I have the honour to acknowledge the receipt of your letter no. 698, dated the 14th July 1916, regarding the Mysore University.

A
2. The Mysore Durbar, to whom its contents were communicated, state in reply that, as a result of the informal discussions which took place through the Madras Government they have now obtained an assurance that 'the Mysore concessions to Madras views will receive due recognition' and that 'any application from the Mysore University will engage the best attention of the Syndicate'. The Durbar say that they have met the views of Madras in respect of several matters as explained in para. 3 of my letter no. 4476, dated the 26th June 1916.

para 8 and 14 of 9-773 add. 18
14-7-16
3. In these circumstances, the Durbar consider that they have every reason to hope that all outstanding questions between the two Universities will be satisfactorily settled at an early date.

4. The Mysore University Regulation, I should add, was passed into law on the 25th July 1916, and the Senate and the Council have also been appointed from that date. The Mysore University Council propose, therefore, to communicate formally with other Universities and take necessary action for securing reciprocity as regards recognition of degrees and other connected matters. I enclose a copy of the Regulation and the first ordinances together with the Notification issued thereunder.

5. Finally, the Durbar desire that their grateful acknowledgments may once again be communicated to the Government of India for the facilities so generously

The statement of the Mysore Christian
quater in the course the residents
letter is of a misleading kind.
They have received no official as-
surance of any kind. All they have
is an informal opinion of
Lishwanwarin Ayin Wallah &
myself in which the words quoted
occur. The first sentence depends
entirely on its meaning on the word
"due", the second is a mere matter
of course. I think it would be
quite useless to communicate this
fact to the University and might do
a lot of harm.
Another point is that the
informal conference took place
"through the Madras Government"
I do not know whether this is a
statement of fact.
Para 4 seems to me the only one in
which the Madras University is
concerned, and one would
suppose University Council
that the Madras which
propose to enter into relations
with the Madras University
would communicate itself
all necessary information.

No. 3. It has been noted
that the Madras University
Notes in Co. Conference
had no official
25. 9. 16 Secretary.

Honer (Ed. 2)

I read the Director's w/o
 note on the previous page it
 appears that he is not in favour
 of communicating a copy of
 the correspondence to the Syndicate.
 It is therefore for others whether
 the papers may ~~simply~~ be
 recorded. If so the revised
 draft below is for approval.
