Building grant

Sanctioning a grant of Rs. 13,000 towards the cost of constructing a hostel for the Tirukattupalli high school, Tanjore district.

GOVERNMENT OF MADRAS
HOME DEPARTMENT
(Education)

READ—the following papers :—

I

Letter—from Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.
To—the Secretary to Government, Home (Education) Department.
Dated—Madras, the 1st November 1916.
No.—Ref. on Cur. 8898.

I have the honour to submit herewith the plans bearing Nos. 192 (a) and 192 (b) with estimates amounting to Rs. 26,000 for the construction of a hostel in connection with the Tirukkattupalli high school and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned to be paid when funds become available. The necessity for a hostel is explained in page 5 of the enclosed application.

2. The correspondent has been asked to send two more copies of each of the plans and they will be submitted on receipt.

II

**Note by the Chief Engineer, Public Works Department, No. 7938C,
dated 2nd December 1916.**

The Director of Public Instruction submits two plans bearing D.P.I. Nos. 192 (a) and 192 (b) and a detailed estimate amounting to Rs. 26,000 for a grant-in-aid towards the cost of constructing a hostel in connection with the high school at Tirukkattupalli, Tanjore district.

2. The plans and the estimate have been scrutinized in the Chief Engineer's office and the following alterations carried out :—

- (1) Altering, where necessary, the sizes of rolled steel girders and floor and roof timbers as figured in green on the plans and estimates.
- (2) Providing teakwood for roof trusses instead of Pillaimarudu wood.
- (3) Making provision for king posts of trusses which are omitted in the estimate.
- (4) Making provision for a second collar piece required to tie the feet of rafters supporting the roofs of store and kitchen.
- (5) Omitting cement concrete for floors as it is considered that the lime concrete provided in the estimate is sufficient.

The total amount of the estimate remains unaffected by these alterations.

3. According to the arrangement of the stair shown on D.P.I. No. 192 (b), the headway under the landing is insufficient. A satisfactory arrangement would be as shown on the flap C.A. No. 235/1916.

4. The style of architecture adopted for the front projection does not agree with that of the rest of the building, and the abutments at the ends are not strong enough to counteract the thrusts of the arches. Moreover, the verandah in front of the staircase is unnecessary. It is therefore recommended that the improvements shown on the flap C.A. No. 235/1916 may be adopted.

5. A plan of the first floor showing the arrangement of rooms and other details has not been submitted.

6. The Superintending Engineer should satisfy himself as to the suitability of the foundations.

7. With these remarks, the plans and the estimate as altered in the Chief Engineer's office, the latter amounting to Rs. 26,000, are recommended for approval.

S. B. MURRAY,
Chief Engineer, Public Works Department.

Order—No. 1304, Home (Education), dated 6th December 1916.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure, nor Rs. 13,000, towards the cost of constructing a hostel for the Tirukkattupalli high school, Tanjore district, subject to the following conditions :—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note, dated the 2nd December 1916, are adopted ; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

3. The Director of Public Instruction will be requested to obtain and forward to the Chief Engineer direct two copies of the plans now submitted and three copies of the plan referred to in paragraph 5 of the Chief Engineer's note read above.
