Simla, the 16 October 1916.

From

The Hon'ble Sir E.D. MacLagan, K.C.I.E., C.S.I.,
Secretary to the Government of India.

To

The Secretary to the Government of Madras,
Educational Department.

Sir,

The Government of India have been approached with regard to the advisability of addressing the Right Honourable the Secretary of State for India with a view to the recognition by the General Medical Council of the United Kingdom of the European High School examination of the Madras Educational Department in connection with the registration in the United Kingdom of medical pupils. I am directed to request that, in order to enable them to form an opinion on the question, the Government of India may be supplied with the views of the Governor in Council and informed whether the Syndicate of the Madras University ordinarily accepts the High School examination as equivalent to its Matriculation which is one of the examinations recognised by the General Medical Council, and also whether the Syndicate ever accords similar recognition to the Cambridge Senior Local when passed in India; it is understood they accept the latter examination as equivalent to Matriculation when it is passed at centres outside India and Ceylon.

I have the honour to be,

Sir,

Your most obedient servant,

E. D. MacLagan

Secretary to the Government of India.
