Educational Department.

79. In view of the pressing need for trained Uriya teachers due to the want of training facilities in Ganjam, will the Government be pleased to ask the Educational Department to arrange this year for the admission of a batch of Uriya School Final candidates into the Training School Rajahmundry?

## Educational Department

The Additional Member assumes that there is a pressing need for trained (secondary grade) Uruja teachers. There appears, however, to be no definite authority for this assumption. As a matter of fact the question of opening a secondary training class for Urujas was considered in 1914, but dropped, as there was no likelihood of any suitable number of candidates coming up for such training - para. 2 of D.P.J.'s letter on page 2 of Lys no 825 Ell., dated the 14<sup>th</sup> July 1914. Recently, however, in connection with the general question of the improvement of Uruja education the Director has expressed himself in favour of the ~~Director's~~ suggestion of the Inspector of Schools, 1<sup>st</sup> Circle, to open a secondary training class for Urujas in the East Training School at Berhampur. He has asked the Inspector to formulate proposals accordingly and these are awaited. The Additional Member ~~may perhaps be supplied with these~~ ~~information~~. It may be noted that the ~~Additional~~ Member has separately asked a question whether the incomplete training schools at Berhampur and Chicacole will be raised to the secondary grade and ~~that~~ it is proposed to tell him that the question of opening a secondary training class in the ~~institute~~ at Berhampur

is under consideration.

2. As regards the specific suggestion that arrangements should be made this year for the admission of a batch of Uruja School final candidates into the Training School at Rajahmundry, it is submitted that this school trains <sup>(in classes consisting of Telugu and English)</sup> only Telugu teachers and that it is doubtful whether there will be any real use in training <sup>therein</sup> Uruja teachers <sup>who cannot</sup> adopt Telugu as the medium of instruction. ~~as that is not the case.~~ If it is considered that in the absence of a better provision, this training at least is worth having, there seems to be no special prohibition against the admission of Uruja teachers in the Rajahmundry School; nor is there any information that these teachers were refused admission when they sought for it. In these circumstances there appears to be no need for the issue of any special orders to admit Uruja teachers in the Rajahmundry training school.

It is for consideration whether the following answer may be given with the concurrence of the S.P.D.

"The question of opening a Secondary training ~~school~~ class for Urujas
