From (Name) The hon. Mr. J. H. Stone, M.A., C.I., E.F., S.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
EDUCATIONAL Department.

Sir,

I have the honour to state that the total amount
required for the payment of teaching grants to elementary schools
for boys and girls during the current year as reported by the
inspecting officers is approximately Rs. 16,68,000/-. There is
only a budget provision of Rs. 12,55,000/- under teaching grants
to elementary schools and a further sum of about Rs. 59,000/-
will be available under Grants-in-Aid to Elementary Schools pro-
vided in the budgets of certain Municipalities during the current
year. An additional amount of Rs. 54,000/- is therefore required
during the current year to pay the grants in full as recommended

by

- 12,55,000

by the inspecting Officers. I have the honour to request that an additional allotment of Rs. 54,000/- may be sanctioned under 'Teaching Grants to Elementary Schools' during the current year from the funds at the disposal of Government. If it is not possible to give any additional amount the inspecting Officers will be asked to cut down their assignments to the amount available, though such a reduction would no doubt cause grave dissatisfaction among school managers and teachers, especially in view of the fact that inspecting officers have already been directed to scrutinize carefully all proposals for awards of teaching grants in excess of the normal before accepting them, and that the amounts now assigned appear to be the minimum that is consistent with a due regard to the application of the rules and principles under which aid is given to elementary schools.

2. The amount required for next year under this head of expenditure has been estimated at Rs. 15.68 lakhs, but the present figures would appear to indicate that this is an under-estimate. If the additional amount now asked for is sanctioned, it may be expected that this time next year I shall have to ask for a similar increased provision.

3. In this connection I beg to state that I have asked the inspecting Officers to assign teaching grants to the elementary schools under the control of the hostile alien missions as usual but to withhold issuing bills for the current year to these schools pending further orders.

4. I request the favour of very early orders on this reference as the assignments of grants can be fixed finally only after knowing what amount will be available for payment during

For the additional amount under teaching grants to elementary schools required during the current year I should very much prefer that the amount be found from funds outside the Educational budget. If this is impossible your suggestion is accepted. I however note that a reduction of 54 lakhs can be more readily made in the revised estimate under Hostels than under Buildings.

OFFICE NOTE.

SUBJECT: Additional allotment for payment of teaching grants.

From the S.P.D. Res. No. 16 of the 3rd February 1916.

Register No. 467.

The S.P.D. asks for an additional allotment of Rs. 54,000 required during the current year to pay teaching grants in full to elementary schools.

2. The principle of paying these grants in full has been discussed before and accepted and additional allotments were sanctioned to supplement the budget provisions of 1913-14 and 1914-15 - vide G.O. Nos. 941 Ed., 11-8-14 and 1471 Ed., 23-12-14 and pages 414, 415 & 422 of the budget notes for 1915-16. There appears to be no objection to the Director's present application for the additional allotment, ^{and} if the Financial Department may be requested up to allot the additional amount required.

3. With reference to para. 2 of the Director's letter, it is doubtful whether the Financial Dept. will agree to raise the ^{next} year's budget provision under this head by Rs. 80 lakhs now. If this is not possible, the question can be examined.

Since the question of placing the hostile mission schools under the management of certain Committees proposed by the Missionary Educational Council of South India and ^{that} of the restoration of their aid and recognition, are separately under consideration, the course detailed in para. 3 of the Director's letter is also unobjectionable. No specific orders are needed on these two points now.

H-4-6 CF Telephonic Message to the D.P.I. dated 5-2-16
H-7-SCF. " " from the D.P.I. dated 5-2-16

The budget provision for the current year (1915-16) under the head 22 - G. EDUCATION - GRANTS - IN-AID - Teaching grants to elementary schools for boys and girls is 15.55 lakhs (page 136 C.B.F.) and this figure has been repeated for the revised estimate for 1915-16. The D.P.I. now reports (para 1 on pp. 1-2 C.F.) that a total grant of (16.68 — .59 or) 16.09 lakhs will be required in 1915-16 to pay the grants in full as recommended by the Inspecting officers and applies for an additional allotment of (16.09 — 15.55 or) .54 lakh. The D.P.I. adds that if it is not possible to give any additional amount, the Inspecting officers will be asked to cut down their assignments to the amount available though such a reduction would no doubt cause grave dissatisfaction among school managers and teachers. (page 2 C.F.)

2. Attention is solicited to the Financial H.M's note dated 11th December 1914 on page 422 of Budget

H Notes for 1915-16 in which he remarked:—

"I am decidedly of opinion that we ought to pay grants in full, for to refuse to do so is something very like a breach of faith - and a breach of faith with men of very small means."

This sum of .59 lakh is available from municipal funds.

3. In these circumstances, it is submitted that the additional allotment of .54 lakh applied for in the current year should apparently be sanctioned. If so, this sum can be met by reappropriation from the sanctioned grant for 'Hostels' under the minor head 22 EDUCATION - Grants in aid (page 136 C.B.E.) - Vide portion K of the D.P.I.'s telephonic message on page 7 of C.F. -, so that the total figure already entered in the revised estimate for 1915-16 under 22 - EDUCATION may remain unaltered.

4. The Budget for 1916-17 under Teaching grant to Elementary Schools for boys and girls has been fixed at 15.88 lakhs (page 136 C.B.E.). Please see para 2 ~~xxx~~ of D.P.I.'s letter on page 2 C.F. in which he remarks that this time next year he will ask Government for an increased allotment for 1916-17. It is submitted that the Budget figure for next year may now be increased to at least 16.09 lakhs - (the revised estimate figure for the current year including the additional allotment of .54 lakh now to be sanctioned). This increase may, it is submitted, be made in the C.B.E. for 1916-17 by making a corresponding reduction in the next year's budget provision

1.24 lakhs for Furniture etc. grants (page 136 C.B.E.)

- ^{also} Vide pages 5+8 C.F.

5. In this connection, it is submitted that the D.P.I. always addresses Government in regard to additional allotments under teaching grants in the middle of February, after the 2nd edition of the budget ~~xxxx~~ is forwarded to the Government of India - c.f. G.O. No. 237, Educational, dated the 26th February 1914 and the Current File. The D. P. I. also contemplates adopting the same procedure in future years ~~as well~~ - Vide para 2 on page 2 C.F. For orders whether the Educational Department may be requested to ask the D.P.I. to make some special arrangements in order that such communications may be addressed to the Government before the 15th of December every year.

6. A draft telephonic message to the Accountant-General is submitted for approval asking him to carry out the alterations in the Revised estimate for 1915-16 and the Budget ~~xxxxxx~~ estimate for 1916-17, referred to in paragraphs 3 and 4 above.

After the telephonic message is issued, the case may be returned to Educational for the issue of

necessary orders transferring a sum of .54 lakh in the current year from the sub-head 'Hostels' to the sub-head ~~Exams~~ 'Teaching grants to Elementary Schools for boys and girls'. The order will, on receipt in Financial, be communicated to the Accountant-General by Endorsement.

7-2-16. C. S. will remember that we gave the D.P.I. .75 lakh more this year and 1 lakh more next year than what ~~was~~ we originally provided. I therefore telephoned to him inquiring whether the addition of .54 lakh that he wants could not be met by readjustment. The D.P.I. has agreed though with some reluctance I think we may adopt this course. It leaves our budget figures unaltered, and it will not be necessary to refer for the alterations at the last moment to India.

The draft is for approval.

In his letter read above the D. P. J. anticipates an expenditure of 54 lakhs in excess of the provision of 15.55 lakhs made in the budget estimate for the current year under the head 22-G-Education - Grants-in-aid - Teaching grants to elementary schools for boys and girls, with a view to the payment of teaching grants in full, and applies for an additional allotment of that amount. The Govt. ~~Minister~~ considers that it will be sufficient to ^{(surrender the} transfer ^{of} a sum of 54 lakhs from

from the provision made in the current year under the sub-head 'Hostels' to the sub-head 'Teaching grants to elementary schools for boys and girls'.
