grant may have to be accepted.

A
2/7/15

With the C. please advise? The wording of India's letter is "institutions conducted by members of tribes with whom hostilities are in progress". The wording of your J.O. (which is in accordance with the new Council) is

"institutions which are conducted or controlled by members of tribes with whom hostilities are in progress". With the purely temporary discontinuation of the grant element after the Schurba in regard to the Nagoleph School. I am inclined to tell our members to inform the notice to the school.

The Basel Mission has Germans on the managing body. Notice has been given that all grants will cease on 31st October 1915. No proposals for transfer of management have been made. The Mission is endeavouring to reconstitute itself as a Swiss Society eliminating German officials.

The Leipzig Evangelical Mission proposes transfer to the Swedish Mission. The question whether this should be allowed is under discussion. It will turn on the character and sympathies of the Swedish Mission.

(From Mr. Maclean's note it appears that at present the Swedish Mission is an auxiliary of the Leipzig Mission, that the proposal is to transfer the entire management to the Swedish Committee and not to employ German agents so long as the war lasts, though receiving financial aid from Germany.

The Herrmannsburg Evangelical Mission has their activities chiefly concentrated in the districts of Cuddapah, Chittoor and Nellore. It

before the outbreak of the war, sold two of its

whose representative has not yet arrived to take

the American Evangelical Lutheran Mission (Guntur),

It wants to transfer the management of this school

if we can recognize the proposed arrangement

My dear Stokes

It was recently decided in Council that the G.O. about grants should be applied to the Basel Mission Schools. Now there are no Germans actually teaching in or directly controlling these ^{Basel} schools but because the Mission Home Board contains Germans it was held to be appropriate to apply the G.O. I find it hard to discriminate between that case & the present one, for, in this case too, we have absence of direct German control but a German Mission Board in the background.

It is no doubt a matter of opinion in such a case as the present whether there is hostile "direction" within the meaning of the G.O. I's letter but I do not think that a reference to the G.O. I. is necessary. The Local Govt. must, I think, exercise its discretion in interpreting the G.O. I's orders & it has done so in the case of the Basel Mission where the
