making conducted by Mr. Fressler are embodied
in the bulletin issued by him. Attention is
Q.36. Will the Government be pleased to
also solicited to the Hon'ble Mr. Coughman
state what progress has been made for the
note on pages 3 to 5 of S.O. No. 963, dated the
development of glass industry in this
18th September 1916. new and improved
presidency?

A furnace has been designed and certain
deductions have also been obtained as to the
proportion of the various ingredients to be used
the manufacture of the different kinds of
glass. The papers in the linked file contain
proposals to demonstrate the possibility of
the manufacture of glass on a commercial scale.
The following draft answer is submitted for
approval:-

- * The Government have acquired the ^(defunct) glass
- * factory on the marina and ~~WMA~~ experiments
- * in the manufacture of glass have been conducted
- * for some months. A new and improved furnace
- * has been designed and brought into use. Certain
- * deductions have also been obtained as to the
- * proportion of the various ingredients to be
- * used in the manufacture of the different kinds
- * of glass. Proposals to demonstrate the possi-
- * bility of the manufacture of glass on a ~~WMA~~
- * commercial scale have been submitted to
- * Government and are under consideration.

 the draft answer

R

31.10.16

Orders sanctioning the proposals for the further
 conduct of the glass experiments have just issued
 in G.O.No. 1148 Home (Education), dated the 2nd Novem-
 ber 1916. The following revised draft answer is
 submitted for approval:-

"The Government have acquired the defunct glass
 factory ^{in Madras} ~~the~~ and experiments in the manufac-
 ture of glass have been conducted for some months. A
 new and improved furnace has been designed and --
 brought into use. Certain deductions have also been
 obtained as to the proportion of the various ingre-
 dients to be used in the manufacture of the different
 kinds of glass. The government have sanctioned --
~~the continuation of further~~ experiments
^{with a view} to ascertain whether the manufacture of ~~the~~ glass
