dated the 18th September 1916.*

Read letter No. 3322/14, dated 16th September 1916, from the Director of Public Instruction, Madras, on the question of the affiliation of the Government College at Anantapur in group iii of the Intermediate course, stating that the conditions of affiliation suggested by the Inspection Commission appointed to hold the local inquiry are accepted and that affiliation is sought not for any term of years, but that the Government having promised a college for the Ceded districts will not close the college established in redemption of that promise while they remain convinced of its utility.

Resolved that the Senate be recommended to record its opinion that the application for affiliation be granted by Government.

(7)

Report of the Syndicate upon the application of the Director of Public Instruction, Madras, for the affiliation of the new Government College at Anantapur in group iii (Ancient History, Modern History, Logic, Telugu, Kanarese and Sanskrit) of the Intermediate courses.

The Syndicate reports the following correspondence relative to this application :—

Letter No. 3322 of 1914, dated August 27, 1915, from the Acting Director of Public Instruction, Madras, to the Registrar, University of Madras.

Government have sanctioned the establishment of a second grade college for the ceded districts at Anantapur for a period of two years with effect from July, 1915, and it is proposed to have it affiliated to the University in Groups i and iii of the Intermediate

Course. I have, therefore, the honour to forward, with reference to Regulation 374 of the University Regulations, an application for its affiliation and to state that further information will be furnished to the Syndicate as soon as possible. It is desired to have the question of affiliation brought before the meeting of the Senate that will be held in March 1916.

SUB-ENCLOSURE

Application for affiliation of the Government College for the ceded districts at Anantapur in Groups i and iii of the Intermediate Courses.

(a) *Management*—The college is to be a Government institution under the control of the Director of Public Instruction.

(b) *Teaching staff*—The staff will consist of—

- (i) Principal and Senior Lecturer in English.
- (ii) Lecturer in English.
- (iii) Two Lecturers for Mathematics, Physics and Chemistry.
- (iv) Three Pandits for Telugu, Kanarese and Sanskrit.

The College will also be provided with suitable clerical and menial establishments.

The first two members of the staff will be chosen for their ability to supply in addition to their English work the necessary instruction in History and Logic. It is expected that the staff mentioned above will deal efficiently with the first year Intermediate class, and it will be supplemented by two additional Lecturers when the second year Intermediate class is started, i.e., July 1917. The Lecturers who will be men of high academic qualifications will be appointed sometime before the opening of the college, and they will hold their appointments subject to the provisions of the Civil Service Regulations.

(c) and (f) *Buildings*—The buildings wherein the college is to be located have not yet been settled. The subject is under correspondence between the Director and the Public Works Department. When the question of accommodation is finally settled due regard will be paid to the requirements mentioned in Clauses (e) and (f) of University Regulation 375.

(d) *Library*—Due provision is being made for a Library. Steps are being taken to purchase the necessary books.

(e) *Laboratory*—Arrangements will be made in conformity with the University Regulations for imparting instruction in Physics and Chemistry in a properly equipped laboratory. Chemical and Physical apparatus to the value of about Rs. 14,160 is being ordered.

(g) The college will be a Government institution.

(h) The affiliation of the college will not be prejudicial to the interests of education as there is no other college at present in the ceded districts.

(i) Standard rates of fees will be charged.

Assurance—After the college is affiliated any transference of management and all changes in the teaching staff will be forthwith reported to the Syndicate.

Letter No. 5834, dated September 18, 1915, from the Registrar, University of Madras, to the Director of Public Instruction, Madras.

With reference to your letter, No. 3322 of 1914, dated August 27, 1915, forwarding an application for the affiliation of a Government College in the ceded districts at Anantapur in Groups i and iii of the Intermediate Course, I have the honour to inform you that the Syndicate will await the further information promised therein.

Letter No. 3322 of 1914, dated February 8, 1916, from the Director of Public Instruction, Madras, to the Registrar, University of Madras.

With reference to your letter No. 5834, dated September 18, 1915, I have the honour to furnish below the additional information regarding the Government College to be opened at Anantapur promised in my letter R.C. No. 3322/14, dated August 27, 1915.

In the preliminary application for the affiliation of the institution it was stated that the buildings wherein the college was to be located were not settled. It has, however, been since ascertained that the building known as "Munro's Cutcherry" at Anantapur can be made available for the location of the college and that an estimate has also been called for from the Public Works Department for improving its conditions in regard to lighting and ventilation.

As regards the Library to the college, books to the value of about Rs. 3,000 have been ordered from England, and they are expected to reach India by the beginning of April next.

In regard to the laboratory to the college, I beg to state that arrangements are being made by the Public Works Department for the erection of a gas and electric installation, that scientific apparatus and chemicals to the extent of nearly Rs. 14,500 have been ordered and that they are expected to be ready for delivery at the beginning of April next.

I may add that in the matter of laboratory accommodation and fittings the Public Works Department will have the benefit of the advice of Mr. R. Littlehales, formerly Acting Professor of Physics in the Presidency College, and M.R.Ry. M. C. S. Anantapadmanabha Rao Avargal, Lecturer in Science in the Teachers' College and that the former has already inspected the building in company with the Executive Engineer, Anantapur, and that the latter has just been instructed to visit Anantapur for the purpose.

Letter No. 1232, dated February 12, 1916, from the Registrar, University of Madras, to the Director of Public Instruction, Madras.

With reference to correspondence ending with your letter No. 3322 of 1914, dated February 8, 1916, applying for the affiliation to the University of a Government College for the ceded districts, which is to be opened at Anantapur, I have been directed by the Syndicate to inquire when it is intended to appoint the staff for the proposed college and when the accommodation will be ready for inspection.

Letter No. 3322 of 1914, dated March 8, 1916, from the Director of Public Instruction, Madras, to the Registrar, University of Madras.

With reference to your letter No. 1232, dated February 12, 1916, I have the honour to state that the Syndicate will be duly informed when the staff for the proposed college at Anantapur has been appointed and also as to the readiness of the building for inspection.

Letter No. 3322 of 1914, dated June 22, 1916, from the Director of Public Instruction to the Registrar, University of Madras.

In continuation of my letter, R.C. No. 3322 of 1914, dated August 27, 1915, forwarding an application for the affiliation of the new college proposed to be opened at Anantapur, I have the honour to state that the college will be started during the first week of July 1916, and that provision has been made with the approval of Government for imparting instruction there in Parts I and II of the Intermediate Course and in Group iii only of Part III the subjects to be taken up in that group being History, Logic and either Telugu, Kanarese or Sanskrit.

In modification of the staff mentioned in the application forwarded with my letter referred to above it is proposed to appoint the following staff only at present:—

1. Principal and Senior Lecturer in English on a salary of Rs. 300.
2. Junior Lecturer in English and Logic on a salary of Rs. 250.
3. Lecturer in History.

The first two officers will be gazetted officers while the third will be an officer of the Subordinate Educational Service the pay of which ranges from Rs. 100 to Rs. 200. To the above three posts experienced Masters of Arts or Honours Graduates with distinction will be appointed and for teaching the languages mentioned under Group iii the services of competent pandits will be entertained. Proposals for the appointment of the Principal and the Junior Lecturer in English are being submitted for His Excellency the Governor's approval and the rest of the staff will be appointed by me before the end of this month.

The question of affiliating the college in Group i of Part III of the Intermediate Course may be dropped now as it is not proposed to impart instruction in that group at present owing to the delay in the supply of the necessary apparatus and other appliances from England and the want of laboratory accommodation. I beg, therefore, to request that affiliation may be sanctioned only in Group iii of Part III.

I may add that it is proposed to locate the college in the spacious Government building constructed for the Municipal High School, Anantapur, which will afford much more satisfactory accommodation than the Munro's Cutcherry which it was at first proposed to use and to start the second year Intermediate class also next month should a fair number of eligible students offer themselves for admission.

Letter No. 5564, dated July 19, 1916, from the Registrar, University of Madras, to the Rev. A. G. Hogg, M.A., the Rev. E. M. Macphail, M.A., B.D., Mark Hunter, Esq., M.A., M.R.Ry. B. Rama Rao Avargal, M.A., LL.B., and M.R.Ry. G. Venkataranga Rao Garu, M.A.

I have the honour to inform you that, in connection with an application received from the Director of Public Instruction, Madras, dated August 27, 1915, for the affiliation of a second-grade college for the ceded districts at Anantapur, you have been appointed a Commission to conduct a local inquiry under Section 21 (2) of the Indian Universities Act of 1904 and the corresponding Regulations of the University.

It was originally proposed that the college should provide for instruction in Groups i and iii of the Intermediate Course, including in the latter the languages, Telugu, Kanarese and Sanskrit. Subsequently the proposal for the affiliation of the college in Group (i) has

been dropped. The scope of the enquiry should, therefore, cover the provision to be made by the college in the subjects to be taken by candidates selecting Group iii of the Intermediate Course and the languages above named and should further have reference to all the requirements laid down by the Indian Universities Act and the Regulations to be fulfilled by colleges applying for affiliation to the University. The report upon the enquiry should be communicated to the Syndicate without being divulged to the Management of the College.

It is presumed that you would be willing to undertake the duty, and, in this connection, I have to suggest that Mr. Mark Hunter should act as Convener of the Commission. The papers relating to the application are accordingly being forwarded herewith to him in original. The Commission is requested to make its own arrangements for visiting the college on a date convenient to themselves and the management, who are being informed of the appointment of the Commission by the Syndicate.

Letter No. 5565, dated July 19, 1916, from the Registrar, University of Madras, to the Director of Public Instruction, Madras.

With reference to your letter No. 3312 of 1914, dated August 27, 1915, applying for the affiliation of a second-grade college at Anantapur and to subsequent correspondence thereon, I have the honour to inform you that the Syndicate has appointed the following Commission to conduct a local inquiry in the college in accordance with the provisions of Section 21 (2) of the Indian Universities Act:—

The Rev. A. G. Hogg, M.A.

The Rev. E. M. Macphail, M.A., B.D.

Mark Hunter, Esq., M.A.

M.R.Ry. B. Rama Rao Avargal, M.A., LL.B.

M.R.Ry. G. Venkataranga Rao Garu, M.A.

Mr. Mark Hunter has been requested to act as Convener of the Commission which has been requested to make its own arrangements for a suitable date to inspect the college.

Copy of letter No. 6419, dated August 14, 1916, from the Registrar, University of Madras, to the Principal, Government College, Anantapur, forwarded for information to the Director of Public Instruction, Madras, under endorsement No. 5420, dated August 14, 1916.

With reference to the application received from the Director of Public Instruction, Madras, for the affiliation of the Government College at Anantapur in Group iii of the Intermediate Courses, I have the honour to inform you that the Commission appointed to conduct a local inquiry under Section 21 (2) of the Indian Universities Act, 1904, proposes to inspect the college on Saturday, the 26th instant.

Report, dated September 8, 1916, of the Inspection Commission appointed to hold a local inquiry at the Government College at Anantapur.

We have the honour to report that, by direction of the Syndicate, we held a local inquiry on Saturday, August 26, 1916, in connection with the application of the Director of Public Instruction, Madras, for the affiliation to the University of the college recently established at Anantapur. Affiliation is sought for the Intermediate Course, Part I—English, Part II—Sanskrit, Telugu and Kanarese, Part III—Ancient and Modern History, Logic, Sanskrit, Telugu and Kanarese. The college is under the management and control of Government and, we understand, has been instituted in response to a widely expressed desire on the part of influential people in the ceded districts that a Government College should be established in a suitable locality within these districts. The college is staffed by Government officers as follows:—

Principal and Senior Lecturer (English)—Mr. S. E. Ranganadhan, M.A., L.T. (M.A.—first class in English). Provincial Educational Service. Formerly Junior Professor of English at the Presidency College.

Junior Lecturer (Logic)—Mr. S. Radhakrishnan, M.A., L.T. (Mental and Moral Science, second class). Special appointment. Formerly Assistant Lecturer in Philosophy at the Presidency College.

Assistant Lecturer (History)—Mr. V. Jagannadha Rao, M.A., L.T. (M.A.—History). Formerly Lecturer in History in the Noble College, Masulipatam and Sub-Assistant Inspector of Schools.

Mr. S. V. Appalacharya, Sanskrit Pandit (Previous appointment—Sanskrit Pandit, Government Secondary School, Rajahmundry).

Mr. M. Suryanarayana Sastri, Telugu Pandit (Previous appointment—Telugu Pandit, Government Secondary School, Rajahmundry).

Mr. P. Sundara Sastri, Kanarese Pandit (Previous appointment—Kanarese Pandit, Government Girls' High School, Bangalore).

Clerk—G. Lakshmana Rao (Previous appointment—Head clerk, Office of the Assistant Inspector of Schools, Anantapur district).

Librarian—C. Ramanujulu Nayudu (Previous appointment—Acting Clerk, District Board Engineer's Office, Anantapur).

Application has been made for another Assistant Lecturer with special qualifications in English, and it is believed that the appointment will be sanctioned. All the three Pandits have some knowledge of English, but probably not sufficient to enable them adequately to supervise composition work, the subject matter of which is taken partly from English books. Their methods of teaching also are not quite up to date. It is desirable that so far as possible,—that is to say, without prejudice to efficiency in other subjects—graduate members of the staff should be associated with the Pandits in the conduct of Part II of the course.

Strength.

The present strength of the college is forty-one, nineteen in the first year class and twenty-two in the second-year class. The maximum strength contemplated is about forty in each class, and indeed larger classes are scarcely practicable so long as the college is housed in the present building. Of the students now reading in the college all but five belong to the ceded districts.

Studies.

The time-table now adopted is, we consider, well arranged, working hours being satisfactorily distributed between the several subjects and adequate provision being made for Library work. On the supposition that the staff will be increased by the appointment of an assistant with special qualifications in English, that adequate provision will be made for giving instructions on modern lines in Composition in the vernacular, and that, so long as present conditions with regard to accommodation obtain, the strength of neither class will be permitted to exceed forty-five, we record our opinion "that the character and qualifications of the teaching staff and the conditions governing their appointment and tenure of office are such as to make due provision for the courses of instruction to be undertaken by the college, and that due proportion is maintained between the number of the staff and that of the students under instruction."

Buildings.

The building in which the college is now located is still under construction, but a considerable part, amply sufficient for the present classes, has been completed. The building was originally intended to be the Municipal High School, but it is quite suitable for college purposes. It is a two-storied structure consisting of two wings with a connecting block, the upper storey of which will form an excellent reading-room and library, and the ground floor a spacious entrance hall. A lecture room is assigned to each subject. There are in addition a Principal's office, a clerk's office and a common room for the staff. The rooms are well proportioned and suitably furnished and equipped. When the whole building is finished, accommodation will be provided considerably in excess of what is required for the existing classes, and indeed fully sufficient for the needs of a first grade college, with classes of moderate strength, affiliated in non-scientific subjects. Tiffin sheds for students and storerooms have been constructed close to the college. The college is surrounded by spacious grounds suitable for tennis, hockey or football. Here also a hostel and residence for the Principal and some of the staff could, if judged desirable be built. Government, however, does not seem to have decided whether to retain the present building permanently for the college or to hand it over after a few years to the Municipal High School. In the latter event a new college building would be put up elsewhere. We understand that an excellent site is available.

Hostel.

No regular provision so far has been made for the construction of a hostel, nor is the question at present under consideration. The Principal, however, intends to submit to the Director of Public Instruction a proposal to rent a house near the college in which twenty students can be accommodated. At present seventeen students of the college are residing in this building and are generally looked after by the Sanskrit Pandit who also lives in the same building. We visited this temporary hostel and saw the students' quarters, which we found clean and fairly comfortable. Of the remaining twenty-four students now on the college rolls, fifteen reside with parents or guardians, the rest (nine) are looking after themselves. It is essential that, in accordance with the regulations, satisfactory provision should be made for "the supervision and physical welfare of all students belonging to the college."

Library.

A good beginning towards a library has been made. Rs. 3,525 has been sanctioned for library books, class books and maps, and it is proposed to sanction another Rs. 2,000 next year. Books to the value of about Rs. 3,000 have already been purchased and a

further supply has been ordered. The books bearing on English studies which have already been purchased are all suitable, but very considerable additions must be made before this section of the library can be regarded as adequate. Amongst other works which might readily be mentioned, the Oxford Dictionary—indispensable in any affiliated Arts college—should be at once obtained.

There is a fair collection of historical works, but the supply of historical and general atlases and of historical wall maps is insufficient.

As provision for Logic, the library contains what is already a sufficient and what (if one or two omissions are rectified and a few duplicates are provided) will be an ample supply of well-selected books suited to the capacity of the Intermediate students.

All the books immediately necessary for Intermediate Telugu studies have already been supplied, and when the additional books now ordered have arrived the library will possess most standard works in Telugu including prose works of well known modern authors.

So far the library does not possess a single Kanarese book. Rs. 60 has been sanctioned for the purchase of Kanarese books and a list of books—good enough so far as they go—has been prepared. It is, however, desirable that a number of prose works which may serve as models for Composition (vide list appended to the report of the Committee appointed for fixing the standard for Kanarese Composition in the Intermediate Examination) should be immediately procured, as also a selection of Poetical works such as are usually prescribed for the Intermediate Examination in Group iii.

Affiliation is not at present sought in any branch of experimental science.

As yet no provision has been definitely made for the residence of the head of the college and the members of the staff in or near the college. The Principal's present residence is, however, quite close to the college. When the location of the college has been finally settled, the Government may be recommended to provide quarters for the Principal and some of the staff in the college grounds.

Finances.

As the college is a Government institution, it was not necessary for us to make any enquiries into the question of its financial resources.

We are of opinion "that the affiliation of the college, having regard to the provision made for students by other colleges in the same neighbourhood, will not be injurious to the interests of education or discipline."

The rate of fees is that obtaining in the Presidency College, and annual reading-room and sports fees, each Rs. 2, are also levied. Consequently there can be in this matter no such competition with any existing college in the same neighbourhood as would be injurious to the interests of education.

Assurances are given that, "after the college is affiliated, any transference of management and all changes in the teaching staff will be forthwith reported to the Syndicate."

General.

It is necessary to draw the attention of the Syndicate to the letter of the Director of Public Instruction, dated August 27, 1915, in which it is stated that "Government have sanctioned the establishment of a second-grade college to the ceded districts at Anantapur for a period of two years with effect from July, 1916." There appears to be no provision in the Act or in the Regulations for temporary or experimental affiliation such as seems to be here implied. On the other hand, both the Act and the Regulations seem undoubtedly to require guarantees of "continued maintenance" as an essential condition of affiliation; and unless such guarantees are given, we do not think the Senate can be advised to approve the affiliation. If, however, assurance is given that Government has every intention to maintain the Anantapur College as a permanent institution, and if at the same time the authorities express their willingness to supply such deficiencies as have been mentioned in this report, we are satisfied that the Senate may be recommended to record its opinion that the application for affiliation may be granted.

Letter No. 7283, dated September 15, 1916, from the Manager-in-charge, Office of the Registrar, University of Madras, to the Director of Public Instruction, Madras.

With reference to correspondence ending with this office endorsement No. 6420, dated August 14, 1916, on the subject of your application for the affiliation of the proposed Government College at Anantapur in Group iii of the Intermediate Course, I have the honour,

by direction of the Syndicate, to refer to you for favour of very early remarks the accompanying report of local inquiry conducted by the Inspection Commission recommending that the affiliation be granted on certain conditions.

Letter No. 3322 of 1914, dated September 16, 1916, from the Hon'ble Mr. J. H. Stone, M.A., F.R.H.S., C.I.E., Director of Public Instruction, Madras, to the Registrar, University of Madras.

With reference to your letter No. 7283, dated 15th instant regarding the affiliation of the ceded districts college working at Anantapur in Group iii of the Intermediate Course, I have the honour to inform you that the conditions of affiliation suggested by the Commission appointed to hold the local inquiry are accepted subject to the following remarks:—

(1) The statement in Mr. Duncan's letter R.C. No. 3322 of 1914, dated August 27, 1915, that Government had established the college for two years was irrelevant. Affiliation is sought not for any term of years.

(2) Government have promised a college for the ceded districts and it may be taken that there is no intention to close the college established in redemption of that promise, while Government remained convinced of its utility.

The Syndicate considered the above communication together with the whole correspondence in circulation on September 13, 1916, and resolved to recommend the Senate to record its opinion that the application for affiliation may be granted by the Government.

Order—No. 1209, Home (Education), dated the 17th November 1916.

Under section 21 (4) of the Indian Universities Act, 1904, the Governor in Council is pleased to sanction the affiliation to the University of Madras of the Ceded Districts College, Anantapur, in group iii—Ancient History, Modern History, Logic, Telugu, Canarese and Sanskrit—of the Intermediate courses of study.

DATED THE 17TH NOVEMBER 1916.

[SUBJECT.—*Affiliation of the Ceded Districts College, Anantapur.*]

From the Registrar, University of Madras, dated the 9th November 1916, No. 8680.

A draft order sanctioning the affiliation applied for is submitted. As it has been decided in G.O. No. 1071, Education, dated the 9th October 1916, to designate the college "The Ceded Districts College, Anantapur," this designation is adopted in the draft.

2. A reference to the Director of Public Instruction seems to be unnecessary as it was he who originated the proposal for affiliation.

Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Home (Education) Department.
Dated—Senate House, the 8th November 1916.
No.—8680.

I have the honour, by direction of the Syndicate, to submit, under regulation 374 (d), for disposal by His Excellency the Governor in Council the accompanying application from the Director of Public Instruction, Madras, for the affiliation of the new Government College at Anantapur in group iii (Ancient History, Modern History, Logic, Telugu, Kanarese and Sanskrit) of the Intermediate courses of study, together with copies of the proceedings of the Syndicate and the Senate on the subject, and of the report submitted by the Syndicate to the Senate.

At its adjourned meeting held on the 28th October 1916 the Senate recorded its opinion that the affiliation may be granted by Government.

ENCLOSURES.

(1)
UNIVERSITY OF MADRAS.

Extract from the Minutes of the adjourned meeting of the Syndicate,
dated the 14th September 1915.

Read letter No. 3312 of 1914, dated 27th August 1915, from the Director of Public Instruction, Madras, submitting an application for affiliation of the Government College for the Ceded districts proposed to be opened at Anantapur in groups i and iii of the Intermediate courses.

Also report thereon of the Affiliation Committee of the Syndicate, stating that consideration may be deferred pending receipt of further information promised.

Resolved that further information as to the proposed college be awaited.

(2)
Extract from the Minutes of the Syndicate passed in circulation,

Report of the Syndicate upon the application of the Director of Public Instruction, Madras, for the affiliation of the new Government College at Anantapur in group iii (Ancient History, Modern History, Logic, Telugu, Kanarese and Sanskrit) of the Intermediate courses.

The Syndicate reports the following correspondence relative to this application:—
Letter No. 3322 of 1914, dated August 27, 1915, from the Acting Director of Public Instruction, Madras, to the Registrar, University of Madras.

Government have sanctioned the establishment of a second grade college for the ceded districts at Anantapur for a period of two years with effect from July, 1915, and it is proposed to have it affiliated to the University in Groups i and iii of the Intermediate Course. I have, therefore, the honour to forward, with reference to Regulation 374 of the University Regulations, an application for its affiliation and to state that further information will be furnished to the Syndicate as soon as possible. It is desired to have the question of affiliation brought before the meeting of the Senate that will be held in March 1916.

SUB-ENCLOSURE.

Application for affiliation of the Government College for the ceded districts at Anantapur in Groups i and iii of the Intermediate Courses.

(a) *Management*—The college is to be a Government institution under the control of the Director of Public Instruction.

(b) *Teaching staff*—The staff will consist of—

- (i) Principal and Senior Lecturer in English.
- (ii) Lecturer in English.
- (iii) Two Lecturers for Mathematics, Physics and Chemistry.
- (iv) Three Pandits for Telugu, Kanarese and Sanskrit.

The College will also be provided with suitable clerical and menial establishments. The first two members of the staff will be chosen for their ability to supply in addition to their English work the necessary instruction in History and Logic. It is expected that the staff mentioned above will deal efficiently with the first year Intermediate class, and it will be supplemented by two additional Lecturers when the second year Intermediate class is started, i.e., July 1917. The Lecturers who will be men of high academic qualifications will be appointed sometime before the opening of the college, and they will hold their appointments subject to the provisions of the Civil Service Regulations.

(c) and (f) *Buildings*—The buildings wherein the college is to be located have not yet been settled. The subject is under correspondence between the Director and the Public Works Department. When the question of accommodation is finally settled due regard will be paid to the requirements mentioned in Clauses (c) and (f) of University Regulation 375.

(d) *Library*—Due provision is being made for a Library. Steps are being taken to purchase the necessary books.

(e) *Laboratory*—Arrangements will be made in conformity with the University Regulations for imparting instruction in Physics and Chemistry in a properly equipped laboratory. Chemical and Physical apparatus to the value of about Rs. 14,160 is being ordered.

(g) The college will be a Government institution.

(h) The affiliation of the college will not be prejudicial to the interests of education as there is no other college at present in the ceded districts.

(i) Standard rates of fees will be charged.

Assurance—After the college is affiliated any transference of management and all changes in the teaching staff will be forthwith reported to the Syndicate.
Letter No. 5834, dated September 18, 1915, from the Registrar, University of Madras, to the Director of Public Instruction, Madras.

With reference to your letter, No. 3322 of 1914, dated August 27, 1915, forwarding an application for the affiliation of a Government College in the ceded districts at Anantapur in Groups i and iii of the Intermediate Course, I have the honour to inform you that the Syndicate will await the further information promised therein.

Letter No. 3322 of 1914, dated February 8, 1916, from the Director of Public Instruction, Madras, to the Registrar, University of Madras.

With reference to your letter No. 5834, dated September 18, 1915, I have the honour to furnish below the additional information regarding the Government College to be opened at Anantapur promised in my letter R.C. No. 3322/14, dated August 27, 1915.

In the preliminary application for the affiliation of the institution it was stated that the buildings wherein the college was to be located were not settled. It has, however, been since ascertained that the building known as "Munro's Cutcherry" at Anantapur can be made available for the location of the college and that an estimate has also been called for from the Public Works Department for improving its conditions in regard to lighting and ventilation.

As regards the Library to the college, books to the value of about Rs. 3,000 have been ordered from England, and they are expected to reach India by the beginning of April next.

In regard to the laboratory to the college, I beg to state that arrangements are being made by the Public Works Department for the erection of a gas and electric installation, that scientific apparatus and chemicals to the extent of nearly Rs. 14,500 have been ordered and that they are expected to be ready for delivery at the beginning of April next.

I may add that in the matter of laboratory accommodation and fittings the Public Works Department will have the benefit of the advice of Mr. R. Littlehales, formerly Acting Professor of Physics in the Presidency College, and M.R.Ry. M. C. S. Anantapadmanabha Rau Avargal, Lecturer in Science in the Teachers' College and that the former has already inspected the building in company with the Executive Engineer, Anantapur, and that the latter has just been instructed to visit Anantapur for the purpose.

Letter No. 1232, dated February 12, 1916, from the Registrar, University of Madras, to the Director of Public Instruction, Madras.

With reference to correspondence ending with your letter No. 3322 of 1914, dated February 8, 1916, applying for the affiliation to the University of a Government College for the ceded districts, which is to be opened at Anantapur, I have been directed by the Syndicate to inquire when it is intended to appoint the staff for the proposed college and when the accommodation will be ready for inspection.

Letter No. 3322 of 1914, dated March 8, 1916, from the Director of Public Instruction, Madras, to the Registrar, University of Madras.

With reference to your letter No. 1232, dated February 12, 1916, I have the honour to state that the Syndicate will be duly informed when the staff for the proposed college at Anantapur has been appointed and also as to the readiness of the building for inspection.

Letter No. 3322 of 1914, dated June 22, 1916, from the Director of Public Instruction to the Registrar, University of Madras.

In continuation of my letter, R.C. No. 3322 of 1914, dated August 27, 1915, forwarding an application for the affiliation of the new college proposed to be opened at Anantapur, I have the honour to state that the college will be started during the first week of July 1916, and that provision has been made with the approval of Government for imparting instruction there in Parts I and II of the Intermediate Course and in Group iii only of Part III the subjects to be taken up in that group being History, Logic and either Telugu, Kanarese or Sanskrit.

In modification of the staff mentioned in the application forwarded with my letter referred to above it is proposed to appoint the following staff only at present:—

1. Principal and Senior Lecturer in English on a salary of Rs. 800.
2. Junior Lecturer in English and Logic on a salary of Rs. 250.
3. Lecturer in History.

The first two officers will be gazetted officers while the third will be an officer of the Subordinate Educational Service the pay of which ranges from Rs. 100 to Rs. 200. To the above three posts experienced Masters of Arts or Honours Graduates with distinction will be appointed and for teaching the languages mentioned under Group iii the services of competent Pandits will be entertained. Proposals for the appointment of the Principal and the Junior Lecturer in English are being submitted for His Excellency the Governor's approval and the rest of the staff will be appointed by me before the end of this month.

The question of affiliating the college in Group I of Part III of the Intermediate Course may be dropped now as it is not proposed to impart instruction in that group at present owing to the delay in the supply of the necessary apparatus and other appliances from England and the want of laboratory accommodation. I beg, therefore, to request that affiliation may be sanctioned only in Group iii of Part III.

I may add that it is proposed to locate the college in the spacious Government building constructed for the Municipal High School, Anantapur, which will afford much more satisfactory accommodation than the Munro's Cutchery which it was at first proposed to use and to start the second year Intermediate class also next month should a fair number of eligible students offer themselves for admission.

Letter No. 5564, dated July 19, 1916, from the Registrar, University of Madras, to the Rev A. G. Hogg, M.A., the Rev. E. M. Macphail, M.A., B.D., Mark Hunter, Esq., M.A., M.R.Ry. B. Rama Rao Avargal, M.A., LL.B., and M.R.Ry. G. Venkataranga Rao Garu, M.A.

I have the honour to inform you that, in connection with an application received from the Director of Public Instruction, Madras, dated August 27, 1915, for the affiliation of a second-grade college for the ceded districts at Anantapur, you have been appointed a Commission to conduct a local inquiry under Section 21 (2) of the Indian Universities Act of 1904 and the corresponding Regulations of the University.

It is presumed that you would be willing to undertake the

Letter No. 5565, dated July 19, 1916, from the Registrar, University of Madras to the

Report, dated September 8, 1916, of the Inspection Commission appointed to hold

Principal and Senior Lecturer (English) Mr. S. F. D.

Junior Lecturer (Logic)—Mr. S. Badhakrishnan M.A., B.L., (M. A. 1935, B. L. 1936)

Assistant Lecturer (History)—Mr. V. Jagannadha Rao

Mr. S. V. Appalacharya, Sanskrit Pandit (Previous)

Mr. P. Sundara Sastri, Kanarese Pandit (Previous appointment—Kanarese Pandit, Government Girls' High School, Bangalore).

nt Inspector of Schools, Anantapur district).

... Engineer & Co., Annapolis).

As provision for Logic, the library contains what is already a sufficient and what (if one or two omissions are rectified and a few duplicates are provided) will be an ample supply of well-selected books suited to the capacity of the Intermediate students.

All the books immediately necessary for Intermediate Telugu studies have already been supplied, and when the additional books now ordered have arrived the library will possess most standard works in Telugu including prose works of well known modern authors.

So far the library does not possess a single Kanarese book. Rs. 60 has been sanctioned for the purchase of Kanarese books and a list of books—good enough so far as they go—has been prepared. It is, however, desirable that a number of prose works which may serve as models for Composition (vide list appended to the report of the Committee appointed for fixing the standard for Kanarese Composition in the Intermediate Examination) should be immediately procured, as also a selection of Poetical works such as are usually prescribed for the Intermediate Examination in Group iii.

Affiliation is not at present sought in any branch of experimental science.

As yet no provision has been definitely made for the residence of the head of the college and the members of the staff in or near the college. The Principal's present residence is, however, quite close to the college. When the location of the college has been finally settled, the Government may be recommended to provide quarters for the Principal and some of the staff in the college grounds.

Finances.

As the college is a Government institution, it was not necessary for us to make any enquiries into the question of its financial resources.

We are of opinion "that the affiliation of the college, having regard to the provision made for students by other colleges in the same neighbourhood, will not be injurious to the interests of education or discipline."

The rate of fees is that obtaining in the Presidency College, and annual reading-room and sports fees, each Rs. 2, are also levied. Consequently there can be in this matter no such competition with any existing college in the same neighbourhood as would be injurious to the interests of education.

Assurances are given that, "after the college is affiliated, any transference of management and all changes in the teaching staff will be forthwith reported to the Syndicate."

General.

It is necessary to draw the attention of the Syndicate to the letter of the Director of Public Instruction, dated August 27, 1915, in which it is stated that "Government have sanctioned the establishment of a second-grade college to be ceded districts at Anantapur for a period of two years with effect from July, 1916." There appears to be no provision in the Act or in the Regulations for temporary or experimental affiliation such as seems to be here implied. On the other hand, both the Act and the Regulations seem undoubtedly to require guarantees of "continued maintenance" as an essential condition of affiliation; and unless such guarantees are given, we do not think the Senate can be advised to approve the affiliation. If, however, assurance is given that Government has every intention to maintain the Anantapur College as a preliminary institution, and if at the same time the authorities express their willingness to supply such deficiencies as have been mentioned in this report, we are satisfied that the Senate may be recommended to record its opinion that the application for affiliation may be granted.

Letter No. 7283, dated September 15, 1916, from the Manager-in-charge, Office of the Registrar, University of Madras, to the Director of Public Instruction, Madras.

With reference to correspondence ending with this office endorsement No. 6420, dated August 14, 1916, on the subject of your application for the affiliation of the proposed Government College at Anantapur in Group iii of the Intermediate Course, I have the honour, by direction of the Syndicate, to refer to you for favour of very early remarks the accompanying report of local inquiry conducted by the Inspection Commission recommending that the affiliation be granted on certain conditions.

Letter No. 3322 of 1914, dated September 16, 1916, from the Hon'ble Mr. J. H. Stone, M.A., F.R.H.S., C.I.E., Director of Public Instruction, Madras, to the Registrar, University of Madras.

With reference to your letter No. 7283, dated 15th instant regarding the affiliation of the ceded districts college working at Anantapur in Group iii of the Intermediate Course, I have the honour to inform you that the conditions of affiliation suggested by the Commission appointed to hold the local inquiry are accepted subject to the following remarks:—

(1) The statement in Mr. Duncan's letter R.C. No. 3322 of 1914, dated August 27, 1915, that Government had established the college for two years was irrelevant. Affiliation is sought not for any term of years.

(2) Government have promised a college for the ceded districts and it may be taken that there is no intention to close the college established in redemption of that promise, while Government remained convinced of its utility.

The Syndicate considered the above communication together with the whole correspondence in circulation on September 18, 1916, and resolved to recommend the Senate to record its opinion that the application for affiliation may be granted by the Government.
