Statement of the Objects, and an Appeal on behalf,  
of the Civil Orphan Asylums

THE MADRAS CIVIL ORPHAN ASYLUMS were founded one hundred and seven years ago for the gratuitous education, board and lodging of the orphans of Europeans and their descendants, who are not eligible for admission into the Military Asylums in the Presidency. They have thus stood the test of time, and continue to retain public confidence.

It is no easy task to feed, clothe and educate over two hundred orphans. It is a still more difficult matter to successfully launch out into life these children, educated up to the Middle School Standard, to make their way through the ever-increasing crowd of better educated competitors.

The necessity, character and scope of the work done in these institutions are well known to the general public in Madras, and the help received is practically confined to the residents in this city. But all orphans throughout the Presidency are eligible for admission. This fact, it may be assumed, is generally known throughout the mofussil, from the applications which are made from various stations for the admission of orphans; but the Directors regret that the claim *resulting from this fact*, upon persons residing in the mofussil, for some contribution towards the support of these institutions, does not appear to be so generally recognized.

These institutions are managed by a particularly strong Directorate, elected by the subscribers.

The Bishop of the Diocese is the President, the Archdeacon and the Garrison Chaplain are the Vice-Presidents, the institutions are under the control of a resident Principal who is a Clergyman of the Church of England, and the rest of the Clergy of the Church of England are *ex-officio* patrons. Though the religious instruction imparted here is in accordance with the tenets of the Church of England, destitute orphans of all denominations are admitted.

The Directors, therefore, earnestly request the *Clergy in the Presidency and mofussil*, either to make regular periodical collections in their Churches on behalf of the Asylums, or else to circulate this appeal, together with the accompanying report, among the European and Eurasian residents at their stations, who are particularly invited to come forward and contribute, according to their means, towards the support of institutions which provide such efficient relief for the destitute and distressed members of their own community.

REPORT

ON THE

Madras Civil Orphan Asylums

AND

St. Mary's Church Charity School  
for 1915

THE Directorate has the pleasure of presenting to the subscribers and friends of these institutions a brief report on their working during the year 1915.

The boys and girls continue to be taught together. For educational purposes they form one school, but, as the management of each school is independent of the other, the report deals with each branch separately.

### DIRECTORATE

At the annual election for Directors in 1915, the Hon'ble Mr. Justice Oldfield, the Hon'ble Mr. Justice Spencer, Mr. W. Hutton and Mr. J. F. Dinwoodie joined the Directorate, filling up vacant places. No other changes occurred during the year.

The Rules and Regulations and the Bye-laws were thoroughly revised so as to recognize the new office of Principal and to define his powers. They were passed finally at a General Meeting of Subscribers on November 26, 1915.

## The Principal's Report for 1915

*Read at the Distribution of Prizes, March 1, 1916,  
the Hon'ble Sir Harold Stuart, K.C.S.I., K.C.V.O.,  
presiding.*

SIR HAROLD STUART, LADIES AND GENTLEMEN,

In the name of the Directors, the staff and the pupils of these Asylums, I beg to thank you for the honour you have done us by coming here to-day; and you, Sir, especially, for kindly consenting to preside and to distribute the prizes. This adds one more practical proof to the many others we have already received of your sympathy with our work amongst the destitute Anglo-Indian orphans of this Presidency, and will make us face another year's responsibilities and duties with braver hearts and renewed courage.

When His Excellency honoured us with his presence at our last Prize Day, he formally opened this fine block of school buildings, the gift of the Government to us. We were thenceforward put in the position of stewards of the great opportunities thus generously provided, and after a year's stewardship it behoves us to give an account thereof. I am glad to be able to report that we can give good grounds for believing our year's work has proved us not unworthy of the trust imposed on us.

In the first place the report of the Inspector of European Schools, who spent December 21 in thoroughly inspecting every department, pays a most gratifying tribute to the efforts of the whole staff in trying to rise to our new opportunities and improve on our results under the old conditions. I take the liberty of quoting three sentences from this report—

- (1) 'The general administration of the institution has undoubtedly improved, the Principal's efficient management making continuous progress possible.'

- (2) 'There is a nice spirit in the school: the discipline is most effective and quite unobtrusive.'
- (3) 'With the removal of the school to the new building it was possible to carry out several improvements, and the boarding arrangements may now be considered satisfactory.'

These authoritative statements show conclusively that the organization of the institution and the education, discipline and bodily welfare of the children are being carefully studied and improved, and the many friends of these Asylums will, I am sure, feel glad to know it.

In the second place the results of our children's doings in Public Examinations show a decided improvement all round. In the middle school our two girl candidates passed, Doris Joyce in the second class, and Sybil Davey in the third. The former gained first place in arithmetic. Three of our children, these two girls and Henry Francis, have been awarded scholarships at Bishop Corrie High School and are now commencing their studies there for the High School Examination. In the Diocesan Prayer Book Examination we have easily beaten our previous records:—In the Intermediate Division fourteen children passed out of twenty and we gained seventh, eighth, tenth, etc., places, while in the Elementary Division all our nineteen candidates passed, and we gained first, fifth, sixth, eighth, etc., places. We have sent up eight candidates for the Peter Cator Scripture Examination this month, and have entered seven candidates—four girls and three boys—for the Government Technical Examination in Typewriting next April.

These results have been rendered possible only by unremitting and patient work on the part of the teachers, and I would take this opportunity of thanking the whole Staff, and especially the head master, Mr. G. A. H. Hankins, for their loyalty to me, their conscientious work with the children, and their kindly co-operation in all endeavours to raise the status of the school educationally, and in willingly joining, out of school hours, in all games and those little social amusements and pleasures that transform a formal institution into a real happy home for these fatherless

children. As regards extra subjects, our Shorthand, Typewriting and Commercial Book-keeping Class is being developed more prominently, as affording an avenue of employment to some of our children, and we have been fortunate to secure the services of a trained and experienced teacher. Our Singing and Physical Drill classes are quite as good as ever and evoked favourable comment from the Inspector. Our senior girls attend the Government centre for lectures on Domestic Economy and Cookery, which are also taught here, and for which we are now fitting out a centre in the Asylums. Our senior boys attend the Government centre for lectures on Manual Training. Our school band is again likely to afford another avenue for employment to some of our boys, as we have an experienced band instructor, formerly Band Sergeant of Lawrence Memorial School, who has started several likely boys on a thorough course of theoretical and practical music. We are appealing to our friends for financial aid for necessary repairs and purchases of band instruments.

In sports and games our children, as usual, give a very good account of themselves. Our Cadets and our Boy Scouts uphold the honour of the Civil Orphan Asylum in all competitions. Our Hockey Team still hold the M.V.G. Cadet Challenge Cup, and in school matches they have won all their matches but one, and that was a drawn game. Our girls have their corps of Girl Guides which is doing very good work under the guidance of Miss Fallon. In the Doveton Tennis Challenge Cup Competition our representatives were, as usual, the smallest and youngest of the competitors and, of course, had no chance of winning, but their pluck and keenness were very favourably commented on by the spectators. In the competition held by the St. John Ambulance Association two weeks ago, two of our Girl Guides won first and second of the prizes presented by Her Excellency to the Girl Guides of Madras.

In matters spiritual the children have every opportunity of learning to be Christ's faithful soldiers and servants. Besides our two parade services every Sunday, our kind friend Miss Williams takes a Bible Class for the senior children, while all the rest form a Sunday School taught by Mr. Hankins, Miss Martin,

two of our monitresses, Mrs. Wood and myself. On March 29, our forty-six candidates were confirmed by the Lord Bishop, and we have now a class of twenty-seven preparing for confirmation.

Amongst our staff, whom I have already thanked for their loyalty and conscientious work, there have been a few changes. Mr. Buckenham, as foreshadowed in our last report, went to work up in 'the hills' at Mussoorie, and Mr. G. A. H. Hankins has filled the post of head master with efficiency and success. Mr. O'Doherty went off to the front in October to join Lieut. Guthrie and Sergt. Baker and many of our old pupils in fighting for the Empire. Mr. J. R. Taylor joined as second assistant master, and already has done good work in superintending the school games and taking charge of the Boy Scouts. Miss Marcar left us to take up a position in the Collegiate School, and Miss Ferguson now completes the staff. Sergt. Markham, formerly Head Sergeant at Lawrence Memorial Schools, and Sergt. Hillman, formerly Band Master of the same school and afterwards of the M. & S.M. Railway Volunteers, are now our two sergeants, and they know their work thoroughly. Our lady teachers still continue to lose no opportunity of adding to their qualifications, and we have to congratulate:—Misses Fallon, Hughes and Flynn on gaining certificates in the second year's course of Domestic Economy and Cookery, and Miss King in the first year's course of the same subjects; also all these four ladies on gaining certificates in Sewing; also Miss Flynn on passing the High School Examination.

Our Medical Officer reports favourably of the many improvements made during the year by improving the water supply pipes, filling up an old well and covering over another, putting the tank into good order and cleaning the compound thoroughly. We have had more admissions to our hospital than the previous year, but there was no illness of a serious character. We, however, felt the want of permanent Isolation sheds very keenly, and it is good to know that plans for these Isolation Hospitals are already drawn up and the work will shortly be started. Here is another opportunity for some kind friends to help us.

The Honorary Treasurer reports that our receipts for 1915

were Rs. 53,872 as against an expenditure of Rs. 52,797, with a credit balance of Rs. 2,507 on December 31. As our Government grants, however, are all included in the above, and they have to do their share of our support until March 31, this balance will be considerably smaller by the end of the official year, or may perchance have reverted to the other side. The average number of children supported for the year has been 202 at an average of Rs. 21-12-6.

Finally come the questions, 'To what purpose is all this expenditure, all this work?' Have the children, at the end of their training here, shown any signs of having profited thereby? The answer, I am glad to say, is now a more favourable one than we could have given last year.

In last report I begged the public of this Presidency to give our children a chance when they get old enough to go out into the world to earn their living. I am thankful indeed to say that this appeal was heard and acted on, and it is with a grateful heart I report that since last prize day we have sent out thirty-nine children, for thirty-one of whom places were provided, and two were sent to a High School. Ten boys were mobilized at Fort St. George, one boy apprenticed to a tea planter, six boys and one girl joined business firms in Madras, two girls and one boy were awarded scholarships in Bishop Corrie High School, one girl was apprenticed to dress-making, one girl became a Typist in the General Post Office, two girls went as nurses in the Gosha Hospital, one girl is a nursery maid in Travancore, three boys have joined Perambore Works, one boy entered electric works on the west coast, and one girl married well. I have received several letters from those who have taken our boys and girls, giving a very favourable account of their conduct and progress, and, in three instances, promising places for others in the near future. Only one out of all we have sent out has changed his place, a lad who, evidently fired by the example of Lord Clive, deserted a desk in an office for the more warlike surroundings of Fort St. George.

This goodly list of children who have successfully started on their career in life will, I feel sure, gratify the many kind

friends and patrons of these orphanages: to us, the staff, it is a source of honest pleasure and thankfulness that it has been permitted to each of us to take some little share in the building up of their characters. And, thus encouraged and stimulated, we feel we can with good reason appeal, not only to you our friends, but to the public of this Presidency, to aid us with your prayers, your sympathy and your bounty, in continuing and extending our work in this outpost of the Empire. The St. Mary's Church Charity School for 200 years, and the Civil Orphan Asylums for 108 years, have nobly striven, separately at first but now happily combined in one, to rescue Anglo-Indian orphans from sinking down into the ranks of 'The Lost Legion' and to train them to be dutiful and worthy sons and daughters of our great Empire. And we thank our Heavenly Father for the measure of success He has bestowed on our efforts, and look forward to the future with faith in the continued protection of Him who is the Father of the fatherless.

## APPENDIX A

### Annual Medical Report of the Civil Orphan Asylums, Madras, for the year 1915

1. *General Health.*—It is to be regretted that owing to an out-break of fever in June and July and an epidemic of chicken pox in November and December, the number of admissions in 1915 as in-patients was larger than in 1914. There were in all 434 admissions in 1915 against 382 in 1914. Of this number 184 were for fevers (malarial and otherwise), seventy-two for diseases of the digestive system, sixty-four for diseases of the skin and fifty for chicken pox. There were no cases of Enteric fever during the year and no fatal cases. Only three children had to be sent to the General Hospital for special treatment. There were 1,084 admissions among out-patients.

2. *Diets.*—The scale was revised again and introduced from August 1, 1915. It is rather soon to be able to report if the new scale is an advantage or not.

3. *Epidemics.*—Fever of unknown origin prevailed to a great extent in June and July and chicken pox in November and December.

4. *Hospital Buildings.*—The main building is in good condition but the Isolation sheds had to be dismantled owing to their dilapidated condition. They have not been rebuilt from want of funds, but it is expected that this difficulty will soon be overcome and the construction of the sheds will be commenced at an early date—great difficulty was experienced last year in accommodating the large number of infection cases that were admitted.

5. *Cost of Medicines.*—Rupees 114-1-7 in 1915 against Rs. 75-7-5 in 1914 and Rs. 225-4-8 in 1913.

6. *Staff.*—Major J. H. Kirkpatrick, I.M.S., continued to be in medical charge and Apothecary A. Wells in sub-charge throughout the year. Nurse Dring resigned on December 15, 1915, after rendering very efficient service for upwards of three years and was relieved by Nurse Brown.

19 12

7. *General Remarks.*—Great improvement has taken place in the sanitary condition of the buildings and compound. The dormitories have been completely rid of bugs after drastic measures had been adopted. One of the old wells referred to in the last report has been filled in and the other covered over. The pond has been improved and all weeds and undergrowth removed. The compound has been cleared of all undergrowth. The drains have been repaired and improved. The water supply has also been improved by renewing and cleaning of the pipes. The method of disposal of waste water is, however, unsatisfactory and presents a very difficult problem as owing to the height of the subsoil water and the presence of impermeable clay it has not been found possible to find a suitable place for soakage pits. I fear that to put the matter right will entail a considerable outlay on the part of the Directors.

MADRAS,

MAJOR, I.M.S.,  
Medical Officer.
