To The Secretary to the Government of Madras,
Educational Department.

Sir,

With reference to your endorsement No. 902-1 Educational dated 13th March 1916 communicating G. O. No. 446 Rev. dated 25th February 1916 in connection with the alienation of certain land in Coimbatore town for the construction of Sri Sarada Girls' School, I have the honour to state that the Inspectress of Girls' Schools, Southern Circle, reports that there is a well conducted London Mission Girls' School within a distance of 250 yards from the site alienated and that this school will be seriously affected if the Sri Sarada Girls' School is removed to the new site. She was not consulted when the Collector made his recommendation to the Board

of

of Revenue. I accordingly request that you will be good enough to have the order reconsidered.

I have the honour to be,

Sir,

Your most obedient servant,

From A.R. Cumming Esq., I.C.S., Collector of Coimbatore, D.Dis. No.2678/Rev. of 1916, dated the 24th August 1916.

In reply to Board's Reference No.1390 Gt/16-1, dated the 15th July 1916, I have the honour to submit the following

5
-2-
following report.

2. In their order No. 446, Revenue, dated 25th February 1916, the Government sanctioned the alienation of 18 out of the 23 cents comprising T.S. Nos. 402 and 403 of Coimbatore town in favour of the Board of Trustees of the Sri Sarada Girls' School for the construction of a permanent building for the school. The site has not yet been formally handed over to the School Board pending disposal of an application from that body for an additional site of about $\frac{1}{4}$ of a cent in the same locality.

3. The Director of Public Instruction has, at the instance of the Inspectress of Girls' School, Southern Circle, asked the Government to reconsider the order of alienation on the ground that there is a well-conducted London Mission Girls' School within a distance of 250 yards from the site alienated and that that school will be seriously affected if the Sri Sarada Girls' School is removed to the new site. It is also pointed out that I did not consult the Inspectress before I recommended the alienation.

4. I enclose a sketch showing the position of the London Mission School, that of a rented building wherein the Sri Sarada Girls' School is at present located and that of the new site to which the latter

will

6

will be removed after a building is constructed. These posi-

x/p 8 info tions are respectively marked A, B and C in the sketch. The distance from A to B is 540 feet and that from B to C is 310 feet. If the Sri Sarada Girls' School is removed to C, it will be situated further from the London Mission Girls' School than it is at present and in a street different from that in which the two schools are at present located. When first started early in January 1912 the Sri Sarada Girls' School was located in a temple at the site marked D in the sketch and was subsequently removed to the present rented building at B.

5. The Revenue Divisional Officer, Coimbatore, examined the strength of the schools and finds that even as it is, the Sri Sarada Girls' School has not in any way prejudicially affected the strength of the London Mission Girls' School; he further observes that the removal of the former to the site C is bound to reduce the risk of its doing so hereafter.

6. These being the facts, I do not understand why the Inspectress of Girls' Schools, Southern Circle, considers that the London Mission Girls' School "will be seriously affected

OFFICE NOTE.

SUBJECT. Alienation of land for the construction of Sri Sarada girls' school at Coimbatore.

From the D. P. J. No. 4522, dated the 22nd June 1916.

Register No. 2176.

There are sixteen girls' schools in Coimbatore town, one secondary and fifteen elementary. All these schools are under the management of private bodies and they have all been recognised by Govt. The area of the municipality as per town survey records is 4.27 square miles and the total population of girls of school going age in the town is 3,570. It seems doubtful whether in a town like Coimbatore the London Mission girls' school will be seriously affected by the location of the Sarada school at a distance of 250 yards, ~~from~~ ^{that is, a little more than a furlong,} from the former school. The Coll^x of Coimbatore would probably

have considered this question before ap-
plying for the alienation of the land ^{and} ~~and~~
no other suitable site for the Sarada
school would have been available.

2. In the above circumstances it
is for consideration whether G. O. no
446 Rev, dated the 25th February
1916 should now be reconsidered. If
so, it has first to be ascertained whe-
ther the land in question has actually
been conveyed to the Board of trus-
tees of the Sarada school. If this
has already been done the only course
open seems to be to acquire the land
under para 2 (iii) of G. O. no 446 Rev, of the 25-2-16.
The Revenue department may, it is
submitted, be first consulted on.

Please see the Collector's report at pages 4-7 CF. In the circumstances stated therein, it is submitted that there seems to be no reason to reconsider the orders already passed in G.O. 446 Rev D, 25-2-16 sanctioning the alienation of the land in question for the construction of Sri Sarada Girls' school. With these remarks, the file may, it is submitted, be transferred to the Home (Educ) Dept. cc.
