Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 9th August 1916.

No.—R.O. 5724.

The scheme for an extension of work in domestic science in connection with European schools first sanctioned for one year in G.O. No. 1225, Educational, dated 3rd November 1914, was subsequently extended for a further period of one year in G.O. No. 1348, Educational, dated 8th December 1915. I have now the honour to request sanction for the continuance of the scheme on the same terms for a further period. During the second year for which sanction was given, the lecturers in the courses concerned started work on different dates and the period of one year ends on different dates in the case of each course. This is very inconvenient for account and budget purposes, and I beg therefore to request that sanction may be accorded for the continuance of the scheme for the present up to 31st December 1918 and for the retention up to that date of the services of Miss Winifred Park and Miss Ruby A. A. Kenny whose employment as temporary lecturer on domestic economy, and needle-work and dress-making, respectively, was sanctioned in G.O. Mis. No. 1113, Educational, dated 6th October 1915, and G.O. Mis. No. 39, Educational, dated 11th January 1916. Full provision for the scheme has been made in the current year's budget, and the necessary provision will be proposed in the budget for 1917-18.

Order—No. 1015, Home (Education), dated 25th September 1916.

The Government sanction the continuance up to the 31st December 1918 of the arrangements sanctioned in G.O. No. 1225, Educational, dated the 3rd November 1914, for extension of the work in domestic science in connection with European schools. They also sanction the retention up to that date of the services of Miss Ruby A. A. Kenny as temporary lecturer in needle-work and dress-making on a pay of Rs. 300 a month.

2 The Director of Public Instruction is requested to submit his recommendation in regard to the appointment of a successor to Miss Winifred Park who is reported to have resigned her post.

From the Director of Public Instruction, dated the 9th August 1916, No. R.O. 5724.

Attention is invited to the notes to G.O. Nos. 1348-9, Educational, dated the 8th December 1915, in which has been fully discussed the necessity or otherwise for the continuance of the classes on Domestic Science and it is seen from this department's note on page 4 of the notes to the Government Order above that sanction was accorded for another year in view of the fact that the temporary lecturer's (Miss Park) retention had been sanctioned for one year. In view of these notes and in view of the fact that the Director of Public Instruction has not in his present letter given any account of the results of the working of these classes during the period they have been in existence by way of urging the necessity or urgency for their continuance, it is for consideration whether the Director may be asked to report on the results of the working of these classes and to explain clearly the necessity for their continuance till the end of December 1918. If so, the draft memorandum below is for approval.

S.N.P.—17-8-16.

T.K.—18-8-16.

The scheme sanctioned in G.O. No. 1348, Educational, dated the 8th December 1915, was for the training of specialist *teachers* in domestic science. The course of training was to run for a period of two years, the course coinciding with the calendar year. It was estimated that at least twenty teachers would be needed for the present for this Presidency and not more than eight or ten could be trained at a time. If the first batch had started with eight or ten students in the beginning of January 1916, their course would be over by the end of 1917; and a second batch of another ten pupils would begin their course by January 1917 and finish by December 1918. The two batches will exhaust the present requirements of the Presidency. There is thus justification for the retention of the classes up to the end of December 1918 as proposed by the Director of Public Instruction. The only point of doubt is that during 1917 there will be two batches working. From the fact, however, that no additional establishment is asked for during that period, it may be presumed that the sanctioned establishment can cope with the additional work in that year.

The Director of Public Instruction may perhaps be asked u.o. to state if the facts are as above.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The scheme described in my letter R.O.C. No. 4322/14, dated 16th September 1915, has not been sanctioned at all although Miss Kenny's appointment which formed part of it has been in G.O. No. 39, Educational, dated 11th January 1916. Consequently there is no provision for training teachers and none have been admitted for training.

What I am now asking for is a continuance of the present organisation of the centre, the employment of Miss Park and Miss Kenny and what this involves till December 1918. If this is granted we shall know where we are and be able to organise the centre work satisfactorily whether the scheme for training teachers is approved or no. I am asking the Inspector to report as to the work the centre has been doing up to date. It would be a very great pity to let this most useful and promising institution drop. As it becomes less necessary for Anglo-Indian schools its staff and organisation can be diverted to meet the needs of Indian schools where there will be scope for its usefulness for many years to come.

Miss Park has resigned and I want to advertise for a successor to her so that the matter is urgent.

It is proposed to sanction the continuance up to 31st December 1918 of the scheme for extension of work in domestic science in connection with European schools, introduced by G.O. No. 1225, Educational, dated 3rd November 1914 and costing Rs. 12,296 per annum.

Pending the receipt of, and orders on, the report, Financial may, it is submitted, agree to the continuance of the scheme, say till 31st December 1916.

4. If the scheme is to be continued, it is submitted that Miss Ruby A. A. No. 1113, Educational, dated 6th October 1915.
