In their order No.793 Educational, dated 19th July 1915 Government sanctioned the proposal to admit in July 1915 a fresh batch of students in the temporary Elementary Training School for Muhammadans at Guntur and to continue the school during 1916-17.

The above sanction will expire by the 31st March next and the Inspector of European and Training Schools proposes late in the year the further continuance of the school in view to the admission this year of another batch of students for training. In the Director's letter R.C.No.7988 of 1913, dated 12th May 1914, read in G.O.No.736 Educational, dated 23rd June 1914, the number of untrained Muhammadan teachers employed in the schools in the three Muhammadan ranges

to the north of Madras was estimated at 108 and taking into ---- account the number already admitted for training, viz, 58, it will be noticed that arrangements should be ^{made} for training the remaining 50 teachers as well as the unqualified teachers, if any, that may have been employed in the Muhammadan schools started subsequent to the year 1914. The Inspector of European and Training Schools --- reports that an additional batch of 30 students are likely to be forthcoming for training and I have accordingly the honour to request that you will be so good as to obtain the sanction of --- Government for the admission of a fresh batch of students and for the continuance of the school till the 30th September 1918. Should the above proposal meet with the approval of Government, it is proposed to admit the additional batch of students in January next and let them undergo training for the usual period of 21 months so that on the completion of their course in September 1918 they may appear for a special examination for Teachers' Certificates which can be easily arranged for by the Inspector of European and Training Schools.

2. I further beg to request that sanction may be accorded to the employment for a period of four months from the 1st January next of an additional teacher on Rs.40 per mensem, since the present staff of two teachers, one on Rs.75 and the other on Rs.40, excluding the combined Drawing and Drill Instructor on Rs.30 will not be able to cope with the work of two classes (second year elementary and 1st year elementary).

3. The extra expenditure of Rs.710/- involved by the proposal during the current year can be met from the unspent balance in the provision of Rs.10,000 made for the opening of additional training schools for mistresses. Provision for the charge relating to the ensuing official year has been made in the Civil Budget Estimate now under the consideration of Government.

I have the honour to be,
S i r,
Your most obedient servant.

2. The present establishment of the school consists of one teacher on Rs.75/- one on Rs.40/- one drawing and drill Instructor on Rs.30/- and one Peon on Rs.8/-.

3. The proposed expenditure is not immediately remunerative and it is for Government to decide whether it is of imperative and immediate necessity; Vide Madras Government Confidential Memorandum No.8349-1-Financial, dated 28th December 1915.

4. The re-appropriation proposed requires the sanction of Government.

OFFICE NOTE.

SUBJECT. Further retention of the
Govt elementary training
school for muhammadans,
From Guntur.

From the D.P.I., R.O.C No. 6916/18 Reg. No. 4170.

The proposal of the D.P.I. to admit a fresh ^(batch) of students in the training school for muhammadans at Guntur & to continue the school till the 30th September 1918 may be approved.

2. ~~With regard to~~ The first batch of students admitted into the school in 1914 finished their course in April 1916. The second batch admitted in 1915 will finish their course in April 1917. The batch now proposed to be admitted will finish it in September 1918. From January ~~1917~~ to April 1917 there will be two batches under

training simultaneously. The D.P.I states that the present staff of 1 headmaster on Rs 75 per mensem + one assistant on Rs 40 will not be able to cope with the work in the two classes & hence requests sanction for the employment of ~~an~~ another assistant on Rs 40 for the period, January to April. When two batches were similarly under training during the months, July 1915 to April 1916, the Director did not ask for an additional assistant. But in view of the fact that the other lower elementary training schools in the Presidency have a staff of one headmaster + two assistants the ~~the~~ present proposal of the Director need not, it is submitted, be objected to. A draft order is placed below. It may be sent to Govt. for acceptance

It would probably have been better to have
two teachers (one is taught) in the period referred
to at K. They somehow managed
without and the experience of the difficulty
of doing so is one ground for the present ap-
plication. The undersigned is connected
and I discussed it with the headmaster who
convinced of its necessity.

For the Asst Secretary.

The existing sanction for the continuance of the temporary lower elementary training school for Mohammedans at Guntur expires on 31. 3. 17. The present proposals for the admission of a fresh batch of students for training with effect from 1. 1. 17 and for the continuance of the school up to 30. 9. 18, involves a total extra cost of Rs 10,339 as shown below:—

Total = 710 + 6038 + 3591 or Rs 10,339 (exclusive of charges on account of travelling allowance)

The proposed expenditure is apparently one of imperative and immediate necessity though the ^{Home} (Educational) dept have not made a definite statement to that effect.

2. The extra cost shown above could be reduced by Rs 160, if the temporary teacher on Rs 40 ^{for 4 months were} was not necessary. cf portion K on page 2 ante. As the Director of Public Instruction and Home (Ed), however, considers the employment of ^{that} teacher necessary, submitted that this department need not raise any objection.

3. Provision of Funds.

1916-17 The Director of Public Instruction has pointed out the source.
