Please see also
telephonic message
below from the D.P.I.'s
Office.

In his letter on page 1 of L.O. No 954 E.
of the 31st August 1915, the D.P.I. has reported
that he was placing orders with firms in Eng-
land for the supply of Science Apparatus and
Chemicals etc. ^{required for the Ceded Districts' College.} and that he requested them to
deliver the goods at Anantapur in April 1916.
As the orders were placed directly with the
manufacturers in England and not through
the India Office, it is submitted that the
Director may himself send a cable, if
necessary, to expedite their supply in due
time.

Submitted to the Secretary for
perusal with reference to the Stone's
interview with the Secretary on Friday last.
The Cable to the manufacturers will
have to be sent from the D.P.I.'s Office.

It appears that the rules do not
authorise me to cable to England.
It would certainly be convenient to
know when we may expect the apparatus & books
on order.

I place below a list of the firms which
are supplying it, with reference to.

As the indentments were sent by the D.P.D. direct to the makers and as the names of the firms with whom the orders were placed and other particulars relating to them were not known here, it was thought that the Director might himself send the cable direct, the charges being subsequently admitted by the Govt. under article 278 A of the Civil Accounts Code ~~under~~ ^{vide} ~~the~~ ^{the} Note 1 to item 130 A on page 108 of the Madras Treasury Manual Vol. II. To avoid further delay the cablegrams may now be sent by Govt. to the firms, particulars of which have now been furnished by the D.P.D. The draft submitted below is for approval.
