PUBLIC WORKS DEPARTMENT

C. No. 2410 A. D.

To DATE 30.10.1916

The Chief Engineer and Joint Secretary to Government

Public Works Department, Chepauk,

Madras.

Honoured Sir,

With due respect and humble submission I beg to apply for a permanent exemption from the Lower Subordinate test of the College of Engineering with a view to secure employment in departments where it is prescribed as the qualifying test, especially in the P.W.D., ^{under} ~~at~~ the circumstances set forth below :-

2. I have studied up to the Matriculation standard and have passed the Lower Secondary Examination in 1902.

3. I have passed the following Government Technical Examinations :-

Surveying and Levelling (Intermediate Grade) ✓

Building Drawing and Estimating do. ✓

Building Materials and Construction do. ✓

Earthwork and Road Making do. (First Class)

Bridge Work and Mensuration (Elementary Grade)

and have also secured the Group certificate in Surveying and Levelling.

4. I also underwent three (3) years' theoretical and practical course in Civil Engineering in the P.T. Lee Chengalwaraya Naicker Technical and Industrial Institute, Madras and was granted diploma in 1912 in the following subjects :-

- (1) Surveying and Levelling ✓
- (2) Building Drawing and Estimating .
- (3) Building Materials and Construction
- (4) Earthwork and Roadmaking
- (5) Applied Mechanics
- (6) Mensuration.

*cf. the Technical
qualifications
mentioned in the
912d. d. 31.1.16
- p. 3 at ①*

*See
2410/31/16*

5. A comparison of the subjects mentioned in paras 3 & 4 above with the subjects taught in the Lower Subordinate classes of the College of Engineering will show that I am not wanting in the knowledge possessed by a passed Lower Subordinate.

6. On 4th March 1913 I was entertained as acting Minor Irrigation Sub Overseer in the Chingleput District for a period of 3 years. Owing to the fact that I have not passed the Lower Subordinate Examination I am unable to secure any permanent appointment. Even if I am fortunate enough to secure a temporary appointment it would be only for a short period and I will have to wait long before another such chance is offered.

7. In view of the educational and technical qualifications possessed by me and the practical experience gained by me in Government service and considering the hardships to which I am now put in securing employment in spite of these qualifications, for want of a Lower Subordinate certificate, and seeing that many others who possess more or less these qualifications but not the experience in Government service have been granted permanent exemptions, I beg you to be kindly pleased to move Government that I may be permanently exempted from the Lower Subordinate Test of the College of Engineering.

8. I have enclosed herewith a detailed statement of the Technical examinations mentioned in para 3 above and also copies of certificates ~~to~~ ^{my} testify to my conduct, ~~and~~ studies and service.

I beg to remain,
Honoured Sir,
Your most obedient servant,

C. P. Rufus.

Chinglepat District
Collector's Office,
Saidapet 1.9.4.15

The Collector is glad to notice that in this year the district of Chinglepat occupies the second place in expenditure of Minor Irrigation money, of all the districts in the Presidency which have an allotment of Rs. 40000 and upwards. This is fairly satisfactory result but we must not be content with a second place & if possible we must endeavour to overtake North Arcot. The ideal of every Minor Irrigation officer ought to be to spend the full allotment before the tank become so full as to present work, and the Collector confidently appeal to their enthusiasm and sense of duty to endeavour to achieve this result. He should remind all Minor Irrigation Officers that "where there is a will there is a way."
